Be Our Sponsor for 2018-2019

You are invited to be a part of something GREAT within our community, which also gives you strong advertising value. Boilermaker Aquatics is a tremendously popular swim team in the Lafayette area, with over 200 current swimmers. We are a non-profit organization, with our swimmer's dues being the main source of our income. We are a professionally coached, competitive swim team that is focused on developing competitive swimmers from ages 4-19. We aim for a fun environment for youth to learn and succeed at the life long skill of swimming. In addition, we teach many positive life long skills including discipline, competitiveness, teamwork and responsibility. We host several sanctioned swim meets throughout the year, which gives our swim team an opportunity to advance in their swimming goals as well as giving our club the platform to host many other teams from around the state. In 2018-2019, we will be hosting three very large swim meets at the Purdue University Aquatic Center. This is a tremendous honor for Boilermaker Aquatics as a swim club, as we pride ourselves on running great meets. Now, that's where you come in! The sponsorship levels available for Boilermaker Aquatics can allow your business to come into contact with hundreds of families from around the area with signage and announcements made at the meets just to name a few things. Please take a moment to look over the information below. We value you as a sponsorship partner, and aim to add value back to your business. Thank you in advance for your consideration and support!
