Administrative Vice Chair Report
Summarized work that the Administrative office has completed or has been working to complete. This included working on ISI Championship Meet announcements, updating ISI Policies and Procedures, activating an ISI Personnel Committee, and researching ISI’s Errors and Omissions insurance.
  The Personnel Committee that has been activated will:
    • Develop a reporting procedure wherein Marie and Jen will submit written reports to the board prior to each board meeting.
    • Establish and implement an annual review process for the professional staff. The completed reviews will be presented to the board during August meetings with mutually agreed upon goals for the upcoming years.

  With the Errors and Omissions insurance, the question remains about if ISI has this or not. Curt was given the authority to continue researching this and if it is found that ISI does not have this insurance, he was authorized to enter an agreement and purchase it.

  A new item that the Administrative Chair will be working during the upcoming year is the Swimposium. An ad-hoc committee has been developed to plan for this event.

Committee Chair Reports
2017-2018 Planning Schedules for the Administration Vice Chair, Technical Planning Chair, Age Group Chair and Diversity and Inclusion Chair were presented. These schedules will be posted on the ISI website.

2017 ISI Short Course Reimbursement
Reimbursement for the 2017 ISI Short Course Championships have not been presented by ISI to ICE. Per the 2017 December ISI Board Meeting minutes, ICE is not due any reimbursement for the pool rent. However, it was pointed out that an amendment to the December’s minutes was presented prior to approval by email, but these changes were not presented when the minutes were approved. With these changes, ICE should have received $1,600 in reimbursement. It was agreed that the approved minutes would be researched, and if an error was proven to be in existence, this correction should be made. If a correction is needed, the edited approved minutes will be presented at the December 2017 ISI Board Meeting for ratification. However, if there was an error and a refund is due to ICE, the refund should be presented immediately upon the ISI Chair’s approval so ICE does not have to wait to December. Phil will research this and present evidence to board members. There were no objections.

New Business

Concern shared about the spring survey conducted by the ISI administrative task force.
Phil announced that this concern will be discussed at a closed board meeting. The closed board meeting will be held within the next few weeks and he would let the board members know the date soon.

Discussion about the distribution of ISI newsletters
Marie presented the concept of emailing newsletters using Constant Contact. The cost would be $798 for 5,000 contacts. In general, the board liked the idea but no formal motion was made to move forward and enter a contract with Constant Contact. Questions were asked about the ability to remove emails from the list and which budget line would this expense
come. Marie was also instructed to research the cost of up to 10,000 email contacts because 5,000 might be too few. Once these questions are answered, the board will reconsider this.

Discussion about the board policy with fines for having non-credentialed coaches on deck at ISI sanctioned swim meets
Curt presented this. He explained that in ISI Policies and Procedures, I. VII. J. 3., states the following:

Coaches Sign-In (APP-29). All coaches participating in this meet must sign the Coaches Sign-In form (APP-29) as verification that all coaching certifications required by USA Swimming and ISI are current. ISI may fine a coach or the meet host for participating at a meet in which the coach does not have current coaching credentials.

Curt inquired to where ISI stated the amount of the fine for this. It was brought up that ISI has already fined coaches and clubs in the past for violation to this rule. Marie was asked to research past minutes to see what the board determined. She should report on this during the next ISI board meeting in December.

Motion made close the meeting.
Motion made by Kerry. Jamie seconded.
Motion passed and meeting concluded at 2:59 PM.
