

2020 Virtual Convention – Officials Chair Report

I attended the Rules and Regulations Committee Meeting, the Virtual HOD and the Sectional Meeting between September 24th and 27th (inclusive).

There are no major impacts on how we set up meets with regards to Officials from the new legislation. We do have to set up a process for swimmers with disabilities to align with best practices and new protocols.

The National Championship Meets for November and December have been cancelled (TYR Pro Series meets in Virginia and California) or are in the process of being modified (8-10 US Open/National meets through the country aiming to have around 100 athletes per session at each pool, Juniors at the LSC level). More information to be forthcoming.

Phil Barnes

IASI Officials Committee Chair
