A. ATHLETE MEMBERSHIP may be obtained by filling out, mailing or emailing a current athlete membership application, or electronically by using Hy-Tek’s Team Manager, or Team Unify or other compatible computer software. No fax or email phone registrations will be accepted.
In mid-August, current ISI clubs will receive a registration packet, which will include electronic forms and a pdf of previous year's athletes' profiles. A Registration Procedures Manual and all necessary forms and links for the upcoming registration year will be included. If a club wants to have forms for posting on their website with club payment & send to address available, please inform the ISI office. Electronic Registration Procedures Manual, forms and links will also be posted on the ISI Website (isiswim.org https://www.teamunify.com/team/lscis/page/home). Application forms must be COMPLETELY & CLEARLY filled out using swimmer's full legal name as it appears on official documents & a preferred name. The swimmer's ID number is a permanent 14-character code. This code includes birth date in 6 digits, first 3 letters of legal first name, middle initial, and first 4 letters of last name. Athletes who are 17, about to turn 18, have a 30-day grace period following their 18th birthday to complete the training. Failure to complete APT will result in the athlete’s inability to swim in a meet or at practice.

During the year, club head coaches or designee can and administrators may log in to their Club Portal on the USA Swimming website to check & print current registrations and certifications (athlete & non-athlete) on club portal under reports of club members.

When entering meets, name and USA Swimming ID numbers must remain the same as what USA SWIMMING card shows.

Athlete and Non-Athlete membership cards are available on Deck Pass on the USA Swimming website and on the Deck Pass Plus app. Showing a printed card OR showing the card on a mobile device are both valid as proof of membership and certification status. is NOT PROVIDED ANY INSURANCE COVERAGE until he/she joins USA Swimming. A swimmer MUST be registered in order to swim a meet (a sanctioned or approved event). USA Swimming allows for a 2-week tryout period for new athletes only. It is recommended that clubs collect a signed application and the USA Swimming fee from the athlete on their first day. HOLD the membership application until the tryout period is over and the athlete has confirmed they are staying with the club and in the sport of swimming. Because the club has collected the form and has the money, this covers liability insurance for the club and secondary accident insurance for the athlete during this tryout period. However, if the athlete decides to not continue swimming, the club can easily refund their membership money by simply returning that membership check (or a refund if check has been deposited).

If, during this tryout period, an athlete wishes to participate in a sanctioned competition, registration must be submitted to the ISI Registration Office and the club will owe that fee to ISI. A swimmer must be fully registered in order to swim in a meet.

B. ATHLETE CHANGES - Inform ISI Office during the year if any information submitted on the original application changes. Use form APP-3.

C. ATHLETE TRANSFER - When transferring between clubs or LSC’s during the year, the swimmers MUST present a transfer request. An USA Swimming Transfer form (APP-3) must be submitted along with the transfer fee to ISI Registration Chairperson. USA Swimming 203.5 When transferring between LSCs or clubs within the same LSC, the swimmer shall submit a completed transfer form in accordance with USA Swimming procedures. This form is available on the ISI Website, or by contacting the ISI Office. NO TRANSFERS WILL BE MADE UNLESS THE ABOVE INFORMATION IS COMPLETELY FILLED OUT, SIGNED BY ATHLETE (if age 18 or over) OR PARENT/GUARDIAN (if athlete is age 17 or under).

If athlete is renewing with a different USA Swimming club than the previous year, the above transfer form must be submitted, but the fee will be waived. If submitting hard copy registration application the previous club information can be noted on the bottom of the registration form. Transfers within the LSC are $5. Transfers from outside the LSC are $10. For transfer requests initiated at the time of registration renewal, the transfer fee will be waived.

120-DAY RULE - For a swimmer to represent a USA Swimming club in a competitive event, one hundred twenty (120) consecutive days must have elapsed without the swimmer having represented any other USA Swimming club in USA Swimming competition. For a swimmer
to represent a USA Swimming club in a competitive event, one hundred twenty (120) consecutive days must have elapsed before the swimmer is permitted to represent any other USA Swimming club in USA Swimming open or closed competition. The 120-day count shall begin on the day following the last date the athlete represented a USA Swimming club in open competition.

D. WHEN DOES A SWIMMER REPRESENT A CLUB? A swimmer's status is governed by status existing when taking the starting blocks to compete in his/her first event of the meet. The status at the time of preliminaries governs status at time of finals (it is "one event").

The administrative difficulties presented when a swimmer switches from attached to unattached status, or vice versa, from the time he/she sends in his/her entry card until the day of the meet (or event) does outweigh the athlete's right to swim attached or unattached as he/she chooses. This must be tempered by the fact that sensible rules must be observed and respected so that meet officials can run an effective meet.

It is the swimmer's responsibility (or coach's responsibility, particularly when younger age group swimmers are involved) to see that his/her status is exactly as he/she wishes it to be on the day of the event. Once the event has begun at the preliminary stage, he/she can swim subsequent events in an unattached status but he/she cannot again switch back to attached, unless with the same club, until the 120 days has expired.

To clarify, If he/she swims an event for Club A in a meet, then swims unattached the next meet, he/she can swim again for Club A in a subsequent meet without regard to the 120-day rule; but if he/she wishes to swim for Club B, he/she must follow the 120 day rule.

E. UNATTACHED STATUS - A registered swimmer may compete in USA Swimming-ISI sanctioned competitions as an unattached swimmer if he/she is not a member of an ISI member club, or does not wish to represent a club in the competition. Meet entry materials should be completed to reflect that the swimmer is competing unattached (UN-IA) where team affiliation is shown. Unattached swimmers may participate only in individual events, since USA Swimming rules do not recognize relays for unattached swimmers.

F. USA SWIMMING MEET ADMINISTRATION - A meet director MUST be sure that all athletes are USA Swimming registered. It is the Meet Host responsibility to ensure all athletes competing in a sanctioned meet are USA members at the time of competition. This can be accomplished by:

1) A MM Back-up file sent electronically to the ISI office, no later than Tuesday before a meet. Failure to submit this file may result in a fine imposed by ISI to the Host Club.
2) If athlete does not show as being currently registered on the meet recon, club & host club will be advised & the athlete must be registered 24hrs prior to first day of meet.

FALSE REGISTRATION - ISI may impose a fine of up to $100 per event against a club representative signing a document that indicates indicating that a swimmer is registered with USA Swimming for a meet when that swimmer is not properly registered. This will be enforced by ISI, and ISI will be entitled to the fines imposed.

IV. Athlete Membership Fees

Have all checks are to be made payable to the local club for membership. The club then mails a club check payable to Iowa Swimming, Inc. (ISI) and Summary form (APP-2) to cover all memberships. (Please DO NOT mail individuals' checks to ISI). If checks are returned by the bank, ISI will charge the club a fee of $15 for handling of the returned check. Only unattached athletes may pay ISI directly by sending a personal check.

OUTREACH MEMBERSHIP fee is $5.00 with required proof of eligibility documents.

FLEX MEMBERSHIP fee is $20.00 (2019, 2020) – Flex members who wish to upgrade to Premium membership pay the difference between Flex and Premium

UPGRADE fee is $52.00 (2019), $54.00 (2020)

TRANSFER ATHLETE TRANSFER of swimmer between clubs during the year, fee is $5 for mid-year transfers within the LSC, or $10 for mid-year transfers from outside the LSC.

NO SWIMMER REGISTRATIONS WILL BE ACCEPTED AT MEETS. Registrations must be received no later than 24hrs before the first day of the meet. Contact ISI office if with questions.

Numerous registration errors made by those sending in registrations to ISI requiring corrections in existing USA Swimming registrations may be subject to a $5.00 processing fee.

If a person doesn't have a middle initial, or first or last name doesn't contain # of required letters a "*" is assigned.

During the year, club head coaches and administrators may log in to their Club Portal on the USA Swimming website to check & print current registrations and certifications (athlete & non-athlete) of club members.

When BGC, APT & FOC are completed or updated, USA Swimming will automatically update your membership. IF A COACH ALLOWS HIS/HER CERTIFICATIONS TO EXPIRE, HIS/HER COACH MEMBERSHIP IS INVALID -- NO GRACE PERIODS. Therefore, the insurance provided for coaching activities is no longer in existence. A list of Coach requirements are available posted on the ISI website ([https://www.teamunify.com/team/lscis/page/home](https://www.teamunify.com/team/lscis/page/home)) or and USA Swimming website ([www.usaswimming.org](http://www.usaswimming.org)) under coach tabs.
