FAST Policy Handbook

There are a lot of great reasons to swim – at any level. As a life-long activity, people often swim to have fun and spend time with friends. Swimming also encourages a healthy lifestyle and builds self-confidence. Swimmers even benefit from the sport out of the water. They learn goal-setting, teamwork and time management skills.

Unfortunately, sports, including swimming, can also be a high-risk environment for misconduct, including physical and sexual abuse. **All forms of misconduct are intolerable and in direct conflict with the values of USA Swimming.**

Misconduct may damage an athlete’s psychological well-being. Athletes who have been mistreated experience social embarrassment, emotional turmoil, psychological scars, loss of self-esteem and negative impacts on their relationships with family, friends and the sport. Misconduct often hurts an athlete’s competitive performance and may cause him or her to drop out of our sport entirely.

USA Swimming is committed to fostering a fun, healthy and safe sport environment for all its members. We all must recognize that the safety of swimmers lies with all those involved in the sport and is not the sole responsibility of any one person at the club, LSC, or national level.

USA Swimming and the Fishers Area Swimming Tigers are committed to safeguarding all our members with the welfare of its athlete members as top priority.

USA Swimming Athlete Protection Policies

Article 305: Athlete Protection Policies

The following policies related to Athlete Protection are mandatory components of the USA Swimming Code of Conduct:

305.1: Inappropriate touching between an athlete and an adult non-athlete member or Participating Non-Member (as defined in 401.1) is prohibited, including, but not limited to, excessive touching, hugging, kissing, sexually oriented behavior, sexually stimulating or otherwise inappropriate games, and having an athlete sit on a non-family member adult’s lap.

305.2: Any rubdown or massage performed on an athlete by any adult member or Participating Non-Member, excluding the spouse, parent, guardian, sibling, or personal assistant of such athlete, is prohibited unless such adult is a licensed massage therapist or other certified professional.

FAST Policy Handbook

Any rubdown or massage performed at a swim venue by a licensed professional must be conducted in open/public locations and must never be done with only the athlete and licensed massage therapist in the room. Even if a coach is a licensed massage therapist, the coach shall not perform a rubdown or massage of an athlete under any circumstances.

305.3: Use of audio or visual recording devices, including a cell phone camera, is not allowed in changing areas, rest rooms or locker rooms.

305.4: Employees and volunteers of USA Swimming, Zones, LSCs and member clubs who interact directly and frequently with athletes as a regular part of their duties and individuals with any ownership interest in a member club must be non-athlete members of USA Swimming and satisfactorily complete criminal background checks as required by USA Swimming. This does not apply to volunteers such as timers, marshals, computer operators, etc. who only have limited contact with athletes during a meet. Any individual who is banned, currently suspended or ineligible for membership is prohibited from serving as a timer, marshal, or computer operator, or otherwise being on deck at any time in connection with a USA Swimming activity.

305.5: Travel Policies

1. Regardless of gender, a coach shall not share a hotel room or other sleeping arrangement with an athlete unless the coach is the parent, guardian, sibling, or spouse of that particular athlete.
2. Team managers and chaperones must be members of USA Swimming and have successfully passed a USA Swimming-required criminal background check.
3. When only one athlete and one coach travel to a competition, the athlete must have his/her parent's (or legal guardian's) written permission in advance to travel alone with the coach.
4. Clubs and LSCs shall develop their own travel policies. USA Swimming will provide a model club travel policy as an example. Club travel policies must be signed and agreed to by all athletes, parents, coaches and other adults traveling with the club.

305.6: Clubs shall establish their own action plans for implementing USA Swimming's anti-bullying policy. USA Swimming shall provide a model plan as an example which shall serve as the default for any club that fails to establish its own plan. Club anti-bullying plans must be reviewed and agreed to annually by all athletes, parents, coaches and other non-athlete members of the club.

FAST Policy Handbook

305.7: Clubs shall establish their own electronic communication/social media policy. USA Swimming shall provide a model policy as an example, which shall serve as the default for any club that fails to establish its own policy. Club electronic communication policies should be reviewed and agreed to annually by all athletes, parents, coaches and other non-athlete members of the club.

Article 306: Sexual Misconduct Reporting Requirements

306.1: It is every member's responsibility to promptly report any incident regarding sexual misconduct by a member as described in Article 304.3.7 to USA Swimming's Director of Safe Sport. Reporting must occur when an individual has firsthand knowledge of misconduct or where specific and credible information has been received from a victim or knowledgeable third party. Various state laws may also require reporting to law enforcement or to a designated child protection agency.

306.2: Filing a knowingly false allegation of sexual misconduct is prohibited and may violate state criminal law and civil defamation laws. Any person making a knowingly false allegation of sexual misconduct shall be subject to disciplinary action by USA Swimming.

306.3: Neither civil nor criminal statutes of limitation apply to reports of cases of sexual abuse.

Article 307: Prohibitions Against Retaliation for Good Faith Reporting of Abuse

307.1: No Member shall retaliate against any individual who has made a good faith report under 306.1 or 304.3.12.

307.2: For the purposes of 307.1, there shall be a rebuttable presumption that any adverse action regarding the employment, membership, or other material rights of an individual who has made a good faith report under 306.1 or 304.3.12 within 90 days of a report is retaliatory. An adverse action includes, without limitation: discharge or termination; demotion or reduction in compensation for services; or the removal of or from, or restrictions on, access to facilities, team activities or team membership privileges.

USA Swimming Best Practice Guidelines

All USA Swimming members are required to abide by the Code of Conduct. In addition to that Code, USA Swimming publishes the following Best Practice Guidelines. The Best Practice Guidelines below describe strategies for creating an open and observable environment and establishing clear boundaries between adults and athletes. Clubs are encouraged to use the Best Practice Guidelines to develop policies that can be implemented at the local level.

1. Parents should be encouraged to appropriately support their children's swimming experience.
2. All swimming practices should be open to observation by parents.
3. Two-deep Leadership: One coach member and at least one other adult who is not in the water should be present at all practices and other sanctioned club activities whenever at least one athlete is present. Clubs and coaches should evaluate their seasonal plans and map out how to best accomplish this strongly recommended guideline.
4. Open and Observable Environment: An open and observable environment should be maintained for all interactions between adults and athletes. Private, or one-on-one situations, should be avoided unless they are open and observable. Common sense should be used to move a meeting to an open and observable location if the meeting inadvertently begins in private.
5. Coaches should not invite or have an athlete(s) to their home without the permission of the athlete's parents (or legal guardian).
6. During team travel, when doing room checks, attending team meetings and/or other activities, two-deep leadership and open and observable environments should be maintained.
7. Athletes should not ride in a coach's vehicle without another adult present who is the same gender as the athlete unless prior parental permission is obtained.
8. During overnight team travel, if athletes are paired with other athletes they shall be of the same gender and should be a similar age. Where athletes are age 13 & over, chaperones and/or team managers would ideally stay in nearby rooms. When athletes are age 12 & under, a chaperone and/or team manager is permitted to share a room with two or more athletes. Where chaperones/team managers are staying in a room with athletes, they should be the same gender as the athlete and written consent should be given by the athlete's parents (or legal guardian).
9. When only one athlete and one coach travel to a competition, at the competition the coach and athlete should attempt to establish a "buddy" club to associate with during the competition and when away from the venue.
10. Communications between non-athlete adult members and athletes should not include any topic or language that is sexual or inappropriate in nature.

FAST Policy Handbook

11. Non-athlete adult members should respect the privacy of athletes in situations such as changing of clothes, showering, etc. Non-athlete adult members should protect their own privacy in similar situations.
12. Relationships of a peer-to-peer nature with any athletes should be avoided. For example, coaches should avoid sharing their own personal problems with athletes.
13. Coaches and other non-athlete adult members should avoid horseplay and roughhousing with athletes.
14. When a coach touches an athlete as part of instruction, the coach should do so in direct view of others and inform the athlete of what he/she is doing prior to the initial contact. Touching athletes should be minimized outside the boundaries of what is considered normal instruction. Appropriate interaction would include high fives, fist bumps, side-to-side hugs and handshakes.
15. Coaches should not initiate contact with or accept supervisory responsibility for athletes' outside club programs and activities.
16. Coaches should not engage in sexual intimacies with a former athlete for at least two (2) years after the cessation or termination of professional services. Because sexual intimacies with a former athlete are frequently harmful to the athlete, and because such intimacies undermine public confidence in the coaching profession and thereby deter the public's use of needed services, coaches should not engage in sexual intimacies with former athletes even after a two-year interval except in the most unusual circumstances. The coach who engages in such activity after two (2) years following cessation or termination of the coach-athlete relationship bears the burden of demonstrating that there has been no exploitation, in light of all relevant factors, including:
 - a. The amount of time that has passed since the coach-athlete relationship terminated;
 - b. The circumstances of termination;
 - c. The athlete's personal history;
 - d. The athlete's current mental status;
 - e. The likelihood of adverse impact on the athlete and others; and
 - f. Any statements or actions made by the coach during the course of the athlete-coach relationship suggesting or inviting the possibility of a post-termination sexual or romantic relationship with the athlete or coach.
 - g. Both the athlete and the coach must be 18 years of age or older.

FAST Policy Handbook

Athlete Code of Conduct and Activity Policy

The following code (along with the USA Swimming Code of Conduct) is in effect throughout the 2018-19 season and all activities contained within said season. Additionally, anyone, who acts in a manner that would interfere with the activity objectives listed below, will be subject to return home (**at the expense of the individual involved**) as well as other possible punishments including future status with the club. Note that ALL members involved with a team activity (Coaches, Athletes, and Chaperones) must be members in good-standing with USA Swimming.

1. All team members are expected to behave in an exemplary manner. The reputation of the Fishers Area Swimming Tigers, the coaching staff and athletes, is dependent on your behavior.
2. The coaching staff holds the final word on any rules, regulations, or disciplinary action throughout the team activity.
3. The consumption or usage of any illegal substance of any kind will not be allowed. In addition, any team member found or suspected to be in the presence of others (regardless of team/sport affiliation) partaking in any of the above activities will be subject to the same punishments and probable expulsion from the team.
4. At no time will male and female team members be alone in a non-public area of the opposite gender. The only exception would be if swimmers are in the presence of the coaching staff or chaperone while under two-deep direct supervision. This applies to ALL members of any team activity.
5. Regardless of gender, a coach or chaperone shall not share a hotel room or other sleeping arrangement with an athlete (unless the coach or chaperone is the parent, guardian, sibling or spouse of that particular athlete). If this occurs, and an additional athlete shares the room then all must be of the same gender. In addition, the additional athlete's parents must provide written consent.
6. No team meetings or activity may be missed. Be punctual to all meetings and activity times.
7. No team member may be out of his or her room after the assigned bedtime/curfew. Permission must be obtained from the Head Coach to leave the room past this time. The head coach will also establish a "lights out" time.
8. When visiting public places, athletes must stay in groups of no less than three persons.
9. Any damages or thievery incurred during any activity will be at the expense of the swimmer and further disciplinary action will be taken. No loud or boisterous behavior will be tolerated in public areas, and such behavior will be kept to a minimum.
10. All team members will be polite in public areas including restaurants. If applicable, leave a 15% tip. If there has been a problem with the service, see a member of the coaching staff.

FAST Policy Handbook

FAST Anti-Bullying Policy

Bullying of any kind is unacceptable at Fishers Area Swimming Tigers (FAST) and will not be tolerated. Bullying is counterproductive to team spirit and can be devastating to a victim. FAST is committed to providing a safe, caring and friendly environment for all our members. If bullying does occur, it will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to tell a coach, board member, staff member, or other trusted adult who can relay the situation appropriately.

Objectives of the FAST Bullying Policy and Action Plan:

- To make it clear that FAST will not tolerate bullying in any form.
- To define bullying and give all board members, coaches, parents and swimmers an understanding of what bullying is.
- To make it known to all parents, swimmers and coaching staff that there is a policy and protocol should any bullying issues arise.
- To make it clear and understandable on how to report bullying.
- To spread the word that FAST takes bullying seriously and that all swimmers and parents can be assured that they will be supported when bullying is reported.

What is Bullying?

The USA Swimming Code of Conduct prohibits bullying. Generally, bullying is the use of aggression, whether intentional or not, which hurts another person. Bullying results in pain and distress.

The USA Swimming Code of Conduct defines bullying in Article 304.3.7. Bullying is the severe or repeated use by one or more USA Swimming members of oral, written, electronic or other technological expression, image, sound, data or intelligence of any nature (regardless of the method of transmission), or a physical act or gesture, or any combination thereof, directed at any other member that to a reasonably objective person has the effect of:

1. Causing physical or emotional harm to the other member or damage to the other member's property,
2. Placing the other member in reasonable fear of harm to himself/herself or of damage to his/her property,
3. Creating a hostile environment for the other member at any USA Swimming activity,
4. Infringing on the rights of the other member at any USA Swimming activity, or
5. Materially and substantially disrupting the training process or the orderly operation of any USA Swimming activity (which for the purposes of this section shall include, without limitation, practices, workouts and other events of a member club or LSC)

FAST Policy Handbook

Reporting Procedure

An athlete who feels that he or she has been bullied is asked to do one or more of the following things:

1. Talk to his or her parents.
2. Talk to a FAST coach, board member, staff member, or other trusted adult.
3. Write a letter or email to the FAST coach, board member, staff member, or other trusted adult who can relay the situation appropriately.
4. Make a report to the USA Swimming Safe Sport staff.

There is no express time limit for initiating a complaint under this procedure, but every effort should be made to bring the complaint to the attention of the appropriate club leadership as soon as possible to make sure that memories are fresh, and behavior can be accurately recalled, and the bullying behavior can be stopped as soon as possible.

How FAST Coaches Will Handle Bullying Situations

If bullying is occurring during team-related activities, FAST coaches will **STOP THE BULLYING ON THE SPOT** using the following steps:

1. Intervene immediately. It is ok to get another adult to help.
2. Separate the kids involved.
3. Make sure everyone is safe.
4. Meet any immediate medical or mental health needs.
5. Stay calm. Reassure the kids involved, including bystanders.
6. Model respectful behavior when intervening.

If bullying is occurring at our club or it is reported to be occurring at our club, the FAST coaching staff will address the bullying by **FINDING OUT WHAT HAPPENED** and **SUPPORTING THE KIDS INVOLVED** using the following approach.

FAST COACHES FINDING OUT WHAT HAPPENED

1. **First, FAST coaches get the facts.**
 - a. Keep all the involved children separate.
 - b. Get the story from several sources, both adults and kids.
 - c. Listen without blaming.
 - d. Don't call the act "bullying" while you are trying to understand what happened. It may be difficult to get the whole story, especially if multiple athletes are involved or the bullying involves social bullying or cyberbullying.
 - e. Collect all available information and try to acquire a hard copy if possible.

FAST Policy Handbook

2. Then, FAST coaches determine if it's bullying.

There are many behaviors that look like bullying but require different approaches. It is important to determine whether the situation is bullying or something else.

- a. Review the USA Swimming definition of bullying
 - b. To determine if the behavior is bullying or something else, consider the following questions:
 - i. What is the history between the kids involved?
 - ii. Have there been past conflicts?
 - iii. Is there a power imbalance? Remember that a power imbalance is not limited to physical strength. It is sometimes not easily recognized. If the targeted child feels like there is a power imbalance, there probably is.
 - iv. Has this happened before? Is the child worried it will happen again?
 - c. Remember that it may not matter "who started it." Some kids who are bullied may be seen as annoying or provoking, but this does not excuse bullying behavior.
 - d. Once it is determined if the situation is bullying, support **all** of the kids involved.
- ### 3. FAST coaches support the kids who are being bullied.
- a. Listen and focus on the child. Learn what's been going on and show you want to help. Assure the child that bullying is not their fault.
 - b. Work together to resolve the situation and protect the bullied child. The child, parents, and fellow team members and coaches may all have valuable input. It may help to:
 - i. Ask the child being bullied what can be done to make him or her feel safe. Remember that changes to routine should be minimized. He or she is not at fault and should not be singled out. For example, consider rearranging lane assignments for everyone. If bigger moves are necessary, such as switching practice groups, the child who is bullied should not be forced to change.
 - ii. Develop a game plan. Maintain open communication between the Club and parents.
 - c. Discuss the steps that will be taken and how bullying will be addressed going forward.
 - d. Be persistent. Bullying may not end overnight. Commit to making it stop and consistently support the bullied child.
- ### 4. FAST coaches address the bullying behavior.
- a. Make sure the child knows what the problem behavior is. Young people who bully must learn their behavior is wrong and harms others.
 - b. Show kids that bullying is taken seriously. Calmly tell the child that bullying will not be tolerated. Model respectful behavior when addressing the problem.
 - c. Work with the child to understand some of the reasons he or she bullied. For example:

FAST Policy Handbook

- i. Sometimes children bully to fit in or just to make fun of someone who is a little different from them. In other words, there may be some insecurity involved.
 - ii. Other times kids act out because something else—issues at home, abuse, stress—is going on in their lives. They also may have been bullied. These kids may be in need of additional support.
 - d. Involve the kid who bullied in making amends or repairing the situation. The goal is to help them see how their actions affect others. For example, the child can:
 - i. Write a letter apologizing to the athlete who was bullied.
 - ii. Do a good deed for the person who was bullied, for the Club, or for others in your community.
 - iii. Clean up, repair, or pay for any property they damaged.
 - e. Avoid strategies that don't work or have negative consequences:
 - i. Zero tolerance or "three strikes, you're out" strategies don't work. Suspending or removing from the team swimmers who bully does not reduce bullying behavior. Swimmers may be less likely to report and address bullying if suspension or getting kicked off the team is the consequence.
 - ii. Conflict resolution and peer mediation don't work for bullying. Bullying is not a conflict between people of equal power who share equal blame. Facing those who have bullied may further upset kids who have been bullied.
 - f. **Follow Up.** After the bullying issue is resolved, continue finding ways to help the child who bullied to understand how what they do affects other people. For example, praise acts of kindness or talk about what it means to be a good teammate.
- 5. **FAST coaches support any bystanders who witness bullying.** They want to help, but don't know how. Fortunately, there are a few simple, safe ways that athletes can help stop bullying when they see it happening.
 - a. Be a friend to the person being bullied
 - b. Tell a trusted adult – your parent, coach, or club board member.
 - c. Help the kid being bullied get away from the situation. Create a distraction, focus the attention on something else, or offer a way for the target to get out of the situation. "Let's go, practice is about to start."
 - d. Set a good example by not bullying others.
- 6. **FAST coaches will not give the bully an audience.** Bullies are encouraged by the attention they get from bystanders. If you do nothing else, just walk away.

FAST Policy Handbook

FAST Locker Room Monitoring Policy

The following guidelines are designed to maintain personal privacy as well as to reduce the risk of misconduct in locker rooms and changing areas.

Facilities

The Fishers Area Swimming Tigers practice at the Fishers High School Natatorium, 13000 Promise Road, Fishers, IN 46038. The location has a changing area that is shared with the general public. As such, there are likely to be people who are not associated with FAST in the changing area around the time of practice, such as swim lesson students and parents.

Monitoring

Coaches and staff make every effort to recognize when an athlete goes to the locker room or changing area during practice and competition and, if they do not return in a timely fashion, we will check on the athlete's whereabouts.

We discourage parents from entering locker rooms and changing areas unless it is truly necessary. In those instances, it should only be a same-sex parent. If this is necessary, parents should let the coach or administrator know about this in advance.

If an athlete needs assistance with his or her uniform or gear (for example, a child under the age of eight), or an athlete's disability warrants assistance, then we ask that parents let the coach, or an administrator know beforehand that he or she will be helping the athlete.

FAST has staggered practices, with different groups arriving and departing throughout the day. It is therefore not practical to constantly monitor locker rooms and changing areas over this extended course of time. While we do not post coaches inside or at the doors of the locker rooms and changing areas, we do make occasional sweeps of these areas. Coaches conduct these sweeps, with women checking on female locker rooms, and men checking on male locker rooms.

Use of Cell Phone and Other Mobile Recording Devices

Cell phones and other mobile devices with recording capabilities, including voice recording, still cameras and video cameras increase the risk for different forms of misconduct in locker rooms and changing areas. The USA Swimming Athlete Protection Policies prohibit the use of such devices in the locker room or other changing area:

305.3 *Use of audio or visual recording devices, including a cell phone camera, is not allowed in changing areas, rest rooms or locker rooms.*

FAST Policy Handbook

FAST Electronic Communication Policy

Purpose

Fishers Area Swimming Tigers (FAST) recognizes the prevalence of electronic communication and social media in today's world. Many of our swimmers use these means as their primary method of communication. While FAST acknowledges the value of these methods of communication, we also realize that there are associated risks that must be considered when adults use these methods to communicate with minors.

The purpose of this policy is to ensure best practices are followed as determined by USA Swimming. This policy is not intended to encourage swimmers to register for membership in the various forms of electronic social media. Parents are still responsible for ensuring they are adhering to the rules and regulations for each of these sites.

General Content

All communications between a coach (or other adult) and an athlete must be professional in nature and for the purpose of communicating information about team activities. The content and intent of all electronic communications must adhere to the USA Swimming Code of Conduct regarding Athlete Protection.

For example, as with any communication with an athlete, electronic communication should not contain or relate to any of the following:

- drugs or alcohol use,
- sexually oriented conversation, sexually explicit language, sexual activity,
- the adult's personal life social activities, relationship or family issues, or personal problems, or
- inappropriate or sexually explicit pictures.

Note: Any communication concerning an athlete's personal life, social activities, relationship or family issues or personal problems must be transparent, accessible and professional.

Whether one is an athlete, coach, board member or parent, the guiding principle to always use in communication is to ask: "Is this communication something that someone else would find appropriate or acceptable in a face-to-face meeting?" or "Is this something you would be comfortable saying out loud to the intended recipient of your communication in front of the intended recipient's parents, the coaching staff, the board, or other athletes?"

With respect to electronic communications, a simple test that can be used in most cases is whether the electronic communication with swimmers is **Transparent, Accessible, and Professional**.

FAST Policy Handbook

Transparent: All electronic communication between coaches and athletes should be transparent. Your communication should not only be clear and direct, but also free of hidden meanings, innuendo, and expectations.

Accessible: All electronic communication between coaches and athletes should be considered a matter of record and part of the club's records. Whenever possible, include another coach or parent in the communication so that there is no question regarding accessibility.

Professional: All electronic communication between a coach and an athlete should be conducted professionally as a representative of the program. This includes word choices, tone, grammar, and subject matter that model the standards and integrity of a staff member.

If your communication meets all three of the **T.A.P.** criteria, then it is likely your method of communication with athletes will be appropriate.

Facebook, Blogs, and Similar Sites

Coaches may have individual social media pages, but they are not permitted to have any athlete member of FAST join their personal page as a "friend," even if it is a professional account. A coach should not accept any "friend" request from an athlete. In addition, the coach should remind the athlete that this is not permitted. Coaches and athletes cannot "private message" each other through Facebook and are not permitted to "instant message" each other through Facebook chat or other IM method. FAST has an official Facebook page that athletes and their parents can "friend" for information and updates on team-related matters.

Coaches are encouraged to set their pages to "private" to prevent athletes from accessing the coach's personal information, unless the coach's page is intended for professional purposes (meaning, not for personal connections). It is at the coach's discretion whether or not he/she allows swimmers to "friend" them after they have graduated high school and moved on. Even then, it can only be after the swimmer has completely departed from the FAST program and is at least 18 years of age.

Twitter

FAST has an official Twitter page that coaches, athletes and parents are encouraged to follow for information and updates on team-related matters. Coaches and athletes may follow each other on Twitter as long as the contact is professional. Coaches cannot "favorite" or "retweet" an athlete's post unless it pertains to the program and is not inappropriate or condescending in any context. Coaches and athletes are not permitted to "direct message" each other through Twitter.

FAST Policy Handbook

A Reminder to Swimmers: Be cognizant of what you are posting, the language you use, and how others may perceive it. If you plan on going to college (and continue swimming or not), this is a popular outlet for admissions offices to decide whether or not they accept a student to their school.

Texting

Subject to the general guidelines mentioned above, texting is allowed between coaches and athletes during the hours from 7 am until 9 pm. All texting shall only be used for the purpose of communicating information directly related to team activities.

There are only 2 exceptions in relation to appropriate times during the day. The first is allowing swimmers and coaches who have 5 am-7 am practices, to text during those times only in the event of an emergency situation (i.e. a swimmer's car breaks down on the way to practice). The second is for those swimmers whose practice goes until 8:30 pm. They may text their group coach up until 9 pm, but only in the event of an emergency situation.

FAST Policy Handbook

FAST Photography Policy

There has been much talk about whether it is safe to have images taken of children participating in sports. While the great majority of images are appropriate and are taken in good faith, it is a fact that images can be misused, and children can be put at risk if common-sense procedures are not observed.

- The publishing of a photograph of swimmers under 18 either on a notice board or in a published article or video recording (including video streaming of swimming competitions) should only be done with parents' consent.
- A parent or guardian has the right to refuse to have children photographed. The exercise of this right of refusal cannot be used as grounds for refusing entry into a swimming competition. Therefore, any photo that may go to press or on a notice board, be it through a member of the club or official photographer, should receive parental consent before publishing/displaying the photo, preferably in writing.
- In the case of open meets and other competitions where the host club has an official photographer present, all parents attending should be made aware of this in the meet information. If photos are to be published anywhere, the individual parent should be given the opportunity to withhold their consent. Their right to do so should be specifically drawn to their attention.
- All photographs must observe generally accepted standards of decency.
- Action shots should be a celebration of the sporting activity and not a sexualized image in a sporting context.
- Action shots should not be taken or retained where the photograph reveals a torn or displaced swim suit.
- Photographs should not be taken from behind swimming blocks at the start of a race or exhibit a child climbing out of the swimming pool.
- Photographs should not be taken in locker rooms or bathrooms.
- FAST Coaches and Staff may only take photographs or video of athletes using a FAST device...Phone or IPAD...and for a specific purpose which pertains to club business.

FAST Policy Handbook

FAST Preliminary/Final Meet Participation Policy

The following guidelines will govern procedures used at Prelim/Final Meets.

- When attending a Prelim/Final Meet, it will be expected that any swimmer who qualifies for finals during the course of a meet will attend and compete at those finals for the team.
- The parents of the swimmer(s) may pre-arrange scratching from finals (for the duration of the meet) with their group coach no later than 48 hours prior to the start of the meet, with a stated reason and discussion with the swimmer's group coach.
- Swimmers and/or parents will not decide to scratch from finals during the course of a meet.
- Any qualifiers and alternates in a preliminary event should be prepared to return and compete at a finals session, due to potential scratches. After the scratch deadline passes, a swimmer should check the final results to see if he/she has been scratched into a final.
- Swimmers who are alternates after the stated scratch deadline for an event should speak with their group coach to discuss options and determine attendance for that finals session.

FAST Team Travel Policy

Purpose

Athletes are most vulnerable to misconduct during travel, particularly overnight stays. This includes a high risk of athlete-to-athlete misconduct. During travel, athletes are often away from their families and support networks, and the setting – new changing areas, locker rooms, workout facilities, automobiles and hotel rooms – is less structured and less familiar. Team Travel is defined as overnight travel to a swim meet or another team activity that is planned and supervised by the club or LSC.

Travel Policy

Section 1: USA Swimming Required Policies

Club and LSC travel policies must include these policies. These items are Code of Conduct stipulations in the USA Swimming Rulebook.

- a. Club travel policies must be signed and agreed to by all athletes, parents, coaches and other adults traveling with the club. (305.5.D)
- b. Team managers and chaperones must be members of USA Swimming and have successfully passed a USA Swimming criminal background check. (305.5.B)

FAST Policy Handbook

- c. Regardless of gender, a coach shall not share a hotel room or other sleeping arrangement with an athlete (unless the coach is the parent, guardian, sibling, or spouse of that particular athlete). (305.5.A)
- d. When only one athlete and one coach travel to a competition, the athlete must have his/her parents' (or legal guardian's) written permission in advance to travel alone with the coach. (305.5C)

Section 2: Recommended Policies

- a. During team travel, when doing room checks, attending team meetings and/or other activities, two-deep leadership and open and observable environments should be maintained.
- b. Athletes should not ride in a coach's vehicle without another adult present who is the same gender as the athlete unless prior parental permission is obtained.
- c. During overnight team travel, if athletes are paired with other athletes they shall be of the same gender and should be a similar age. Where athletes are age 13 & over, chaperones and/or team managers would ideally stay in nearby rooms. When athletes are age 12 & under, chaperones and/or team managers may stay with athletes. Where chaperones/team managers are staying in a room with athletes, they should be the same gender as the athlete and written consent should be given by athlete's parents (or legal guardian).
- d. When only one athlete and one coach travel to a competition, at the competition the coach and athlete should attempt to establish a "buddy" club to associate with during the competition and when away from the venue.
- e. To ensure the propriety of the athletes and to protect the staff, there will be no male athletes in female athlete's rooms and no female athletes in male athlete's rooms (unless the other athlete is a sibling or spouse of that particular athlete).
- f. A copy of the Club Code of Conduct must be signed by the athlete and his/her parent or legal guardian.
- g. FAST coaches should obtain a signed Liability Release and/or Indemnification Form for each athlete.
- h. FAST coaches should carry a signed Medical Consent or Authorization to Treat Form for each athlete.
- i. Curfews shall be established by the team each day of the trip.
- j. Team members and staff traveling with the team will attend all team functions including meetings, practices, meals, meet sessions, etc. unless otherwise excused or instructed by the head coach or his/her designee.
- k. The directions & decisions of coaches/chaperones are final.

FAST Policy Handbook

- l. Swimmers are expected to remain with the team at all times during the trip. Swimmers are not to leave the competition venue, the hotel, a restaurant, or any other place at which the team has gathered without the permission/knowledge of the coach or chaperone.
- m. When visiting public places such as shopping malls, movie theatres, etc. swimmers will stay in groups of no less than three persons. 12 & Under athletes will be accompanied by a chaperone.
- n. The Head Coach or his designee shall make a written report of travel policy or code of conduct violations to the appropriate club or LSC leadership and the parent or legal guardian of any affected minor athlete.

FAST Behavioral Policy

Fishers Area Swimming Tigers team members are expected to behave appropriately and abide with all policies and procedures set forth, including this document, by the FAST Head Coach and Board of Directors. In general, the Head Coach will utilize progressive discipline. The unique circumstances of each individual case will be considered before a decision regarding appropriate behavioral modifications are made. Every behavioral modification plan will involve a personal contact or conference with the parent or guardian from the group or head coach. The athlete's behavior, based on the infraction, will determine the progressive nature of discipline. Possible consequences include but are not limited to the following:

- Verbal or Written Warning
- Parent Conference
- Behavior Modification Plan
- Suspension
- Expulsion

Any use of the below will result in immediate suspension and/or expulsion from the Fishers Area Swimming Tigers:

- Alcoholic Beverages
- Tobacco Products
- Drugs (other than those prescribed by a physician)
- Weapons

FAST Policy Handbook

Terms of suspension shall be outlined by the Head Coach through a Behavior Modification Plan and must be adhered to by those involved in order to be reinstated at the end of the suspension period. During the suspension period, athlete's will continue as FAST team members and thereby all fees are still due from the athlete and/or family. The athlete cannot be reinstated until all fees are paid in full. In addition, all team support requirements remain the responsibility of the athlete/family.

FAST Meet Declaration Policy

Each season, families will be required to declare their meet intentions on the Team Website. All families will need to log in and state if their athlete(s) will or will not be available to attend each swim meet that is available to the swimmer!

- Declarations **MUST** occur whether attending the meet or not. Coaches will enter ALL swimmers into appropriate meets unless **DECLINED** and with a stated reason for declining.
- The declaration deadlines for meets will be announced near the beginning of each season. This will allow the necessary time for the coaching staff to process the declarations. Winter season deadline for meets late in the season may be delayed.
- Upon receiving a meet entry, Coach Haley will send out an e-mail stating the closing declaration deadline.
- Families will be able to change their declarations any time up to the declaration deadline (at least 72 hours prior to meet entry having to be completed by the coaching staff) through the website!
- There will be no changes allowed to the swimmer's declaration after the closing declaration deadline has passed!
- Families will be responsible for all associated meet fees if declared to swim, regardless of attendance at meet!

FAST Policy Handbook

FAST Event Support Policy

FAST is known for hosting high-quality competitions. Our hosted meets are popular and fill up so quickly that we sometimes have to turn teams away. Teams travel to our competitions from out of state. It is not unusual to see teams from all over the Midwest at FAST-hosted meets. Experienced workers are essential to our success. The biggest benefit of hosting these meets is they provide our athletes with high-quality competition, while minimizing travel expenses for our families.

For every FAST hosted meet, families with only Tiger Cubs 1, Tiger Cubs 2 or Tiger Cubs 3 swimmers are asked to provide support for 2 sessions. Families with swimmers in all other practice groups are asked to provide support for 3 sessions. Families must provide support regardless of whether or not their swimmer(s) are participating in the FAST hosted meet.

Prior to each meet, our Event Support Coordinator will send an email to announce that the sign up is open. Please prioritize these emails as they will provide details about our meets as well as the event support specifics. In some circumstances, FAST is able to lower the family requirement for a specific meet. This can be due to a number of variables (length of the meet, number of pools being used etc.) If the requirement is lowered, our Event Support Coordinator will notify team families.

Families are strongly encouraged to work their sessions. If a family does choose to "Hire a Sub" for a meet and enough notice is provided for FAST to be able to hire replacements, please note that there is a \$25 per session fee for this service. After 3 hires at the \$25 rate per year (September - September), the cost increases to \$50 per session. An exception to this is if FAST has scheduled a conflicting competition that prevents attendance at the hosted event from occurring. Those who do not sign up, hire a sub or show up for their event support shifts are automatically assessed a financial penalty of \$75 per session. This ensures that FAST can provide adequate staffing at our hosted meets and achieve our budget goals.

FAST Policy Handbook

FAST Apparel Policy

FAST has apparel/uniform requirements at competitions. Fishers Area Swimming Tigers is a championship program and we want to always look professional as a team on the deck. To make it easier to achieve this goal, we have attained a sponsorship for the club from TYR that enables the club to lower its costs and therefore our membership dues. In return, the club has committed to wear TYR athletic gear. FAST pursued TYR because we feel their athletic gear is a superior tool for our swimmers in the quest to achieve their goals.

The uniform requirements are as follows:

- All FAST team members are encouraged to have a FAST/TYR Warm-Up.
- All FAST swimmers are required to wear the designated team t-shirt at competitions.
- All swimmers that choose to wear a swim cap are required to wear the designated team cap at competitions.
- All FAST swimmers must wear the required TYR team suit. *Please note:* FAST swimmers who also compete for the FHS Swimming and Diving team will not need to purchase a separate suit for high school-only competitions.
- In championship meets, swimmers 13 and older are expected to purchase a TYR Championship Technical Suit. For swimmers under 12, a TYR Championship Technical Suit is optional.
- Additional Note: Female athletes are allowed to wear a bikini top, so straps of a technical suit do not become uncomfortable. However, the athlete is to cover the bikini top with a TEAM t-shirt or TEAM Warm-up at all times.

All suits and equipment can be purchased through Elsmore Swim Shop (4705 East 96th Street, Indianapolis, IN 46240; www.elsmoreswim.com). **Please purchase all of your swimming apparel and equipment at Elsmore and make sure they know you are a FAST Tiger.** TYR keeps track of our purchases and that determines our contract upon renewal. You receive a **substantial discount** on purchases from Elsmore Swim Shop.

FAST Policy Handbook

FAST Technical Suit Policy

The following outlines the Fishers Area Swimming Tiger's policy pertaining to the club's sponsorship with TYR and the purchasing of technical suits.

TYR Sponsorship

Currently FAST is under contract with TYR. For our members that means a few things. First of which is that at all competitions, **FAST swimmers should be in TYR gear only**. This includes suits, caps, parkas and warm-ups. Team suits and caps are already TYR products. By abiding by these contract rules, TYR gives our members discounts on technical suits based on their level of qualification, as well as discounts to the club. For any question pertaining to the sponsorship, please contact the FAST Head Coach or view the guidelines on the FAST website.

Technical Suit Policy

FAST members will need to abide by the following technical suit policy to compete. First and foremost, all technical suits and caps **MUST BE TYR** products. **NO EXCEPTIONS**. The decision for a swimmer to wear a technical suit is the responsibility of the coach.

Technical Suit Guidelines

Team suits are always expected at meets. Certain meets, however, are deemed as Performance Meets by the coaching staff and technical suits may be worn at these meets in lieu of the team suit. With that said, the following are Recommended Guidelines FAST has created with the assistance of our TYR Rep, the Elsmore Swim Shop management, and the philosophical viewpoint of the FAST coaching staff. WE recommend:

Avictor: Any 11 and over FAST athlete having achieved a Sectional cut or faster. Elsmore Swim Shop will provide color options available for the Avictor that meet FAST criteria.

Thresher: Any 11 and over FAST athlete not yet having achieved a Sectional cut. Elsmore Swim Shop will provide color options available for the Thresher that meet FAST criteria.

10 and Under Athletes: FAST recommends that these athletes do NOT wear a Technical Suit.

All FAST athletes **MUST** purchase a TYR Tech Suit if wearing one. NO other brands should be purchased as we want to honor our agreement with TYR.

If you or your athlete have questions, please contact your lead coach.

FAST Policy Handbook

FAST Birth Certificate Policy

Since swimming is an age-defined sport with the competitor's age determined **to the day**, Indiana Swimming requires a copy of a birth certificate or another approved date of birth proof to be sent with all registrations for all swimmers aged 18 or under.

Upon registering with FAST any swimmers 18 or under, a copy of birth certification must be supplied. After proof of age is supplied to Indiana Swimming for the new athlete, the copy will be shredded. Birth certificates are required for *new* swimmers only. If a birth certificate is unavailable, a copy of a passport, driver's license, alien registration card issued by the United States government, a certificate issued by the Immigration and Naturalization Service attesting to age, a certificate of an American citizen born abroad issued by the appropriate government agency, or document on school letter head will be accepted. Hospital, baptismal, or religious certificates will not be accepted.

If a parent is unwilling or unable to produce ANY proof of age, that swimmer will have a PROBATIONARY registration. Upon receipt of registration and payment from the club, that swimmer will be registered with USA Swimming. This allows the team to be in accordance with all insurance and liability requirements. However, *this swimmer will not be able to compete* until proof of age has been provided to the Indiana Swimming office. Any competing swimmer who has not confirmed their date of birth and appears on the post-meet report run by USA Swimming will incur a \$100 fine per meet occurrence. This fine falls under USA Swimming's false registration rule.

FAST Inclement Weather Policy

While the Fishers Area Swimming Tigers hold practices in an indoor facility, there are circumstances from time-to-time that warrant practice delays and/or cancellations. When threatening weather is in the area, we recommend that parents stay and watch practice, remain in close proximity to the pool, or arrange for a ride home for their swimmer if practice is called off early due to weather conditions.

During the winter season, FAST is subject to the weather-related decisions made by the Hamilton Southeastern School Corporation. If the HSE District calls for a two-hour delay, then morning practices will be delayed by two hours. If the HSE District cancels school for the day, then all practices are automatically canceled. In the event that the district allows FAST to hold afternoon practices, an email will be sent by 2 pm to all registered swimmers. The updated practice schedule will also be posted on the FAST-online calendar.
