**IN THIS ISSUE: NE SWIMMERS LISTED FOR NATIONAL AGE GROUP TOP 16;  
"END OF SEASON" MEET INFORMATION; WAIVERS FOR COACHES  
WITH PHYSICAL DISABILITIES; USA SWIMMING CODE OF CON-  
DUCT; REPORT OF OCCURRENCE FORM.....**

## INFORMATION FROM USA SWIMMING:

Please note that this issue of Newsletter Plus contains several pieces of information from USA Swimming:

1. The new United States Swimming Code of Conduct which was approved at convention this past September.
2. A new policy from USA Swimming which allows waivers for certain coaches who have disabilities.
3. The USA Swimming "Report of Occurrence" which should be filed following any accident in the swimming venue.

## COACH REGISTRATION:

Coach registration this year has raised a few questions. In order to be registered as a coach, the application must be accompanied by copies of current CPR, First Aid, and Safety Training for Swim Coaches. Each team's registration packet included a sheet which listed the various courses which qualify for the requirement.

A few things to note: Effective January 1, 1998, the American Red Cross instructor certificates were taken off the approved list. Based on a recommendation from the American Red Cross, these were removed because yearly certification in CPR and First Aid are not required for ARC instructors. If ARC instructors do not hold a current certification in the appropriate course, they can take a Review Challenge (30 minutes) to obtain a current certification. This change was announced in the December 1997 Newsletter Plus.

Some coaches are submitted the new American Red Cross Sport Safety Training course in place of Safety Training for Swim Coaches. This course will fulfill United States Swimming requirements for CPR and First Aid, but it does not replace Safety Training for Swim Coaches. This information was in both the February 1998 and June 1998 copies of Newsletter Plus.

The Board of New England Swimming will meet at the Wellesley Community Center, Washington Street, Wellesley on Tuesday, February 9, 1999 at 7:30 pm. In case of bad weather, please call the office.

TO: LSC Registration/Membership Chairs  
LSC Safety Chairs

FROM: Cathy Durance, Member Services Coordinator *Cathy Durance*

SUBJ: Waivers for Coaches with Physical Disabilities

---

Several people who have applied for coach membership have had disabilities that prevented them from completing CPR (asthma) and Safety Training for Swim Coaches (wheelchair). These people were unable to participate in the skills demonstration required to pass these courses.

Effective December 1, 1998, the attached procedures must be followed by people applying for coach membership who are unable to complete the safety courses due to physical disabilities. A copy of the waiver is also attached.

This procedure will be added to the Registration/Membership and Risk Management Manuals when they are revised in 1999.

If you have any questions, please don't hesitate to contact me.

## USA SWIMMING COACH SAFETY REQUIREMENTS WAIVER FOR COACHES WITH PHYSICAL DISABILITIES

USA Swimming requires anyone applying for coach membership to provide proof of current certification in First Aid, CPR and Safety Training for Swim Coaches (STSC). These courses include skill demonstrations that people with certain disabilities may be unable to participate in. In this event, the coach candidate should follow these procedures:

1. Obtain current certifications in any of the three courses where his/her disability is not a factor. Certifications must be from the list of USA Swimming approved courses.
2. Take the remaining course(s) and complete the written exam at the end of the course.
3. Request that the organization that administered the course(s) send a letter to USA Swimming, stating that the candidate passed the written exam(s) but is unable to participate in the skills demonstration portion of the exam(s) due to a physical disability. Letters should be sent to: Member Services Coordinator, USA Swimming, One Olympic Plaza, Colorado Springs, CO 80909 (fax: 719/575-4050).

USA Swimming will send the candidate and Local Swimming Committee (LSC) Membership Chair a waiver. Candidates will be eligible for coach membership provided that all the following conditions are met:

- ✓ Candidate has current USA Swimming-approved certifications where a waiver is not necessary (First Aid, CPR, and/or STSC)
- ✓ Candidate can provide proof of having passed the written exam(s) for those courses where a waiver is necessary
- ✓ Candidate agrees to provide a copy of the waiver to the LSC at any time
- ✓ A lifeguard or another USA Swimming coach member is on deck at all times

The coach candidate must prove to the LSC Membership Chair that all the above conditions have been met. At that time, coach membership can be granted by the LSC.

## 1999 Senior Long Course Championships

When the 1999 Calendar was announced showing the New England Senior Championships falling after Sr. National Championships, there were many questions raised regarding the rationale for making such a radical change in our traditional schedule. Some of the concerns raised were:

- It disrupts the normal progression of meets from age groups to Seniors, Junior Championships and Nationals.
- Long Course Seniors would be diminished because of lack of incentives to do well.
- The late date leaves little free time in the summer for the swimmers.
- Swimmers entering their senior year in high school would have less opportunity to visit prospective college campuses over the summer.
- College swimmers may not be able to attend at all if their college started early.

All of the above points are valid considerations, but they are not the only things that must be considered. The two most important factors that have always driven our calendar in the past have been pool availability and the national schedule. As the National Championships keeps getting earlier, we find that keeping the "natural progression" pushes the championships for the youngest ages to the beginning of July. Many coaches are concerned that the long course season is already too short, and are reluctant to make it any shorter.

There is much difficulty finding suitable long course pools in the early summer because there are often conflicts with club or other league meets, or with athletic camps held at

The Board of New England Swimming will meet on Tuesday, **March 16, 1999** at the Wellesley Community Center, Wellesley, MA at 7:30 pm.

colleges during the summer. In fact, at the time the schedule was being put together, we did not have pools available for both Seniors and Age groups if we held them based around the national calendar.

The technical committee is charged with trying to find workable solutions with the reality at hand. The decision was not made without a lot of discussion on both sides of the argument. The committee finally agreed to propose the August 15 date for New England Seniors, and New England Swimming is going to TRY this format for this year. The committee is made up primarily of coaches and the athlete's representatives, who were unanimously in favor of the change. Some of the arguments for moving the meet to mid August were:

- It would strengthen New England Seniors, because teams could go to the meet at full strength, without having two different training programs for their athletes who had already qualified for nationals versus athletes trying to qualify.
- It would allow for a longer season for the age group swimmers.
- Because the season would be longer, it would allow teams the flexibility to have a longer spring break between long course and short course.
- Swimmers who barely make national qualifying times at New England Seniors often find that they do not swim as well a week later and may not swim a qualifying time at juniors or nationals. They then have to start all over the next season trying to qualify for the national meets. Swimmers who make junior or national cuts at seniors held in August could use those times to qualify at both short course and long course meets the following year. The swimmer could then concentrate on the optimum training geared to the national or junior meets next year.

This may not be a permanent change. However, every year the calendar is filled with problems that don't satisfy everyone. We have to keep trying innovative ways to deal with our logistics. There are good, traditional arguments against the change, but we won't know the real impact it has on our swimmers until we try it.

The technical and calendar committees put in a tremendous amount of effort each year trying to deal with both the format and timing of the season end meets. Technical committee meeting schedules are always published in the New England Swimming Newsletter. It can be reasonably assumed that any technical committee meeting held between November and January will be addressing championship issues, because that is the key time period for finalizing both the short course and long course championship schedule. People who have concerns or ideas they would like considered would do better to try to contact someone on the committee before the meeting, rather than waiting until after decisions are made.

Sincerely yours,

Kenneth Cunha  
General Chairman

## **SHORT COURSE BIDS:**

Included in this newsletter is the bid form for the Short Course 1999--2000 season. Please note that New England Swimming is no longer charging surcharges for trials and finals meets and also for "A" meets whether timed finals or trials and finals. We hope that this will encourage more teams to run trials and finals meets and also "A" meets.

Since this is an Olympic Trials year, New England Swimming will be looking for a Long Course trials and finals meet in December or January. This meet would also be supported by the officials as a "National Officials Qualifying Meet."

**BYLAWS:** By this time, all registered clubs should have received a copy of the revised bylaws. Please make sure that this copy is in a "safe" place and passed on as contacts for your team change. If a team needs a replacement copy, a fee for copying and postage will be charged.

**MEET UPDATE:** The meet scheduled for June 26--27 at Warwick will be run by EBAC. The contact is Roger Mooney at 401-433-3545.

The Board of New England Swimming will not meet in May. The next meeting of the Board of New England Swimming will be on Tuesday, June 8, 1999 at the Wellesley Community Center, Wellesley, MA at 7:30 pm.

To the Athletes of New England Swimming:

New England's athletes are represented on the New England Swimming Board by two athlete representatives. Each representative serves for two years--the first as the Junior Representative and the second as the Senior Representative. The current Senior Representative is Kevin Riley who is finishing his two-year team. The Junior Representative, Emily Rochefort, will become the Senior Representative, and a new Junior Representative will be selected from applications submitted by athletes in New England.

Athlete representatives attend the board meetings held once a month, usually in Wellesley, MA, are members of the Technical Committee (with meetings) about three times a year, and both athletes represent New England at the USA Swimming convention, usually held in September, this year in San Diego.

The Board values the input of the athletes when discussing New England policies and budget matters and depends on the athlete representative to convey the thoughts of all the athletes to the Board.

We encourage all high school age athletes to consider submitting an application for this position. If you have any questions, please call the office (781-449-0270) or either of the athlete representatives listed below. Please complete the form at the bottom of this page and submit it with a brief essay stating why you would like this position.

Please mail the application and essay by June 1, 1999 to:

## NEW ENGLAND SWIMMING

## PROPOSED 2000 SHORT COURSE CHAMPIONSHIP CALENDAR

October	2	Boston Swim Coaches Clinic, Ramada Inn, Andover, MA
November	7	Top Ten Banquet, Mill House, Dracut, MA
February	11--13	Bronze Championships (2 meets, all ages)
	18--20	Eight & under Championships; 9 and over Age Group/Senior Qualifier
	25--27	9--10, 11--12 Championships (trials & finals for 11--12)
March	2--5	13--14, 15--18 Championships (trials & finals)
	9--12	Senior Championships (trials & finals)
	17--19	Districts (2 meets). Swimmers who have achieved an age group or senior cut may not participate in that event in this meet.

Bids for all meets for the 1999--2000 short course calendar are due by July 1, 1999. A bid must be in proper form (complete meet information package) or it will not be considered. An untimely (late) bid will be considered only if teams hosting meets on the same weekend consent, or the calendar committee finds that the late bid will not adversely affect a timely bid meet. **The sanction fee will be increased to \$40 per day for any late bid meet.**

The Calendar Committee will review all timely submitted bids and attempt to award meets consistent with each team's preferred date. In the event any particular weekend is oversubscribed, the Calendar Committee will attempt to move one or more meets from an oversubscribed weekend to a less subscribed weekend in the best interests of the New England Swimming community. The final decision with respect to any bid rests with the Calendar Committee.

The Calendar Committee and the New England Swimming Board, in the best interests of New England Swimming, may waive any of its policies with respect to securing bids for championship meets. The New England Swimming Board will consider a subsidy (up to four per season) of \$250 to a team which hosts a distance meet open to all New England teams as a calendar meet. A distance meet is a meet which offers the 1650/1500 or the 1000/800 which may be combined with a 400/500 freestyle or a 400 IM. A distance meet run by a team in conjunction with an existing meet (i.e. on the same weekend) is not eligible for a subsidy.

In order to encourage teams to run more distance meets (see definition above), trials and finals meets and "A" meets, there will be no surcharges for distance meets, trials and finals meets or "A" meets.

New England teams that still owe surcharges will not have bids considered until the fees are paid.

The Bid Form for all meet bids will be found in this newsletter and is part of the bid package.

## PROPOSED 2000 LONG COURSE CHAMPIONSHIP CALENDAR

The proposed calendar for the 2000 long course season will be announced in September, and bids will be due early in the fall. This change will allow New England to evaluate the new (late) date for long course Senior Championships.

At the Coaches Meeting following the Annual Meeting, an election for Junior Coach Rep took place.

**JUNIOR COACH REPRESENTATIVE:** KATE ZENDA (SSA)

At the General Meeting of the House of Delegates an Application for Redistricting from the **BENNINGTON MARAUDERS** was approved. The team, which is on the New York border, would like to join Adirondack. Their request still has to be approved by Adirondack and also by USA Swimming's Redistricting Committee.

At the **ANNUAL MEETING** several pieces of material were available for distribution.

If you are interested in any of the following information, and were unable to attend the Annual Meeting, please call the office:

1. **CLUB MEMBERSHIP PROGRAM:** This program is scheduled to go online in 2002, and legislation will be presented at the 1999 USAS convention. According to USA Swimming, a new and enhanced Club Membership Program will not only help swim clubs become stronger business units, but the program will also help swimming establish a stronger footing in the youth sports market place.
2. **PROPOSED NATIONAL CLUB CHAMPIONSHIP FOR 2001:** The concept for a "National Club Championship" was passed at the 1997 USAS Convention. This meet will replace both the Spring Junior Championship and National Championship Meets. The proposal would create a Regional Championship with advancement to the National Club Championship for the top scoring teams.

**FOR SALE**

The City of Dover, NH is soliciting price quotes from interested parties for the sale of two (2) sets of durable vinyl insulated swimming pool covers ("pool blankets"), originally used on an indoor pool to help retard chemical evaporation in the atmosphere. The covers have not been used for the past six (6) years, are in excellent condition and come with a manually operated SS storage rack. The covers are sized to fit a main swimming pool measuring 75' by 42' (5 pieces 15' by 42') and an adjacent diving pool with dimensions of 35' by 30' (2 pieces 14' by 35'). The covers can be used either in an indoor or outdoor pool environment. They are blue in color.

The City paid approximately \$4,000.00 for these covers 8 years ago, and hopes to recover a portion of the original investment. Any reasonable offer will be considered.

**ZONE CHAMPIONSHIP TEAM:**

This newsletter contains the time standards and application form for the New England Eastern Zone Championship team. Please pay attention to the due dates which vary for different age groups.

For the short course zone team, New England can send only two swimmers per event. For the long course zone team, New England can send any swimmer who achieves the time standard.

For the short course team, New England takes the team on busses, houses the team, and feeds the team. For the long course team, parents are responsible for transportation, housing, food, and meet fees. New England provides a coach(es) on deck, a uniform, and fees for relays if there are enough swimmers in an age group.

New England has reserved a block of rooms for the meet at the Doubletree Hotel in downtown Pittsburgh (5 minutes from the pool). The rooms are \$89. Call the hotel at 412-281-3700 and ask for rooms for the New England Zone Team. The rooms will be held until July 25. Parking is \$15 per day. There is parking at a lot behind the hotel for \$5 per day.

If you have other questions, please call Isabelle Fraser at 413-567-3415 or the New England office at 781-449-0270.

**OFFICIALS REPORT FROM COLORADO SPRINGS, COLORADO**

Bill Geary (MVP) and I traveled to Colorado Springs in May for the Officials Training Clinic held at the Olympic Training Center. While there we had a jam-packed schedule of events to attend in order to educate us about what is happening around the country in the world of officiating. We both came home with the same pleasant conclusion: New England Swimming officials are well informed and up to date.

There were some interesting small group discussions with the different LSCs that resulted with similar themes occurring. The most prevalent one was that there are some officials that shouldn't be officiating (for various reasons) and what to do about it. There was even talk about having a decertification process in place to relieve these officials of their responsibilities. Another interesting proposal was that all meet referees should be familiar with the Hytek and Colorado programs so that they could intervene when problems might arise in running a meet. There are still not consistent standards between LSCs in regard to training officials. Some wanted a standardized evaluation form to be used to advance officials. Of course, communication from the national staff to the 9,919 registered officials across the country was an important issue, too. It is interesting to note that all our comments were taken seriously will be addressed in the near future by the National Officials Committee.

Overall, it was a great experience for Bill and I and we want to thank New England Swimming for giving us this great training opportunity.

## MEMORANDUM

DATE: March 25, 1999  
TO: Board of Directors  
FROM: Dave Carson, Registration/Membership Committee Chair  
SUBJ: Monitoring Coach Safety Certification Expiration Dates

=====  
At its January meeting, the Board of Directors directed the Registration/Membership Committee to investigate ways that USA Swimming could start tracking the coach safety certification expiration dates. At its meeting on March 5, the Registration/Membership Committee approved the following procedure, which will become effective on September 1, 1999 for the 2000 membership year:

The registration program will be revised so that the date of the first safety certification to expire will appear prominently on each coach's membership card. A new card will be issued when the certification is updated; the new card will include the next expiration date or 12/31, whichever comes first. (Below is a copy of the proposed coach membership card.)

It will remain the personal responsibility of the coach to maintain current certifications. The bold printed date is a reminder to the coach as well as a guide to others as to the validity of the credential. As an additional reminder to coaches, all three of their safety certification expiration dates will print on the stub portion of their membership card, with the following statement:

*Please note the expiration dates of your safety certifications. Coach members are responsible for maintaining current status of CPR, First Aid and Safety Training for Swim Coaches (STSC) If you do not renew the certifications **PRIOR TO** their expiration dates, your USA Swimming coach membership will be invalid and your insurance will be in jeopardy. There is no grace period - you must renew your certifications **PRIOR TO** their expiration and send a copy of the new certifications to your LSC Membership Chair immediately.*

**GUIDELINES FOR THE  
"NO RECALL" STARTING PROCEDURE  
(effective June 1999 for all Grand Prix events  
and Junior and National Championship events)**

**RATIONALE**

The swimmer's best effort is generally on their first start. They should not be penalized for a good start by having a race recalled due to someone else false starting. The penalty for the false start will be imposed to the offender after completion of the swim. It is each swimmer's responsibility to focus on their own start and race and not be affected by actions of another on the blocks. Reaction to movement on the part of another swimmer could result in a disqualification if confirmed by the referee or, at the very least, find themselves being caught on the block. Additionally, all other violations are called after the completion of a swim.

**STARTER RESPONSIBILITIES**

All National Championship procedures will take place as usual. If the starter observes a false start, the race will continue without recall and will record the lane/s in violation and report it to the referee. Any other information observed by the starter should also be reported.

If the movement occurred before the signal and the starter has time to stand the heat, no signal shall be given and the offending swimmer will be disqualified by the referee or designee after confirmation with the starter. All other swimmers entering the water upon reacting to the "stand" command shall be released. The starter shall inform the heat by saying "please hold a motionless position." The heat is then restarted.

A recall by the starter for unusual circumstances that affect the racing course (i.e., a lane line breaks) is appropriate.

**REFEREE RESPONSIBILITIES**

The procedure for initiating a race is the National Championship protocol currently in use. The referee must observe the start for movement or any irregularities, if any, immediately record the observation but shall allow the race to continue without recall. Communication with the starter for confirmation will determine if there was a false start. Upon confirmation, and the completion of the race, the referee or designee shall inform the swimmer of the violation. If a heat is instinctively recalled, the referee will relieve the heat and restart. In the 50 meter races, notification of the infraction will be communicated by the referee/chief judge at the starting end to the chief judge at the finish end who then will inform the athlete of the infraction.

**RECALL STARTER**

A recall starter will not be used with this procedure. The starter shall have full responsibility of ensuring that proper starting procedures occur.

**NOTE:** This procedure will be used at the New England Senior Championships.

## MEMORANDUM

DATE: March 25, 1999  
TO: Board of Directors  
FROM: Dave Carson, Registration/Membership Committee Chair  
SUBJ: Monitoring Coach Safety Certification Expiration Dates

=====  
At its January meeting, the Board of Directors directed the Registration/Membership Committee to investigate ways that USA Swimming could start tracking the coach safety certification expiration dates. At its meeting on March 5, the Registration/Membership Committee approved the following procedure, which will become effective on September 1, 1999 for the 2000 membership year:

The registration program will be revised so that the date of the first safety certification to expire will appear prominently on each coach's membership card. A new card will be issued when the certification is updated; the new card will include the next expiration date or 12/31, whichever comes first. (Below is a copy of the proposed coach membership card.)

It will remain the personal responsibility of the coach to maintain current certifications. The bold printed date is a reminder to the coach as well as a guide to others as to the validity of the credential. As an additional reminder to coaches, all three of their safety certification expiration dates will print on the stub portion of their membership card, with the following statement:

*Please note the expiration dates of your safety certifications. Coach members are responsible for maintaining current status of CPR, First Aid and Safety Training for Swim Coaches (STSC) If you do not renew the certifications PRIOR TO their expiration dates, your USA Swimming coach membership will be invalid and your insurance will be in jeopardy. There is no grace period - you must renew your certifications PRIOR TO their expiration and send a copy of the new certifications to your LSC Membership Chair immediately.*

#### 2000 TEAM ADDRESSES AND REGISTRATION:

The time for 2000 registration is growing near. Shortly, the office will be sending each team a form asking for the team address for the fall and also for the name and address of the registration chair-person.

Please return the form promptly, but not before putting some thought into the names listed. The team contact will receive the team mailings including the newsletter and meet announcements. The registration chair person will be responsible for all aspects of registration, including supervising and mailing all registration forms. Registration materials will not be sent until the form has been received.

As in the 1999 registration year, there will not be a computer printout for 2000 registration. The individual registration forms take a little longer (for the office as well as for the team), but the number of inaccuracies is cut tremendously.

The good news is that there will be no increase in dues for 2000. The club fee will be \$125 before December 1, 1999 or for new clubs and \$150 after December 1, 1999. As in the past, the club fee will include non-athlete fees for both the head coach and the safety coordinator. Other non-athletes will be \$30 and athletes will be \$32.

Please note the new system to monitor coach safety certification expiration dates which is included in this newsletter. Some teams are planning to offer courses for all their coaches in the fall so that they will not have to worry about mid-season expiration dates.

Registration forms will be sent directly to all registered non-athletes in October.

The form which the teams will be receiving in the mail serves two purposes--it triggers the team's registration packet, and it allows the office to update the labels which will be sent to all teams running meets.

Thank you for your cooperation!

The times and swimmers listed are the ones that achieved reportable times. Only the fastest 16 times in each stroke in each age group will actually achieve a Top 16 listing. If there are any corrections, changes, updates, etc., please report them to Pam Warner at 781-749-2526 as soon as possible.

MEET RESULTS:

There has been a growing problem with out of district meet results (including USA Swimming championship meets). The results are not being sent to the office. If you want to report potential top ten times or top 16 reportable times to the Top Ten Committee or to Pam Warner, Top 16 reporter, you must sent results to the office. All New England calendar meets are sent automatically to the office, but we do not receive other out of district meets unless a team that attends the meet sends them to the office.

## TOP TEN BANQUET

**TOP TEN BANQUET:** The Top Ten Banquet will be held on Sunday, November 7, 1999 at The Mill House, 810 Merrimack Avenue (Route 110), Dracut, MA. From Route 93 take exit 46, Route 110 Dracut-Lowell. The restaurant is 3.5 miles on the right with the banquet entrance in the rear.

**TOP TEN:** Please share the Top Ten information in this newsletter with your team as soon as possible. Encourage your team members to make reservations as soon as possible. In the past we have filled up before the deadline.

Top Ten Times are compiled using results from New England meets held during the past year. Short course (25 yard) times run from June 1, 1998 through May 31, 1999; long course (50 meter) times run from October 1, 1998 through September 30, 1999.

In addition to New England sanctioned calendar meets, we also use times from out of district sanctioned meets if the results are sent to the office and if the meet is open to all USS swimmers. We consider all times from the meet--trials, finals, and swim-offs--but we do not use time trials. We also consider lead-off splits from individual events and relays when they are printed in the results.

We do not include meets that are closed--restricted to certain teams, league members, etc. For this reason, we do not consider high school meets, "Y" meets, etc.

**OUTSTANDING SWIMMERS** are those who have accumulated the most points through their top ten standings. The scoring is as follows:

STANDING:	1	2	3	4	5	6	7	8	9	10
POINTS :	12	9	8	7	6	5	4	3	2	1

**TOP TEN BOOKS** will be sent to all New England teams as soon as they are ready. Books will be available for purchase at the banquet for \$2.50 each season or by mail for \$3.00 each, including postage.

Please call the office for information concerning the November meeting of the Board of New England Swimming.

The Top Ten Banquet was attended by 450 swimmers, parents, and coaches on November 7, 1999. The speaker was **TRIPP SCHWENK**, 1996 silver medalist in the 200 meter backstroke in Atlanta. Tripp's talk was amusing, educational and inspirational.

Thank you to **RAY GRANT** who drove Tripp to the banquet from Seekonk.

**USA SWIMMING TOP 16 REPORTABLE TIMES and NEW ENGLAND SWIMMING TOP 10 DEADLINES:**

USA Swimming has established new (and firm) deadlines for submitting Top 16 Reportable times. As a result Pam Warner (Top 16 Cahri) and the office have established new (and firm) deadlines for teams to submit out-of-district results to the office. Note that results for New England Calendar meets are submitted by the team running the meet. However, if a New England team attends a meet out-of-district, the team attending the meet must submit the results. We need a hard copy, not a disk or a message as to where to find the results on the internet. Teams do not need to submit the whole results if only a few pages are needed for Top 16 or Top 10.

**DEADLINES: SHORT COURSE MEETS: June 1**

**LONG COURSE MEETS: September 1**

**Exception:** For Short Course Top 16 only: Meets dating after June 1 may be submitted by September 1. (For Top Ten, those meets after June 1 are used for the following year.)

Meets submitted after the deadlines will not be considered.

**A THANK YOU TO WAYNE CHANG** who has been a Top Ten tabulator for many years and has "retired" from this position. Anyone who is interested in helping with Top 10 for any of the age groups for girls 12 and under is encouraged to contact the office to volunteer.

**LONG COURSE JUNIOR CHAMPIONSHIPS:** **ELIZABETH GACOMO (BGSC)** should be added to the list of "relay only" swimmers.

Last month one of our New England swimmers, **Crista Cardillo**, was diagnosed with Hodgkin's Disease. While continuing to swim with the Mass Bay Marlins, Crista has already begun her recovery treatments at the Children's Hospital and Dana Farber Institute. Crista's determination and positive attitude, as well as the support of her New England swimming friends will most certainly help her conquer this disease. Many of the Cardillo's friends in Watertown and in the New England swimming area have joined together and established a fund for Crista and her family. Donations to this effort can be mailed to: Marjorie Blackwell, 74 Belcher Drive, Sudbury, MA 01776. Please make all checks payable to The Crista Cardillo Fund. Cards of encouragement should be mailed to Crista at her home, 68 Webster Street, Watertown, MA 02173.

Dear Local Swimming Committee Chairperson,

In a constant effort to promote the sport of swimming and expand the participant base, USA Swimming continues to forge partnerships that create opportunities for their athletes. EF Sports Tours, one of these partners, is the official provider of international and domestic swimming tours for USA Swimming. We are proud to be able to provide USA Swimming Clubs and athletes with the chance to travel, train, and compete abroad within an educational and sport oriented framework.

EF Sports Tours has experienced great success in taking teams of athletes from across the United States on international tours. We would like to extend the same travel invitation to individual athletes from within your LSC who's teams may not be traveling this year.

The *LSC International Tour Program* offers a set tour and departure date for your LSC's traveling group. This allows individuals to sign up with your LSC Tour Coordinator and travel with a group of other athletes from their Local Swim Committee.

The responsibilities of acting as the Tour Coordinator for your LSC involve distributing information to area teams in order to recruit athletes for your LSC's tour next summer. For the Tour Coordinator's time and effort they will receive one Free Place on the tour for every six individuals who sign up to travel (minimum of 18 paying travelers per LSC). These Free Places may also be exchanged for a cash stipend. Additionally, Global Points are accrued for each traveler that you bring on tour. Points may be redeemed for domestic and international travel vouchers and tours (see red booklet enclosed).

As the LSC chair, you are eligible to be your LSC's Tour Coordinator. If a 9-day international tour in August of the upcoming year will not fit into your schedule, please nominate a responsible coach or member of your swimming community to be the region's Tour Coordinator. Please call or email me with nominations or questions on how to begin the process of planning and gathering athlete participants.

We are excited that with your help, the *LSC International Tour Program* will create more international opportunities for your USA Swimming athletes in 2000 and beyond.

Sincerely,

A New England registered swimmer who swims in an individual event at Junior Championships will be reimbursed \$150 by New England Swimming. A New England registered swimmer who swims in an individual event at the US Open will be reimbursed \$150 by New England Swimming. A New England registered swimmer who swims in an individual event at National Championships will be reimbursed \$300 by New England Swimming. A New England registered swimmer who swims in an individual event at the Olympic Trials will be reimbursed \$300 by New England Swimming. There will be no limit either for the number of meets or the amount of money to be reimbursed to a swimmer.

During the short course season a swimmer must fully participate in three New England calendar meets to be eligible for reimbursement. During the long course season a swimmer must fully participate in two New England calendar meets to be eligible for reimbursement. "Full participation" means participation in all or at least two days of competition and at least one **individual** event at each day of participation.

If the New England Senior Championships is in place with a named facility by a certain date (90 days preceding the first day of the meet for long course; 120 days preceding the first day of the meet for short course), mandatory participation in the Senior meet is required in order for a swimmer to receive reimbursement. The New England Board may waive this requirement for good cause, such as illness or conflict with the National Team requirement.

A swimmer must request the reimbursement within eight weeks of the meet. The request must include the stub from the swimmer's plane ticket or receipt of other expense to equal or exceed the amount of requested reimbursement.

To be eligible for reimbursement, an athlete must have been registered in New England and have competed in a New England calendar meet at least six months prior to the meet for which reimbursement has been requested.

A swimmer who does not participate in three New England calendar meets during short course season may request a waiver for a championship meet during that season only if he/she participates in three New England calendar meets during the long course season. A swimmer who does not participate in two New England calendar meets during the long course season may request a waiver for a championship meet during that season only if he/she participates in three New England calendar meets during the short course season. All requests for waivers will be considered following the long course season.

**COACH REIMBURSEMENT POLICY:**

For each team that sends a swimmer to a National Championship or Junior Championship meet, New England Swimming will provide \$150 to reimburse coach expenses. The \$150 per team may be used to reimburse one coach or be split between several team coaches at the team's discretion. The team will have to provide New England Swimming with receipts for coach expenses which equal or exceed the \$150 reimbursement.
