

2021-2022 Season ACST Competitive Team

Welcome to Avon Community Swim Team's 2021-2022 season. This packet contains important information regarding;

- Fees and Payment Plans
- Family Commitments and Donation Requirements

USA Swimming Registration Fee

This will be included within club registration fees and will be billed at time of registration. 2021/2022 USA Swimming registration is valid through Long Course 2022 (July).

ANNUAL Membership Fees (covers coaching, pool rental, and lifeguard costs)

Our annual membership fees vary by group and are non-refundable, however, new members are granted a two-week trial period. During that trial period the swimmer must pay the \$10 fee for insurance (if this fee has not already been paid within the calendar year) to cover the swimmer should an accident occur. If at the end of the trial period, you would like to terminate your relationship with ACST, you may do so by contacting the club treasurer with a formal request via email.

Annual membership fees cover both short course and long course, and can be split into monthly payments as a convenience to our members. All families who commit to swim are obligated to pay any remaining fees if swimmer(s) terminates their relationship with the club prior to July 31, 2022.

Medical leave of absence is the only exception to this policy. Proper documentation (Doctor's note) must be presented to the Board of Directors. Any other requests to terminate your relationship with ACST will be evaluated on an individual basis by the board of directors.

Team Uniform

ACST recommends all swimmers compete in ACST competitive gear. This includes an ACST swimsuit, team shirt and ACST swim cap.

Team Suits

ACST is a Speedo sponsored club. Team suits must be a Black Speedo Endurance.

Team Caps

One latex ACST cap is included within the registration fee. Silicone upgrades are available for a \$5 charge. Replacement latex caps are \$5 and silicone caps are available for \$10. Requests can be made to the coaches throughout the season and the cost of the cap will be charged to the next monthly bill.

2021-2022 Season ACST Competitive Team

Team Vendors

Elsmore Swim - Elsmoreswim.com

SwimOutlet - Swimoutlet.com/acstswim

We will periodically coordinate group orders with our vendor for suits and other team gear. If ordered separately outside of group order, logo pressing is an additional \$5.00. If you choose not to wear ACST team suits, a plain black suit is required for competition. Tech suits are only worn upon approval by swimmer's coach for specific meets.

Meet Fees

Families are responsible for paying the entry fees to all competitions in which their swimmer(s) is entered once the meet registration deadline has passed. These fees vary depending on the type of competition and the number of entered events. Fees generally range from \$30-\$50 per meet. Meet fees are automatically charged to the monthly invoice. Because our club is responsible for all fees incurred for committed athletes, once the meet deadline has passed, no credit will be issued should your athlete be unable to compete due to illness or other circumstances.

For swimmers to be eligible for meet participation, accounts must be no more than 30 days overdue-no exceptions. Meet fees generated on athletes ineligible due to past due accounts are still the responsibility of the family and will be billed accordingly.

Registration

At registration, 1 month's coaching fee (first installment of the 8 month payment plan for Silver - Senior) and the club registration fee of \$90 as well any outstanding balances will be due no later than **August 31, 2021**. It is the family's responsibility to check any outstanding balances. All registration will be done online via the club website and will be open in July. There will be no billing in September and will resume in October for remaining payments.

By participating in practices and/or stroke clinics following the Short Course start date, returning athletes have declared their intent to swim during the 2021/2022 season and therefore will be responsible for all seasonal registration and coaching fees.

Returning swimmers registered after the August 31th deadline will incur a nonrefundable \$50.00 late registration fee.

Payment methods

Families are required to place a credit card file when registering (this is a team unify requirement). A \$5.00 flat rate surcharge will apply for all credit card transactions. Any surcharge amount billed by the

2021-2022 Season ACST Competitive Team

credit card company over \$5.00 will be the responsibility of ACST. ACH transactions can be added after registration at any time and will incur a transaction fee of \$1.25 which is covered by ACST.

Should your transaction be rejected, you will have until the first of the following month to rectify the situation. All credit card, bank and system fees incurred from rejected payments are the responsibility of the account holder. Any account balances past 60 days will incur a \$25 late fee per month. Accounts past 60 days will restrict the swimmer's ability to practice or participate in club activities and meets.

Account Credits

Referral Credit

ACST is always looking for new swimmers to become a part of our program. Our club families are our most effective form of advertisement in getting the word out to the community.

Any competitive family that refers a new family to our program (full month competitive or developmental) will receive a \$25 credit to their account on the next billing cycle. Referring family must be listed at time of registration to receive credit, (one credit per referred family regardless of number of swimmers). For more information please see a board member.

USA Swimming Officials Credit

An excellent way to earn volunteer hours is to work as an official at our hosted meets. ACST is always looking to train new USA Swimming officials. Becoming an official can earn account credits: A \$100 credit for every year you renew your credentials. Plus we cover the costs of obtaining the certifications. Officials training sessions are held periodically. If you are interested in becoming an official please contact a board member.

Team Support Credits

Families who work 10 or more sessions during **AquaSprints** will be given a \$100 credit on the following month's membership fees.

Club Support

These may include but are not limited to Kroger Community Rewards & Amazon Smile. Information on these programs is posted on our website or you may contact a board member for details.

*Please note, credits distributed by the club will not be issued to the account holder in the form of a refund or cash payout at any time. A credit will be added to your account to be used toward account fees only. If the account holder should terminate their enrollment, these funds will remain with ACST.
