

### **About the Irvine Swim League**

Founded in 1985, the Irvine Swim League is a non-profit summer youth recreation program comprised of 21 teams with approximately 2500 swimmers between the ages 5-18 years.

Teams are organized through homeowner's associations and meets are held on Saturdays from June through early August.

Each weekend, teams alternate hosting meets against one other team, drawing between 130-180 families to their home pool. At the end of the season the league championship meet is held at the Woollett Aquatic Center with all teams in attendance.

### **About the Village Park Piranhas**

One of the Irvine Swim League's founding teams, the Village Park Piranhas are a family-oriented, volunteer-run organization with approximately 130 swimmers from the Village Park Community and its surrounding neighborhoods. Daily practices and home meets are held at the Village Park Pool as are several social events for team families. Approximately 300+ people attend every swim meet.

Team loyalty and camaraderie are very strong, some families have been Piranhas for multiple generations and some have joined with young children who went to become team coaches.
