AN OFFICIAL PUBLICATION OF NEW ENGLAND SWIMMING

JANUARY 1991

IN THIS ISSUE: SILVER CLASSIC CORRECTIONS; TECHNICAL COMMITTEE REPORT; OFFICIALS CORNER; NEW ENGLAND TEAMS FOR 1991; NE MEET HIGH POINT WINNERS; REMINDERS FOR SENIORS.....

CONGRATULATIONS to **JENNY THOMPSON (SSA)** who swam in the World Championships in Perth, Australia. She swam on the first place 400 meter freestyle relay and placed fourth in the 50 meter freestyle.

HOTEL FOR JUNIOR NATIONALS:

A block of rooms has been reserved for New England swimmers who will be attending Junior Nationals at the Holiday Inn, Buffalo (Amherst), 1881 Niagra Falls Blvd., Amherst, NY 14228 (716-691-8181). The hotel is one mile from the pool. Rooms accommodate up to 4 persons and will cost \$55 plus 13% state sales tax per room per night. The rooms have been reserved for March 24 through March 31 and will be held until March 15.

On Tuesday, March 26 New England Swimming will be sponsoring a dinner for the New England swimmers who are attending the meet.

CHAMPIONSHIP MEET PINS:

Again this year, there will be pins for all swimmers participating in an individual event or in a relay at New England Age Group and New England Senior Championships. Pins will be available at the verification table. Each swimmer should pick up his or her own pin.

In addition, there will be pins for any New England swimmer who has qualified for an individual event at either Junior Nationals or Senior Nationals. These pins will also be available at the verification table.

SILVER CLASSIC CORRECTIONS: There were errors in the maximum times for 15 and over swimmers in the original entry. Included in this newsletter in a new event sheet for Silver Classic with corrections in the 15 and over events.

SEED CARDS: Please note that there has been an increase in the cost of seed cards due to increases in printing costs and postage.

.....
The Board of New England Swimming will meet at 7 p.m. on Monday, February 11, 1991 at the Wellesley Community Center, Wellesley, MA. The Calendar Committee will meet before the Board meeting.

TECHNICAL COMMITTEE REPORT:

The following enforcement of USS rules were voted by the Technical Committee at its meeting on January 14, 1991. The Board of New England Swimming approved the decisions at its meeting on January 14, 1991.

TIME TRIALS: US Swimming rules must be followed for event limitations per day and per meet. Swimmers in trials and finals events may compete in no more than 3 individual events per day (102.2.1). This number includes time trials. (102.2.3 and 102.2.4). If a swimmer intends to enter a time trial, the swimmer may compete in only 2 other events on that day.

At Age Groups and Seniors, time trials will be held at the end of the finals sessions for the events held during that day. If time permits, time trials will be held in the previous day(s) events.

Swimmers in meets with timed final events may compete in no more than 5 individual events per day (102.2.2). If a swimmer intends to enter a time trial during a timed final meet, the swimmer may compete in no more than 4 other events during that day.

FALSE STARTS: Any Swimmer who is charged with committing or causing a false start shall be disqualified and shall not be permitted to swim the event. 102.14.4 (G). All starters and referees in New England are expected to enforce this rule and not permit a swimmer who has been DQ'ed to get back up on the blocks.

TECHNICAL COMMITTEE REPORT:

The following proposals were voted by the Technical Committee at its meeting on January 14, 1991 and were also approved by the Board on the same date.

ONE MEET RULE AT SENIORS: New England requires that a swimmer who wishes to participate in New England Senior Championship (a meet open only to New England Swimmers) must have participated in at least one other New England meet during the past 11 months. If a team has a swimmer who has moved into New England or who has other unusual circumstances, they should contact the office immediately to request a waiver.

MEETS THAT EXCEED THE FOUR HOUR LIMIT: The Evaluation Committee will keep a closer eye on all meets and if a team is a continual problem, the committee will recommend a fine.

PRE-SEEDED MEETS: Many teams are pre-seeding meets in violation of New England rules. A team that wishes to pre-seed a meet on the day of the meet must make this request with a complete description of the system to be used when they bid for the meet. The calendar committee will determine which teams can and are capable of running such meets.

A REMINDER—CHANGES MADE IN SENIORS WHICH CONTINUE THIS SEASON:

NUMBER OF EVENTS: A swimmer may enter as many events as he/she has qualified in, plus any "paired" events that the swimmer may wish to swim. If the swimmer enters a paired event, the swimmer must also enter the qualified event. The swimmer must then scratch any excess events (more than 3 individual events in any one day or 9 individual events for the meet) according to the process listed in the meet entry.

RELAY LIMITATIONS: A team may enter relays according to the number of swimmers per sex entered in individual events with a maximum of 4 relays per team per event. For each sex, the number of qualified individual swimmers entered in individual events will be divided by four up to the 4 relay maximum. A team with 16 or more qualified swimmers of one sex entered in individual events may enter 4 relays; a team with 12 to 15 qualified swimmers of one sex entered in individual events may enter 3 relays; a team with 8 to 11 qualified swimmers of one sex entered in individual events may enter 2 relays; a team with 4 to 7 qualified swimmers of one sex entered in individual events may enter 1 relay. All swimmers on these relays must be qualified swimmers who are entered in one or more individual events.

A team that has only 1, 2, or 3 qualified swimmers per sex entered in individual events may add enough non-qualified swimmers to enter 1 relay per event. If a qualified swimmer is unable to swim and there is no other qualified swimmer available, the relay must be scratched.

Under no circumstances will a swimmer who is 12 years old or under be allowed to swim in a relay at Seniors unless that swimmer has qualified in an individual event.

No more than two relays per team may score in an event.

OFFICIALS FOR 8 AND UNDER CHAMPIONSHIPS: Officials are needed for the 8 and under Championship meet. Officials who will have children attending this meet and who are willing to help out should contact Marc Allen (603-888-4873).

OFFICIALS CORNER—JOHN JOHANSEN, CHAIRMAN

While working the Xmas Classic at Brown, several items came up that would benefit all.

It seems that we no sooner have a clinic in a specified area, when requests start coming in for a clinic. The New England States are adequately covered with Facilitators (teaching referees), and these Facilitators are presently holding clinics, because I'm getting results. Possibly, the problem may be in getting the word out. For instance, the Rhode Island Coaches Committee wanted a Stroke and Turn clinic prior to this season. I chose a Co-ordinator (Charles Wilk), to set up a site and choose a date with enough time to get the word out in our newsletter and word to the YMCA's involved. If this was not done I told them that I would not hold the clinic, and in fact called a clinic off last year when the word never got out in our newsletter. I feel that holding a clinic for just one or two people for just a local club is a waste of the Facilitator's time. I also feel it's suspect. Did a legitimate clinic in fact take place? With proper planning the RI clinic drew 33 new people, in a very active full of participation clinic. I felt good, they felt good. Charley Wilk is now in the process of setting up a Starter and Referee Clinic. Obviously, the number of people present will be much lower but I still insist upon adequate publicity. This means a time frame out in the future, not like next week because we have a meet coming up. Proper preparation makes good clinics and good clinics prepare good Officials and good Officials make meets run smoothly. If an individual can't make one of these clinics then I just have to assume that they are not prepared to accept additional responsibilities. When you achieve that level, you will know where I am coming from. We just can't bestow leadership.

Word has to be given to the YMCA's and leagues within areas. Their better swimmers and parents will eventually become a part of our program just as present registered clubs are. Unless these parents become members of USS, a uniform patch, registration card and rule book will not be theirs. When told this, they line up for the membership forms, I'm not in the habit of losing them. Even though doing just YMCA dual meets, that patch on a white uniform makes them appear official. It's our task to make sure that they don't embarrass us.

Concerning starting. The only miscues I've seen lately I think could have been averted by the Starter. As a Starter, you are in charge when the Referee turns the pool over to you. If you notice swimmers fixing hats, goggles, talking to others, stop! Ask for their attention. If you've gone too far before realizing that someone is not ready, then release them. The same goes for swimmers that are shaking and waving on the blocks. If you do not settle them down, you are just asking for a false start. No one can teach you this. We can discuss it, try to prepare for it, but your response is your response. A cool, level voice, loud enough to take command, and demand attention, is sometimes immediately achieved, but more often developed. In particular, keep your voice at the same level.

Similar to this, in the backstroke, is the swimmer that slips and slides on the pad just before the start. If not prepared for this, it may look like an attempt at a false start. Don't be shy about "step down," be prepared for it, sooner or later it will happen to you.

PLEASE NOTE THE CHANGE IN THE PRICE OF SEED CARDS!!!

SEED CARDS: Seed Cards are available through the New England Office. The cost for plain cards is \$22 per thousand, including mailing. If the cards are picked up in Needham, the cost is \$19 per thousand. There is no minimum, and the cards may be split any way between boys and girls.

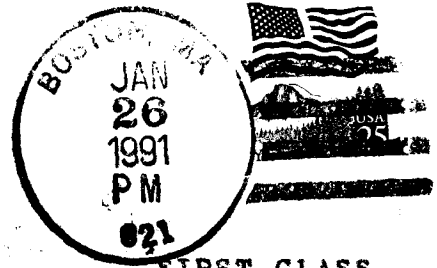

If you want initials on the cards, the price for 1,000 cards is \$31, including mailing. If the cards are picked up in Needham, the cost is \$28. If you want 2,000 or more cards with initials, the cost is \$26 per thousand, including mailing, or \$23 per thousand if the cards are picked up in Needham. The minimum order for cards with initials is 1,000 cards.

NEWSLETTER PLUS SUBSCRIPTIONS: Please check the expiration date of your subscription to NEWSLETTER PLUS. Subscriptions may be ordered through the New England Office for \$10 per year. Clubs do not have an expiration date on their labels since all registered clubs receive one free subscription with their registration.

The Board of New England Swimming will meet on Monday, March 11, 1991 at 7 p.m. at the Wellesley Community Center, Wellesley, MA.

AMENDMENT TO PART 1 OF THE CODE
(Adopted by the USS Rules Committee January 26, 1991)

EFFECTIVE MARCH 4, 1991 Section 101.3 of the USS Rules & Regulations is revised to read as follows:

101.3 BACKSTROKE

.1 Start

A The swimmers shall line up in the water facing the starting end, with both hands placed on the gutter or on the starting grips.

B Prior to the command "take your mark" and until the feet leave the wall at the starting signal, the swimmer's feet, including the toes, shall be placed under the surface of the water. Standing in or on the gutter or curling the toes over the lip of the gutter is not permitted at any time before the start. A backstroke starting block may not be used.

.2 Stroke - Standing in or on the gutter or curling the toes over the lip of the gutter immediately after the start is not permitted. The swimmer shall push off on his back and continue swimming on the back throughout the race. Some part of the swimmer must break the surface of the water throughout the race, except it shall be permissible for the swimmer to be completely submerged during the turn and for a distance of not more than 15 meters (16.4 yards) after the start and each turn. By that point, the head must have broken the surface of the water.

.3 Turns - Upon completion of each length, some part of the swimmer must touch the wall. During the turn the shoulders may turn past the vertical toward the breast. If the swimmer turns past vertical, such motion must be part of a continuous turning action and the swimmer must return to a position on the back before the feet leave the wall.

.4 Finish - The swimmer shall have finished the race when any part of his person touches the wall at the end of the course.

EFFECTIVE MARCH 4, 1991

PRIOR TO MARCH 4, 1991 ALL QUALIFYING TIMES IN BACKSTROKE EVENTS MUST BE SWUM IN ACCORDANCE WITH CURRENT USS RULES AND REGULATIONS.

!!! HOT TIP FOR NAG TOP 16 REPORTING - SHORT COURSE 1990-91 !!!

Each year, the National Top 16 Reportable cuts change slightly. Usually, they become tougher, as competition standards become higher. In a few cases, however, they become easier because too few swimmers or relays qualify for reportable status.

This year, the cuts have been greatly relaxed for 17-18 women's relays. Some cuts have also been relaxed for 15-16 women's relays. These are reprinted below:

	15-16 Women	17-18 Women
400 YARD Medley Relay	4:09.49	4:18.99
400 YARD Free Relay	3:42.09	3:49.99
800 YARD Free Relay	8:12.99	8:19.99

The catch is that, for a relay to qualify, it must be composed EXCLUSIVELY of women aged 17 and 18 or of women aged 15 and 16. Relays of mixed ages are not reportable in any category.

If your club has a good relay in which ALL of the swimmers are aged 15-16 or 17-18, check back with these times. If (hopefully!) it qualifies, please use the form printed in the December 1990 Newsletter to report it.

NCAA REFORMS ADOPTED:

by Dale Neuburger, Chairman of USS' Ad Hoc Committee on NCAA Legislation
(as printed in United States Swimming News, February 1991)

The NCAA Convention in Nashville adopted major legislation designed to cut costs, reduce time demands on student-athletes, and refine membership criteria for divisional membership this past January.

The full effects of the legislative action for non-revenue sports like swimming and diving will probably not be known immediately, but our sport scored more "victories" than any other. The perspective of the swimming community was advanced by hundreds, perhaps thousands, of letters to college presidents and key administrators.

How will collegiate swimming differ?

- There will be fewer coaches, as limitations were established for one head coach, one assistant coach, and one "limited earnings" coach (usually, graduate assistants) for each men's or women's team.
- There will be fewer scholarships, as new maximum grant-in-aid allowances are 9.9 scholarships for men's swimming and 12.6 scholarships for women's swimming.

(These cost reduction measures were instituted for all sports, however, and some marginal collegiate programs conceivably may be saved because of overall athletic department budget reductions.)

- Mandatory practice time (that which a coach can require) is limited to 20 hours per week for the 24 week collegiate swimming season and 8 hours of strength training during the remainder of the school year.

However, voluntary practices are allowed throughout the year, and not only may the coach be present during these voluntary sessions, he/she may give "skill instruction" (although not tech-

nically able to "conduct" the workout). Our most dedicated athletes will be able to pursue their goals with workout time that can be the same as previously done; the distinction is between "mandatory" and "voluntary" participation.

- One of the few pieces of true legislation passed at the convention that can be considered a true "victory" was the continued ability of swimmers with remaining eligibility to train with their college coaches during the summer months.

This was regarded as a "toss-up" issue going into the convention, and the efforts of strong leaders like Joan Cronan of the University of Tennessee and Donna Lopiano of the University of Texas were instrumental in this area.

The net effect for swimming is likely to be negligible, and clearly our sport came through more favorably than any other. The vigorous efforts of all segments of the swimming family in opposing the most destructive proposals were successful. We need to continue to work with college presidents and NCAA leadership to keep our sport strong.

I believe swimming's strategy should now call for support for and cooperation with the NCAA Presidents Commission. There will be opportunities to "fine tune" certain of the legislation adopted in January at next year's convention, and the sports that can best work within the system stand the best chance for success at the 1992 convention.

The vote on time demand legislation was 299 - 28. The chief executive officers of America's colleges have exerted their control, and we must continue to provide them with numerous examples of the strong record of accomplishment that swimmers have achieved in academic performance and community/volunteer service.

IN THIS ISSUE: LONG COURSE 1991 CALENDAR; PROPOSED CALENDAR FOR SHORT COURSE, 1991--1992; COACHES' SEMINAR; AGE GROUP CAMP; BID FORM; SAFETY INFORMATION; NEW CLUBS.....

New England Swimming thanks and commends **JOE PELUSO**, BGSC parent, whose quick response saved the life of a choking Harvard University life guard.

PELICAN PETE SAYS..

Safety is a Good
Habit. Practice
it every day.

LOCKER
ROOM

TO: SWIMMERS, COACHES AND PARENTS
FROM: PRISCILLA DAVIS, SAFETY COORDINATOR

Please **THINK SAFETY** at all times!

In the locker room:

- Don't run.
- Watch for spilled shampoo or conditioner.
- Close locker doors when not in use.
- Carefully dispose of razor blades.

During practice:

- Use care and don't run on deck (decks are WET!).
- NO DIVING except in sprint lanes

At meets:

- Use care in the locker room.
- Don't run.
- NEVER bring glass into the locker room or on the deck.
- Keep razor blades in a safe place.
- NO DIVING except in sprint lanes.
- Be courteous to others.

When I see swimmers diving during warm-ups at meets, I feel that they must be doing this at practice also. Please remember **FEET FIRST FOR SAFETY**. Let's keep swimming a safe and wonderful sport.

If you do have an accident, however minor, please report it on the proper forms. All registered teams, officials and coaches should have a copy.

The Board of New England Swimming will meet on Monday, April 8, 1991 at 7 p.m. at the Wellesley Community Center, Wellesley, MA.

REIMBURSEMENT: All swimmers who are eligible for reimbursement for Junior Nationals or Senior Nationals are reminded that reimbursement applications are available through the office and must be returned within 6 weeks.

DINNER AT JUNIOR NATIONALS: New England Swimming is sponsoring a dinner at Junior Nationals for all New England Swimmers attending the meet. The dinner is on Tuesday, March 26 at 6:30 p.m. at The Macaroni Factory. Clubs who submitted rosters for the meet have been sent invitations, and reservations must be made by Thursday, March 21.  The meet will be organized by New England Swimming. All teams that participate will be expected to help with the meet.

- * 25-yard pool
- ** 50-meter pool

Because of a convention, hotel space in Providence will be tight for both Age Groups and Seniors. Teams should locate rooms as soon as possible.

QUALIFYING FOR LONG COURSE CHAMPIONSHIP MEETS:

A swimmer may qualify for long course championship meets with either a yard or a meter time. Yard times may not be converted to meter times to qualify for a championship meet. Swimmers with meter times are seeded first, fastest to slowest times; swimmers with yard times are seeded after the swimmers with meter times with the yard times also seeded fastest to slowest.

Swimmers who are swimming in a 25-meter pool (short course meters) must convert their times to yards by .9049. These times will then be seeded with the other yard times. Short course meters (25-meters) may not be converted to long course meters (50-meters).

Times achieved after September 1, 1990 may be used to qualify for long course championships except for the 1500 and 800 freestyles which may go back to May 1, 1990.

REIMBURSEMENTS:

New England Swimming reimburses those swimmers who attend Junior Nationals and Senior Nationals in individual events. In order to receive the reimbursement, the swimmer must have attended three New England calendar meets during the season, and they must apply for the reimbursement within eight weeks of the meet. If you have any questions or need forms, please contact the office. Swimmers who attend the Zone Meet are reimbursed indirectly. Those swimmers pay only part of the cost of the trip with the rest being paid by New England Swimming.

1992 Phillips 66 / USS Spring National - Olympic Team Selection Meet Time Standards Changes for Backstroke, IMs

With the passage of new backstroke turn rules by FINA, the U.S. Swimming Board of Directors, acting at the request of the U.S. Swimming National Team Steering Committee, voted to adjust the 1992 U.S. Olympic Selection Meet time standards of all affected events downward by .5 seconds per turn.

The events with the new time standards are:

Long Course : 100 and 200-meter backstroke and 400-meter individual medley

Short Course : 100 and 200-yard/meter backstroke, 200 and 400-yard/meter individual medley.

The new time standards in these events are shown on chart below.

This decision came as a result of careful biomechanical research and conforms to USS Rule 206.10.1 which calls for "comparable quality in all events."

In order that there be no confusion regarding this change, any times achieved in the affected events must conform to the following criteria:

- ✓ Any performance meeting the standards as published on page 80 of the 1991 U.S. Swimming Rules and Regulations achieved **ON OR PRIOR TO MARCH 3, 1991** will be acceptable for entry to the '92 Phillips 66/ USS Spring National Championships.
- ✓ Any performance achieved **ON OR AFTER MARCH 4, 1991** must conform to the adjusted time standards for the purpose of qualifying for the '92 Phillips 66/ USS Spring National Championships.
- ✓ Any times achieved at an NCAA or high school meet **MUST CONFORM** to USS rules and be performed in a sanctioned or approved meet.
- ✓ Note that the 1991 NCAA Division I NCAA times for the affected events **HAVE BEEN REMOVED** from the OVC computer. Any qualifying times for the '92 Phillips 66/ USS Spring Nationals achieved after March 4, 1991 that did not meet the new standard **HAVE ALSO BEEN REMOVED**.
- ✓ Anyone wishing to use an NCAA or high school meet performance achieved after March 4, 1991, **MUST** check with USS OVC Chairperson Karen Rives before using any of those times.

AN OFFICIAL PUBLICATION OF NEW ENGLAND SWIMMING

JUNE 1991

IN THIS ISSUE: TOP 16 REPORTABLE TIMES (SHORT COURSE, 1990--1991), TIME STANDARDS FOR LONG COURSE, and REPORTING FORM; LONG COURSE ZONE APPLICATION and HOTEL INFORMATION; REGISTRATION INFORMATION; NOMINATING COMMITTEE; STROKE AND TURN CLINIC; SAFETY TRAINING FOR SWIM COACHES.....

CONGRATULATIONS to **LESLIE REPETTO (SSA)** and **NICOLE RUTKOWSKI (BGSC)** who have been selected for the Olympic Festival which will be July 13--15 in Los Angeles. Both will be swimming for the South team which will be coached by **MIKE PARRATTO (SSA)**.

IMPORTANT REGISTRATION INFORMATION:

All United States Swimming Clubs must have at least one registered coach. Letters will be going out from United States Swimming to all teams that do not have a registered coach. Clubs will be given 30 days to provide the names of a USS coach member. If there is no coach member after 30 days, USS will begin proceedings to terminate insurance and membership. There are several clubs in New England that do not have a USS registered coach. Some of these clubs did register a non-athlete and checked "coach" but did not submit the required proof of current CPR, First Aid and Safety Training for Swim Coaches. Therefore, these "coaches" could not be registered as USS coaches. If you have not received a coaches card or have other questions, please contact the office.

For 1992 we will not be allowed to register a USS club without receiving the registration for at least one coach (with copies of current certifications). PLEASE BE SURE THAT ALL COACHES HAVE CURRENT CPR, FIRST AID, AND SAFETY TRAINING FOR SWIM COACHES BEFORE DECEMBER 1, 1991!!!!

We also have been informed by United States Swimming that we cannot register "paper clubs" (clubs with no registered athlete members). Therefore, in the fall we will have to receive registration for club, coach(es), and athlete(s) all in one packet. PLEASE PLAN YOUR REGISTRATION ACCORDINGLY!!!!!!

The next meeting of the Board of New England Swimming will be at 7 p.m. on July 8 at the Wellesley Community Center, Wellesley, MA.

ITEMS OF INTEREST:

On May 3--5 at the Olympic Training Center, the fourth-annual USS Coaching Science Seminar, entitled the "National Forum on Age Group Training and Development," brought 58 age-group coaches from around the country in touch with the latest developments in this area. **JIM MCCOMBS**, head coach, MSSC, and New England Senior Coach's Rep, represented New England.

On June 1--2 New England officials, **BILL WHITMAN** and **CHARLIE WILK**, participated in an Officials Seminar at United States Swimming in Colorado.

ISABELLE FRASER, **JIM KRESEL**, **PRISCILLA DAVIS** and **STEVE KORBLY** have been named to the Nominating Committee of New England Swimming. Any member of the New England Swimming community who would like to be an elected or appointed member of the New England Swimming Board should contact a member of the Nominating Committee.

ISABELLE FRASER and **JERRY ZIMMER** have been named to a sub-committee to study the need for increases in meet fees for the next short course season. If you have any comments or suggestions, please address them to Isabelle or Jerry.

COLLEGE NEWS: **TOM PETERSON** of Harvard University has received the Moriarty Award for scoring the most points (60) at the Division 1 Easterns.

MARC BROUDY of Kenyon College achieved All-American honors at the NCAA Division III Swimming and Diving Championships.

PELICAN PETE CONTEST: Thank you to all the New England Swimmers who participated in the "Pelican Pete Safety Slogan" contest. The entries have been judged and the awards will be presented at Age Groups. In addition to the winners of Savings Bonds, all entrants will be receiving T-shirts. Awards will be mailed to those who are not at the meet.

HOTEL FOR ZONES:

The 1991 Summer Zones will be at Fairfax, VA from August 7--11. New England Swimming has blocked 45 rooms at the Holiday Inn, Fairfax and 20 rooms at the Hyatt Fair Lakes for Tuesday arrival and Sunday departure. In order to make reservations, call the hotel and ask for Reservations under New England Swimming.

HOLIDAY INN	703-352-2525
HYATT FAIR LAKES	703-818-1234

You will be required to guarantee your first night's stay with a credit card. The rooms are reserved until MIDNIGHT, MONDAY, JULY 29. Both hotels are 5--10 minutes from the Oak Marr Pool. The New England coaches will be housed at the Holiday Inn. Hyatt will honor the \$25 restaurant coupon from the Sunday Globe and USA Today.

STROKE AND TURN CLINIC: There will be a Stroke and Turn Clinic on Monday, June 24, 1991 from 6 p.m. to 9 p.m. at the Hampshire Hills Sports and Fitness Center, Emerson and Federal Hill Roads, Milford, NH 03051. The facilitator will be Jerry Zimmer. For information call Jerry Zimmer at (603) 673-0676 (home) or (617) 377-3138 (office).

You must be a member of United States Swimming or become a member of United States Swimming to participate in this clinic. Membership applications will be available at the clinic. Payment is by check made payable to New England Swimming. Cost is \$22 for one person or \$37 if both spouses wish to have a joint membership.

STROKE AND TURN CLINIC: There will be a Stroke and Turn Clinic on June 29, 1991 sponsored by Cape Cod Swim Club at 9 a.m. at Mass Maritime Academy. For verification of the clinic and registration, please contact Carol Margraf at 508-888-4518.

SAFETY TRAINING FOR SWIM COACHES: Hampshire Hills Sports and Fitness Center will sponsor a Safety Training for Swim Coaches course on the evenings of June 24 and June 26, 1991 from 6 p.m. to 10 p.m. on each evening. For more information, directions and reservations, contact Hampshire Hills at (603) 673-7123 (ask for the pool) and speak to Linca McKenzie or an on duty life guard.

BACKSTROKE TURN VIDEO: Thanks to **BILL WHITMAN** who did the videotaping, all the facilitators (listed in the November newsletter) have received a copy of the USS tape of the backstroke turn. Please contact one of the facilitators if you would like to see one of the tapes.

*** PROOFREADING HELP WANTED ***

1990-1991 has produced a bumper crop of New England Records and National Age Group Reportable times. Congratulations to the swimmers and their coaches!

We've tried to be as conscientious as possible in recording and submitting these times, but, let's face it, nobody's perfect. Please, all of you out there, look these pages over and inform us IMMEDIATELY of any errors or omissions. At this point, there's still time to correct them and give our swimmers proper credit.

Also please note the NAG Long Course Cut times published in this issue. Please use the reporting form to let us know about any reportable or record breaking swims during the long course season.

Thanks,

Anne Hawkins

AN OFFICIAL PUBLICATION OF NEW ENGLAND SWIMMING

JULY 1991

IN THIS ISSUE: New England Short Course Meet Schedule, 1991--1992; Record Breaking Swims, 1990--1991; Athlete Rep Application; Information for Officials.....

NEW ENGLAND SWIMMING THANKS MAUREEN DEVITO and JUSTINE QUIMBY for stepping forward and offering to be meet directors for New England Seniors!!!!

CONGRATULATIONS to JENNY THOMPSON (SSA) who won the 50 meter and 100 meter freestyles and was named Swimmer of the Meet at the May 15 Allstate Life/NISCA All-America Swimming Invitational which included the top eight high school seniors in each event.

ANNUAL MEETING:

Please mark your calendar with the date of the **ANNUAL MEETING, OCTOBER 12**. The meeting will be held at the Wellesley Community Center, Wellesley, MA, and we would like to encourage every team to be represented by at least one parent or coach.

The General Meeting will be held in the morning and will include a discussion of the budget and the election of officers. We will be back on schedule this year, and officers will be elected for two years. Anyone who is interested in being on the Board of New England Swimming next year should contact Isabelle Fraser, Jim Kresel, Steve Korbly, or Priscilla Davis. Anyone who wishes to place an item on the agenda should contact Bob Fredette or Mary Riddell.

The afternoon session will include three meetings--Officials Clinic (updates), Meet Managers Seminar, and Coaches Meeting. The Meet Managers Seminar is mandatory for all clubs running meets during the year.

NEW ENGLAND RECORDS:

Included in this newsletter is a list of all New England Swimmers who have broken short course New England and New England Resident records. For the purposes of records, the year runs from May 1 of one year to April 30 of the following year. Therefore, the short course records listed were broken during the period of May 1, 1990 to April 30, 1991.

The Board of New England Swimming will not meet in August. The next meeting will be on Monday, September 9, 1991 at 7 p.m. at the Wellesley Community Center, Wellesley, MA.

TO ALL OFFICIALS:

New England Swimming should feel good about their organization. We've got our act together regarding running meets and training officials. During my recent visit to the Olympic Training Center in Colorado Springs, I felt proud of the network that John Johanssen has established of top notch facilitators, and I plan to continue the program.

Now for some thoughts on my visit. Let's talk about the 4-hour rule. A different interpretation was conveyed to the group. The 4-hour time limitation actually begins with the first event of an age group. i.e.... morning session begins at 8:30 a.m. and includes ages 9 and 10 girls and boys and 11 and 12 girls and boys. If the 11 and 12 boys' first event actually starts at 9:15 a.m. (even though the meet began at 8:30 a.m.), 9:15 a.m. begins the 4-hour limit for 11 and 12 boys. This will clearly add 40 to 50 minutes to the 4-hour time limit.

The backstroke turn discussion filled 1½ to 2 hours on Saturday afternoon.

1. Total turning action is the key element.
2. Kicking through the turn is legal.
3. Swimmers and coaches alike should realize that an illegal turn is actually slower. Excess floating will actually be a disadvantage. Swimmers will want to do the turn legally.
4. When the feet leave the wall, the swimmer must be toward the back. When the swimmer take the first arm pull, the swimmer must be on the back. This is similar to the breaststroke requirement before the first pull.
5. Swimmers will be requested to enter the pool feet first. This is encouraged to speed up the meet. This is only a request, not a requirement. However, referees have been told to blow the whistle quickly to signal a "ready position" and the starter's command of "place your feet." This will better signal the swimmers to quickly get into a starting position.

The legality of the upward leg propulsion in the breaststroke is deemed a judgement call by the stroke and turn judge or referee, whether or not a swimmer gets a propulsion advantage when the legs and feet come down. Shoulders can be uneven in the middle of the pool as long as this is the normal position of the shoulders. However, the hands must remain in the same plane as the water. No up and down dipping motion of the shoulders will be allowed. Regarding the arm recovery action, which is beginning to look more like a butterfly recover, it is legal as long as they originate from the breast.

We discussed sculling during the butterfly and what is permissible. As long as there is no "breaking of the elbows," hand sculling is permissible.

Here are a few more comments and tips not fitting any certain category.

1. Rules now require for the backstroke start and turn to indicate the 15-meter position on the lane lines. Buy or sew nylon sleeves with tie strings at both ends. Disconnect the lane lines and slide the sleeves into position and tie. During a meet using this technique or just water proof tape, as lane markers "shift" and are no longer "equal all across" always

continued.....

TO THE OFFICIALS (continued)

use the farthest marker. This will ensure fairness for all the swimmers.

2. Whenever a "reseed" occurs during a pre-seeded event, if possible use a different colored paper. This will alert swimmers, coaches, and officials.

3. Timers, whenever you observe a "slow" or "bad" touch by a swimmer, make a notation on your program or the back of the card. This may be important if a timing error happens or a coach or swimmer questions results.

4. When there is a failure of timing equipment to start at the beginning of a heat, start the equipment anyway. Even though the times will be "world records," the pads will place the heat electronically and the referee can fairly add a uniform adjustment to all the times.

5. A new officials evaluation sheet will soon be created. The evaluation form will be completed by the meet referees and returned to Bill Whitman. This will be a confidential matter. Names of participating officials should be listed as well as their rules knowledge and cooperation. Copies of this form will be sent in to the meet director in advance of the meet. The meet director should then distribute the forms to the referee for each session. Postage and envelopes will be available.

In conclusion, I would like to reiterate the quality organization New England Swimming has put together. Mary Riddell does a super job in coordinating materials and the monthly newsletter is the envy of other ISC's.

Respectfully,
Bill Whitman

NOTE: Bill Whitman and Charlie Wilk recent were sent by New England Swimming to the Officials' meeting in Colorado Springs, CO. If you have any further questions about this material, feel free to ask either Bill or Charlie.

Let's Make Safety Everybody's Responsibility

by Marjorie Illingworth, Safety Education Committee Member

There are many members of the swimming community - swimmers, coaches, officials, administrators and, of course, parents. Parents always play an important role in the swim community. They are the backbone at any practice, any meet, any club activity, but many clubs overlook their critical role in safe swimming.

Coaches must take safety training courses. Meet officials have assigned roles assuring the safe conduct of swim meets. Club officials have safety responsibilities within the club. Swimmers have rules that they must follow to assure a safe environment. Still, the role of the parent is often overlooked and undefined.

Parents are the basis for all Swimmer's Safety. Parents usually are the meet officials, club officers, and sometimes even the coaches. A parent's role in safety begins long before their children become swimmers. They begin teaching their children safety before they can even walk. They look out for their children's safety in all areas, not just swimming. It is their concern and early introduction of a safety conscious attitude that is the basis for safety education.

Additionally, parents see safety concerns that might be overlooked by other members of the swimming support community who are more familiar with the sport. Sometimes those so involved with the sport do not see the hazard that is obvious to a less involved observer. That is why it is important to include parents when planning for the safety of swimmers. Parents also may be the source of community expertise with safety planning in other fields. What a source of support and knowledge!

Even more important is the parent's presence in areas where the coach or other officials cannot be. Parents see all manner of behavior in the lobby, viewing area, locker rooms, even outside the swimming venue. Yet how often does one hear, "If

that were my kid I wouldn't let him do that," or "I really don't know if I should say something. It's not my child." When any swimmer's safety is at stake, every member of the swimming community has the responsibility to say something! Someone - official, coach, club administrator, parent, grandparent, or just plain spectator - needs to speak up!

Years ago, everyone in the neighborhood felt a responsibility toward the youth of the community. Parents were told if the youth did something wrong or unsafe. Neighbors spoke words of warning. Everyone was concerned. Why can't the swimming community react the same way today? All youth will benefit from this caring attitude!

Let's be truly a swimming community and watch out for all swimmers! Speak a word for the safety of a swimmer today!

What can you do as part of the swimming community do to support swimming safety? Here are a few suggestions:

1. Make sure your team has a good safety program
2. Support your coach's safety decisions
3. Enforce your team's safety rules with all swimmers
4. Encourage your coach to think safety and compliment his safe actions
5. Point out areas that you think might pose a safety hazard
6. Offer your expertise in safety planning
7. Watch out for the safety of all members within the swimming community
8. Speak up for safety - even if it isn't your swimmer.

TBS U.S. Olympic Gold To Show Phillips 66 National Championships

The 1991 Phillips 66 National Swimming Championships will be shown by TBS on Saturday, August 31 immediately following the Atlanta Braves baseball game. Consult your local listings and tune in to see your local swimmers in action at the Phillips 66 National Championships in Ft. Lauderdale, Fla.

In a recent survey conducted to determine the likes and dislike of televised sports viewers, swimming finished 13th overall. More importantly, swimming was the number one summer Olympic sport listed and the number two Olympic sport of any kind behind figure skating.

Good numbers for televised swimming events are key to more TV exposure, which in turn affects U.S. Swimming sponsorship levels.

Don't forget to turn on TBS' U.S. Olympic Gold every Saturday night.

SELECT CAMP INFORMATION

These camps are operated at the Olympic Training Center in Colorado Springs, CO. An experienced staff of coaches educate, motivate and test the best age group swimmers who are ready to make the transition from zone competition to national level competition. Selection is based upon 1991 Long Course times. Information will be sent to coaches and Top 16 swimmers in August (see the camp time standards below). The U. S. Swimming Camps are designed to assist coaches at all levels, help themselves and their swimmers "Be the Best They Can Be," and help U.S. Swimming achieve international goals.

APPLICATION DEADLINES: Boys, September 14; Girls, October 14.
Selection based upon LONG COURSE TIMES ONLY!

- BRONZE CAMP: Girls born 1978; Boys born 1977--self esteem; growth/development; training readiness

ALL SWIMMERS WILL BE NOTIFIED OF SELECTION STATUS APPROXIMATELY 6 WEEKS OUT. USS provides housing, meals, ground transportation, and an airfare reimbursement of one-half up to \$100.00 Eagle Camp swimmers receive full airfare. Additional details provided on acceptance.

Swimmers must be ready for an intense training regimen.

Send Camp applications to: U.S. Swimming, Domestic Programs, 1750 E. Boulder Street, Colorado Springs, CO 80909

REGISTRATION:

Letters have gone to all currently registered clubs requesting information concerning new mailing addresses for the clubs and also the name and address of the person in charge of registration for each club. Registration materials will be sent to each club as soon as the materials have arrived from United States Swimming and as soon as the name of the registration person has been received from the club.

To help with your planning, please be aware that this year no team will be allowed to register without a certified coach registering at the same time. If the team registration is received without a coach registration, all swimmers will have to be registered "unattached" and the team itself cannot be registered. Remember that to be registered as a coach an adult must send the office copies of current CPR, First Aid, and Safety Training for Swim Coaches. Please have your coaches plan ahead!

Fees for 1992 will remain the same as for 1991:

Clubs	\$100.00
Athletes	\$ 25.00
Non-athletes (individual)	\$ 22.00
(family)	\$ 37.00

(A family is two related adults living in the same household.)

The next meeting of the Board of New England Swimming will be at 7 p.m. on Monday, October 14 at the Wellesley Community Center, Wellesley, MA.

DIRECTIONS TO WELLESLEY COMMUNITY CENTER: 219 Washington Street (Route 16), Wellesley Hills, MA

From Route 128 take Route 9 west. After the second set of lights, turn right at the blinker (the sign says Route 16). At the light at the end of the ramp, stay to the right and cross Route 16 into the parking lot. Be careful. Cars on Route 16 are not necessarily expecting you!

From the west, take Route 9 east. Exit at Wellesley Hills, Route 16. At the lights at the end of the ramp, turn left, cross back over Route 9 and turn left into the driveway which is just beyond the ramp to Route 9 (and a sign that says no left turn onto the ramp).

SAFETY TRAINING FOR SWIM COACHES, CPR, FIRST AID:

Safety Training for Swim Coaches will be offered at the Andover/North Andover YMCA on October 19, 1991. CPR and First Aid will be offered at the Andover/North Andover YMCA on October 20, 1991. Steve Quimby will be coordinating the courses. For more information and to register, please call the Y at 508-685-3541.

SWIM TEAM HEAD COACH: The Sudbury Swim Team is looking for a mature, experienced head coach. The team swims in the fourteen town Suburban Swim league. The season runs from Thanksgiving to the middle of March and the job entails 12--15 hours per week. The salary is up to \$20 per hour based on experience. There are 75--100 swimmers aged from 7--17. Our home pool is the Atkinson Pool in Sudbury. There will be two high school senior swimmers as assistants. Interested candidates should contact Bill Katter at 508-443-7656 evenings or 617-868-1650 ext 231 days and/or forward resumes to him at 128 longfellow Rd., Sudbury, MA 01176.

REIMBURSEMENT POLICY FOR 1991--1992:

A New England registered swimmer who swims in an individual event at Junior Nationals will be reimbursed \$150 by New England Swimming. A New England registered swimmer who swims in an individual event at Senior Nationals will be reimbursed \$300 by New England Swimming. A New England registered swimmer who swims in an individual event at the US Open will be reimbursed \$300 by New England Swimming. A swimmer who places in the top 16 in one or more individual event will receive an additional \$50. There will be no limit either for the number of meets or the amount of money to be reimbursed to a swimmer.

During the short course season a swimmer must participate in three New England calendar meets to be eligible for reimbursement. During the long course season a swimmer must participate in two New England calendar meets to be eligible for reimbursement. A swimmer must request the reimbursement within eight weeks except for those swimming in the US Open.

A swimmer who does not participate in three New England calendar meets during the short course season may request a waiver for a championship meet during that season only if he/she participates in three New England calendar meets during the long course season. A swimmer who does not participate in two New England meets during the long course season may request a waiver for a championship meet during that season only if he/she participates in three New England calendar meets during the short course season. All requests for waivers will be considered following the long course season.

CHAIRMAN	:	JAMES KRESEL
VICE CHAIRMAN	:	MARC ALLEN
TREASURER	:	GLENN HERRICK
SECRETARY	:	MAUREEN DEVITO
SENIOR CHAIRMAN	:	MIKE PARRATTO
AGE GROUP CHAIRMAN:		JIM MCCOMBS

CHAMPIONSHIP MEET INFORMATION:

SENIORS: New England Seniors will be held at Harvard University on the weekend of March 12 to 15, 1992. More information will be announced at a later date.

TEN AND UNDER CHAMPIONSHIPS: There has been some confusion concerning the Ten and Under Championships. There will be separate events for 9 and 10-year-olds and eight and under swimmers. The 9 and 10's will swim on Friday evening and Saturday and Sunday afternoons. The eight and unders will swim on Saturday and Sunday mornings. High point plaques will be given to the top six boys and top six girls in the eight and under age group and the 9 and 10 age group. The team trophy will be based on points received for all events during the meet. All participants will receive New England Age Group pins. Please note that the published times will not be the yard cuts for Long Course Age Groups!!

The Board of New England Swimming will meet on Monday, November 11, 1991 at 7 p.m. at the Wellesley Community Center, Wellesley, MA.

CLINICS FOR OFFICIALS:

TIMERS CLINIC AND STROKE AND TURN CLINIC: Sunday, November 17, 1991 at the Nashua YMCA. The time has not yet been determined. Facilitator: Jerry Zimmer. Contact Bill Haley (603-424-6076) for further information.

CORRECTIONS TO NAG REPORTABLE TIMES

Please look over these Long Course reportable times and report any errors or omissions to me immediately. I can easily make changes or additions on the proof sheets sent to me from Colorado.

I am especially uneasy about lead-off splits at certain meets (notably New England Age Groups and Senior Nationals) where the splits were printed per 100 meters instead of cumulatively. These lead-off splits ARE eligible for NAG Reportables, but they are easy to miss.

"FOUR-HOUR" RULE:

The Board of New England Swimming has adopted the interpretation of the "four-hour" rule which was discussed at the officials' training held in Colorado Springs in the spring.

In this interpretation the "four-hour" rule limitation actually begins with the first event of an age group. For example, the morning session of a meet begins at 8:30 a.m. and includes ages 9 and 10 girls and boys and 11 and 12 girls and boys. If the first event for the 11 and 12 boys actually starts at 9:15 a.m. (even though the meet began at 8:30 a.m.), 9:15 a.m. begins the "four-hour" limit for 11 and 12 boys.

CONCERNING NEW ENGLAND CHAMPIONSHIP MEETS....

There is some confusion about what is needed for a swimmer to participate in a New England Championship or "classic" meet. In order to swim in Age Groups (including 10 and under Age Group), Silver Classic or Bronze Classic, a swimmer needs to be registered in New England and have results proving the swimmer's qualifying time(s). The results may be from any New England calendar meet (these results will be in the office) OR a "Y" meet, recreation league meet, high school meet, out of district USS meet, Boys' club meet, etc., which has printed results. There is no requirement to swim in any number of New England meets to participate in these meets for most swimmers. Swimmers who wish to go to the Zone Meet or to receive reimbursement for Junior Nationals or Senior Nationals must participate in three New England meets during the season, but there is no requirement for anyone else.

Swimmers who want to participate in New England Seniors must be registered in New England, have results proving the swimmer's qualifying time(s) and also must have participated in at least one New England calendar meet during the past 11 months. (A New England calendar meet is one that has been listed in the calendar of New England meets listed in Newsletter Plus

OFFICIALS NEEDED: Bill Whitman, Officials' Chairman, needs officials to work the Christmas Classic (December 13--15 at Brown University) and also the National Qualifier (January 17--19 at Brown University). The National Qualifier has been designated as a meet for those officials who wish to become qualified to work at national meets. Any official who is willing to work at either meet or who wishes to become nationally certified should contact Bill Whitman at 617-237-4584.

NATIONAL AGE GROUP UPDATE -- 1991-1992

Included in this issue are new NAG Top 16 cuts for 1991-1992. It's worth your while to familiarize yourself with them, since there have been many changes, especially in the girls' cuts.

In general, the 13-14 girls have harder cuts than previously, while the 15-16 and 17-18 girls' cuts have been relaxed, sometimes a great deal. Certain cuts for the younger girls have also been changed. Very few boys' cuts have been changed.

Please note that the reporting period for 1991-1992 Short Course is, FOR THIS YEAR ONLY, May 1, 1991 to May 31 1992, a thirteen month span. In future years the reporting period will be from June 1 - May 31.

You'll find a reporting form for NAG Reportable cuts and New England Records in this issue of the Newsletter. Please use it! Be especially careful to report LEAD OFF SPLITS, since these are very easy to miss. Also, be sure to report out-of-district swims. Theoretically, the out-of-district LSC is supposed to report ALL NAG swims done in its area, but, in actual fact, this doesn't always happen. Also, if a New England Resident Record is broken out-of-district, we have no way of knowing about it unless you report it. All relays should be reported, even those swum in New England, since they are quite difficult to track down after the fact.

AN OFFICIAL PUBLICATION OF NEW ENGLAND SWIMMING

DECEMBER 1991

IN THIS ISSUE: PROPOSED LONG COURSE CALENDAR AND BID FORM; SAFETY INFO; ZONE TEAM INFO & APPLICATION FOR 15--18; SAFETY TRAINING FOR SWIM COACHES; SPORTS SCIENCE SEMINAR.....

Starting Block Legislation Effective May 15, 1992

The following safety related legislation was passed during the USAS Convention in Louisville, Kentucky:

Amendments to Part One (Rules)

103.2.3 Water Depth

Delete existing paragraph B and substitute the following:

B. /M/ Minimum water depth for racing starts, as measured for a distance 3'3 1/2" (1.0 meter) to 16'5" (5.0 meters) from the end wall, during either competition or practice shall be as follows:

- (1) In pools with water depth less than 3'6" (1.07 meter) at the starting end, the swimmer must start from the deck or from within the water;
- (2) In pools with water depth 3'6" (1.07 meter) to less than 4' (1.22 meter) at the starting end, starting platforms shall be no more than 18" (0.46 meter) above the water surface;
- (3) In pools with water depth 4' (1.22 meter) or more at the starting end, starting platforms shall meet the height requirements of Section 103.11.1.

NOTE: Local, state and municipal statutes, ordinances, rules and regulations, may have depth limitations in conflict with this Section 103.2.3. The LSC and all Member Clubs should check for this at all times.

The Board of New England Swimming will meet on Monday, January 13, 1992 at 7 p.m. at the Wellesley Community Center, Wellesley, MA.

TO: COACHES, SWIMMERS, PARENTS
FROM: PRISCILLA DAVIS
RE: PRACTICE

Please remember that all safety rules pertain to practice as well as meets. **NO DIVING, PERIOD!** You may practice starts in one way lanes and relay exchanges in a carefully controlled environment.

HOWEVER, as of 5/15/92, the water must be 4 feet or more at the starting end to use blocks 30 inches above the water (standard height now). If the water depth is 3'6" to less than 4', the starting platforms must be 18" or less above the water surface. In pools with less than a 3'6" depth at the starting end, the swimmer **MUST** start from the deck or in the water.

SAFETY TRAINING FOR SWIM COACHES: Skip Farkas is willing to run the Safety Training for Swim Coaches course if there is enough demand. The course would be offered at Minuteman Voc Tech in Lexington, MA, possibly during Christmas break. If you are interested, please call Skip at Minuteman (617) 861-6500 x260 or home (508) 443-0585 **immediately**. This may be the last time the course is offered this season!!!!

SPORTS SCIENCE SEMINAR: United States Swimming will host a "National Forum on Age Group Training and Development" seminar in Colorado Springs at the Olympic Training Center on April 23--26, 1992. New England expects to send a representative and invites any one who is interested to submit a request to attend to the New England office by January 10, 1992. Room, board, registration, course materials and local transportation will be provided by USS; NES will pay for plane transportation to Colorado.

NEW ENGLAND SWIMMING OFFICE

Foreseeability

By Ron Warner, Member, USS Safety Education Committee

I. Standards

In order for one person to be liable to another for damages, there must be a chain of events which has occurred. The elements in this chain include:

A. Duty.

There must be a duty owed from one person to another. Examples in everyday life include obeying driving rules. In US Swimming the duty is to provide a safe environment for the conduct of warm-up and competition.

B. Breach of Duty.

An act or a failure to act must occur which in effect ignores the duty. An example is failing to stop at a red signal light. In our sport, examples would be failing to have marshals or permitting wobbly starting blocks.

C. Injury.

As a result of the breach to comply with the duty, a person is injured by the one who breaches. A pedestrian, for example is hit by the driver who ran the red light. Or a swimmer is injured by another swimmer who was "horsing around" because of a lack of marshals.

D. Damages.

The injury may or may not result in monetary awards, including reimbursement of expenses (medical, etc.) or other (loss of employment income, or punitive damages).

II. Foreseeability

How can the chain described above be broken? The standard is that a reasonable, prudent person has taken all action under the circumstances to adhere to the duty. This means that common sense should be used in assessing the surroundings and the conditions and analyzing the potential dangers. It is not necessary to foresee every possible occurrence, only those which could reasonably have been prevented by careful people. Other people's standards do not count; reasonable ones do.

For example, it is foreseeable that a swimmer may slip on wet bleachers. Therefore, it is reasonable and prudent to have them kept dry at all times.

When faced with any claim for damages, the facts that one has thought about the realistic danger and has taken reasonable steps to eliminate or reduce the danger will not only help in defending against the claim, but will probably have avoided any accident which would have occurred and been the grist for a claim.

Be aware! Use common sense! As a result, everyone will have more fun.

Safety—The Bottom Line

Foreseeability: Another Explanation

FORESEEABILITY:

- A term widely used due to the proliferation of sport injury litigation
- Is a key element in determining negligence.

Administrators, teachers, instructors and coaches have a duty to foresee potentially dangerous circumstances and situations that would be likely to cause injury.

Foreseeability as it relates to four special areas:

1. Supervision and instruction
2. Care of facilities
3. Care of equipment
4. Medical care in case of injury

STEPS TO FORESEEABILITY

1. Identify the hazards in your specific facility
 - a. architectural plans
 - b. reporting form
 - c. staff meeting
2. Manage the risk through preventive measures
 - a. rules and regulations
 - b. signs and marking that are easily identifiable
 - c. state codes and laws need to be followed
3. Personnel and staff development
 - a. fitness and skill screening
 - b. in-service training (EAPs/hazardous material program)
 - c. water safety, first aid and CPR certification updates
4. Operational procedures
 - a. job descriptions and specific requirements
 - b. emergency procedures developed and practiced
 - c. operational manual for your facility
 - d. records and report forms for documentation
5. Education procedures
Use common sense and do not omit any area
 - a. pre-event
 - b. post-event

Negligence

1. Failure to exercise reasonable care which resulted in injury or damage
2. Not taking prudent care
3. Careless manner
4. Inattention to ones' duty
5. Failure to enforce rules and regulations
6. Implies a blameworthy lack of strictness

Gross Negligence

1. Willful Negligence
2. Almost intentional
3. Could be Criminal

Professional Standard of Care as it Relates to Minor Children

1. The duty of care owed a child is **GREATER** than that owed an adult against **UNREASONABLE** risk of injury. The degree of care increases with the **IMMATURITY** of the child.
2. The institution owes children the duty to exercise such care as a parent of ordinary prudence would observe in a comparable circumstance.
3. Negligence, as applied to a minor child, is the doing of that which an ordinary prudent person of the **AGE, INTELLIGENCE, EXPERIENCE, and CAPACITY** of such child would do under the same circumstances, **OR THE FAILURE TO DO UNDER THE SAME OR SIMILAR CIRCUMSTANCES.**

Liability Provisions in Club Contracts

Almost every USS Member Club is a party to a contract with an owner of a swimming pool, public or private. Almost all USS Members, including LSCs and the national organization itself, will, at one time or another, enter into contracts for the use of a swimming venue for a meet or other authorized aquatic activity.

Such contracts will include standard language as to time of use, compensation, maintenance and the like.

Such contracts will also contain language with regard to the tort liability of both parties during the use of the facility. The owner will always include indemnification and hold-harmless clauses on liability for personal injury and property damage resulting from the negligence of the USS Member, its officers, agents and employees.

It will be impossible to avoid such releases or waivers couched in general language. The owners, or their attorneys, will insist on this.

However, it is extremely important that the USS Member does not sign a contract containing language which indemnifies or exculpates (clears from alleged fault or guilt) the owner from liability for damages resulting from the negligence of the owner, or its agents and employees. Such language may or may not be valid in your particular state. If it is, it is usually subject to strict construction.

If you are in doubt on this, consult an attorney in your own state and at the same time refer him/her to Bernard J. Favaro, General Counsel for United States Swimming, Inc.

If you see the following language, or anything similar to it, consult legal counsel at once before signing the agreement:

Club (LSC) agrees to indemnify Owner against all liability loss, or other damage claims or obligations because of or arising out of personal injury or property damage, related to Club's use and occupancy of the premises, including that caused by the negligence of the Owner or its agents or employees.
