1.0 Georgia Swimming

Georgia Swimming (“GA Swimming”) is the incorporated body known as Georgia Swimming Inc., which oversees competitive swimming in the State of Georgia. It is one of 59 Local Swimming Committees (LSCs) under the jurisdiction and responsibility of USA Swimming. GA Swimming operates under Bylaws approved and enacted. It is governed by a House of Delegates, a Board of Directors and various other officers and committees outlined in the GA Swimming Bylaws.

1.1 Mission Statement

GA Swimming will increase opportunity, recognition and growth in competitive swimming. We believe that swimming provides life-changing experiences for young people.

1.2 Vision Statement

Strong clubs, successful athletes, supported by GA Swimming.

1.3 Objectives

The objectives and primary purpose of the GA Swimming shall be the education, instruction and training of individuals to develop and improve their capabilities in the sport of swimming. GA Swimming shall promote swimming for the benefit of swimmers of all ages and abilities, in accordance with the standards, rules, regulations, policies and procedures of FINA, USA Swimming and GA Swimming and its Articles of Incorporation.

1.4 Geographic Territory

The geographic Territory of GA Swimming is the entire state of Georgia and the counties of Chambers and Russell, Alabama.

1.5 Jurisdiction

GA Swimming shall have jurisdiction over the sport of swimming as delegated to it as a Local Swimming Committee by USA Swimming to conduct swimming programs consistent with GA Swimming’s objectives and those of USA Swimming and to sanction, approve, observe and oversee competitive swimming events within the Territory and to conduct competitive swimming events within the Territory, its Region and its Zone. GA Swimming shall discharge faithfully its duties and obligations as a Local Swimming Committee of USA Swimming in accordance with these Bylaws, the USA Swimming Code and all applicable policies and procedures.

1.6 Statement of Principles on Ethical Behavior and Conflict of Interest
Those who choose to serve GA Swimming, whether as volunteers or paid professionals, are held to a high standard of conduct. Those who serve must do so without personal gain in order to avoid any institutional loss or embarrassment and to behave in such a way that the organization’s trust and public confidence are enhanced. It is important to avoid any real or perceived conflict of interest.

While no set of guidelines can completely define acceptable behavior, the principles that guide behavior in this area are, disclosure, nonparticipation in the decision making process where personal or family gain is a possibility and a commitment to honor the confidentiality of organizational information. All conduct is founded on the individual’s own sense of integrity. Any individual accepting the honor of serving GA Swimming must accept the burdens of public disclosure and public scrutiny. In our complex society, the mix of volunteer work, business interests, governmental activity, and family relationships often creates potentially conflicting interests. What is required is disclosure of potential conflicting interests when they arise, and strict nonparticipation in any evaluation process relating to the matter in question.

The following seven items reflect specific expectations by GA Swimming of people signing/acknowledging this agreement. These items cannot and do not however completely define what is acceptable. They are intended rather as guidelines and not a precise road map to what is acceptable conduct. Each individual must find his or her own way within this guidance.

1. A good faith effort must be exercised by those signing/acknowledging this statement to conduct the business of GA Swimming in observance of both the spirit and letter of applicable federal and state laws.
2. GA Swimming properties, services, opportunities, authority and influence are not to be used for private benefit.
3. All individuals who participate with GA Swimming will disclose the nature and extent of an actual or potential conflict of interest when it occurs in the evaluation of an issue and will avoid evaluating or voting on the matter involved. This includes the award of contracts, the purchase of goods and services, the award of contracts for professional services, and the allocation of GA Swimming resources for individual use.
4. Gifts, cash, travel, hotel accommodations, entertainment, or favors are neither to be given (except with full approval of the Board of Directors) nor received, except those of nominal value exchanged in the normal course of business. Gifts and favors of more than one hundred dollars ($100.00) value should not ordinarily be accepted. If circumstances render it awkward to refuse such a gift, the donor should be thanked and told the gift is being accepted on behalf of and will be delivered to GA Swimming.
5. Expenses incurred in the furtherance of GA Swimming business are to be reasonable, necessary and (if twenty-five dollars or more) substantiated.
6. All are expected to exhibit honesty, loyalty, candor and professional competence in their relationships with GA Swimming and with each other.
7. Each individual has the responsibility to maintain the confidentiality of the organization. This includes both proprietary and sensitive information.

1.6.1 Ethical Behavior And Conflict Of Interest Acknowledgement Form
2.0 Safe Sport

GA Swimming, along with USA Swimming, is dedicated to fostering a safe and fun environment for athletes participating in the sport of swimming. It is the responsibility of coaches, officials, volunteers, and parents to ensure that this objective is carried out. In order to create a positive experience and a safe environment for athletes, USA Swimming's Code of Conduct provides specific, mandatory policies that must be followed at all levels of the organization. Policies are enforceable by the National Board of Review process. Consequences for breaking a policy include but are not limited to, revocation of membership.

2.1 Code of Conduct

GA Swimming, and USA Swimming’s Code of Conduct outlines specific policies governing athlete protection. Sections applying to safe sport are Article 304. Article 305 covers Athlete Protection Policies for the Safe Sport Policy. Article 306 covers the mandatory reporting requirements for Athlete Protection and the Safe Sport policy.

2.2 Best Practice Guidelines

The following Best Practice Guidelines are strongly recommended for all GA Swimming and USA Swimming members.

1. Parents should be encouraged to appropriately support their children's swimming experience.
2. All swimming practices should be open to observation by parents.
3. Two-deep Leadership: One coach member and at least one other adult who is not in the water should be present at all practices and other sanctioned club activities whenever at least one athlete is present. Clubs and coaches should evaluate their seasonal plans and map out how to best accomplish this strongly recommended guideline.
4. Open and Observable Environment: An open and observable environment should be maintained for all interactions between adults and athletes. Private, or one-on-one situations, should be avoided unless they are open and observable. Common sense should be used to move a meeting to an open and observable location if the meeting inadvertently begins in private.
5. Coaches should not invite or have an athlete(s) to their home without the permission of the athlete’s parents (or legal guardian).
6. During team travel, when doing room checks, attending team meetings and/or other activities, two-deep leadership and open and observable environments should be maintained.
7. Athletes should not ride in a coach’s vehicle without another adult present who is the same gender as the athlete, unless prior parental permission is obtained.
8. During overnight team travel, if athletes are paired with other athletes they shall be of the same gender and should be a similar age. Where athletes are age 13 & Over, chaperones and/or team managers would ideally stay in nearby rooms. When athletes are age 12 & Under, chaperones and/or team managers may stay with
athletes. Where chaperones/team managers are staying in a room with athletes, they should be the same gender as the athlete and written consent should be given by athlete’s parents (or legal guardian).

9. When only one athlete and one coach travel to a competition, at the competition the coach and athlete should attempt to establish a “buddy” club to associate with during the competition and when away from the venue.

10. Communications between non-athlete adult members and athletes should not include any topic or language that is sexual or inappropriate in nature.

11. Non-athlete adult members should respect the privacy of athletes in situations such as changing of clothes, showering, etc. Non-athlete adult members should protect their own privacy in similar situations.

12. Relationships of a peer-to-peer nature with any athletes should be avoided. For example, coaches should avoid sharing their own personal problems with athletes.

13. Coaches and other non-athlete adult members should avoid horseplay and roughhousing with athletes.

14. When a coach touches an athlete as part of instruction, the coach should do so in direct view of others and inform the athlete of what he/she is doing prior to the initial contact. Touching athletes should be minimized outside the boundaries of what is considered normal instruction. Appropriate interaction would include high fives, fist bumps, side-to-side hugs and handshakes.

15. Coaches should not initiate contact with or accept supervisory responsibility for athletes outside club programs and activities.

16. Coaches should not engage in sexual intimacies with a former athlete for at least two years after the cessation or termination of professional services. Because sexual intimacies with a former athlete are frequently harmful to the athlete, and because such intimacies undermine public confidence in the coaching profession and thereby deter the public’s use of needed services, coaches should not engage in sexual intimacies with former athletes even after a two-year interval except in the most unusual circumstances. The coach who engages in such activity after the two years following cessation or termination of the coach-athlete relationship bears the burden of demonstrating that there has been no exploitation, in light of all relevant factors, including:

   a. The amount of time that has passed since the coach-athlete relationship terminated;
   b. The circumstances of termination;
   c. The athlete’s personal history;
   d. The athlete’s current mental status;
   e. The likelihood of adverse impact on the athlete and others; and
   f. Any statements or actions made by the coach during the course of the athlete-coach relationship suggesting or inviting the possibility of a post-termination sexual or romantic relationship with the athlete or coach.

   g. Both the athlete and the coach must be 18 years of age or older.

Updated: 8 December 2010 V14

2.3 Screening and Selection
All coaches, officials and volunteers must satisfactorily pass a criminal background check as non-athlete members of USA Swimming. In addition, an athlete protection program must be completed prior to working with athletes.

2.4 Training

In order to sustain a safe atmosphere for our athletes, it requires that all coaches, officials, volunteers, parents and all athlete and non-athlete members continuously educate themselves on athlete protection policies. Many educational resources are available through USA Swimming.

2.5 Recognizing, Responding and Reporting

GA Swimming and USA Swimming will not tolerate inappropriate behavior. Any person with credible and specific information of inappropriate behavior, misconduct or abuse is required to report such to the Safe Sport Coordinator for GA Swimming or the USA Swimming Safe Sport Program staff.

3.0 GA Swimming Anti-Bullying Policy

In conjunction with its Safe Sport Policy (Section 2.0), GA Swimming has adopted USA Swimming’s Anti-Bullying Policy. GA Swimming along with USA Swimming is dedicated to fostering a safe and fun environment for athletes participating in the sport of swimming. GA Swimming and USA Swimming will not tolerate bullying behavior in any form. It is the responsibility of athletes, coaches, officials, volunteers and parents to insure that this objective is carried out. The anti-bullying policy of GA Swimming is as follows:

**Anti-Bullying Policy for GA Swimming**

**PURPOSE**

Bullying of any kind is unacceptable within GA Swimming and will not be tolerated. Bullying is counterproductive to team spirit and can be devastating to a victim. It is committed to providing a safe, caring and friendly environment for all of our members. If bullying does occur, all athletes and parents should know that incidents will be dealt with promptly and effectively. Anyone who knows that bullying is happening is expected to tell a coach, board member or athlete/mentor.

Objectives of the GA Swimming’s Bullying Policy and Action Plan:

1. To make it clear that the GA Swimming will not tolerate bullying in any form.
2. To define bullying and give all board members, coaches, parents and swimmers a good understanding of what bullying is.
3. To make it known to all parents, swimmers and coaching staff that there is a policy and protocol should any bullying issues arise.
4. To make how to report bullying clear and understandable.
5. To spread the word that GA Swimming takes bullying seriously and that all swimmers and parents can be assured that they will be supported when bullying is reported.

WHAT IS BULLYING?

The USA Swimming Code of Conduct prohibits bullying. Generally, bullying is the use of aggression, whether intentional or not, which hurts another person. Bullying results in pain and distress.

The USA Swimming Code of Conduct defines bullying as the severe or repeated use by one or more USA Swimming members of oral, written, electronic or other technological expression, image, sound, data or intelligence of any nature (regardless of the method of transmission), or a physical act or gesture, or any combination thereof, directed at any other member that to a reasonably objective person has the effect of:

1. causing physical or emotional harm to the other member or damage to the other member’s property;
2. placing the other member in reasonable fear of harm to himself/herself or of damage to his/her property;
3. creating a hostile environment for the other member at any GA Swimming or USA Swimming activity;
4. infringing on the rights of the other member at any USA Swimming activity; or
5. materially and substantially disrupting the training process or the orderly operation of any GA Swimming or USA Swimming activity (which for the purposes of this section shall include, without limitation, practices, workouts and other events of a member club or LSC).

REPORTING PROCEDURE

An athlete who feels that he or she has been bullied is asked to do one or more of the following things:

- Talk to your parents;
- Talk to a Club Coach, Board Member, or other designated individual;
- Write a letter or email to the Club Coach, Board Member, or other designated individual;
- Make a report to the USA Swimming Safe Sport staff.

There is no express time limit for initiating a complaint under this procedure, but every effort should be made to bring the complaint to the attention of the appropriate club leadership as soon as possible to make sure that memories are fresh and behavior can be accurately recalled and the bullying behavior can be stopped as soon as possible.

HOW WE HANDLE BULLYING
If bullying is occurring during team-related activities, we STOP BULLYING ON THE SPOT using the following steps:

1. Intervene immediately. It is ok to get another adult to help.
2. Separate the kids involved.
3. Make sure everyone is safe.
4. Meet any immediate medical or mental health needs.
5. Stay calm. Reassure the kids involved, including bystanders.
6. Model respectful behavior when you intervene.

If bullying is occurring in our LSC or it is reported to be occurring in our LSC, we address the bullying by FINDING OUT WHAT HAPPENED and SUPPORTING THE KIDS INVOLVED using the following approach:

**FINDING OUT WHAT HAPPENED**

1. **First, we get the facts.**
   a. Keep all the involved children separate.
   b. Get the story from several sources, both adults and kids.
   c. Listen without blaming.
   d. Don’t call the act “bullying” while you are trying to understand what happened.
   e. It may be difficult to get the whole story, especially if multiple athletes are involved or the bullying involves social bullying or cyber-bullying. Collect all available information.
2. **Then, we determine if it's bullying.** There are many behaviors that look like bullying but require different approaches. It is important to determine whether the situation is bullying or something else.
   a. Review the USA Swimming definition of bullying;
   b. To determine if the behavior is bullying or something else, consider the following questions:
      - What is the history between the kids involved?
      - Have there been past conflicts?
      - Is there a power imbalance? Remember that a power imbalance is not limited to physical strength. It is sometimes not easily recognized. If the targeted child feels like there is a power imbalance, there probably is.
      - Has this happened before? Is the child worried it will happen again?
   c. Remember that it may not matter “who started it.” Some kids who are bullied may be seen as annoying or provoking, but this does not excuse the bullying behavior.
   d. Once you have determined if the situation is bullying, support all of the kids involved.

**SUPPORTING THE KIDS INVOLVED**

3. **Support the kids who are being bullied.**
   a. Listen and focus on the child. Learn what’s been going on and show you want to help. Assure the child that bullying is not their fault.
b. Work together to resolve the situation and protect the bullied child. The child, parents, and fellow team members and coaches may all have valuable input. It may help to:
   i. Ask the child being bullied what can be done to make him or her feel safe. Remember that changes to routine should be minimized. He or she is not at fault and should not be singled out. For example, consider rearranging lane assignments for everyone. If bigger moves are necessary, such as switching practice groups, the child who is bullied should not be forced to change.
   ii. Develop a game plan. Maintain open communication between the LSC and parents. Discuss the steps that will be taken and how bullying will be addressed going forward.

   c. Be persistent. Bullying may not end overnight. Commit to making it stop and consistently support the bullied child.

4. **Address bullying behavior.**
   a. Make sure the child knows what the problem behavior is. Young people who bully must learn their behavior is wrong and harms others.
   b. Show kids that bullying is taken seriously. Calmly tell the child that bullying will not be tolerated. Model respectful behavior when addressing the problem.
   c. Work with the child to understand some of the reasons he or she bullied. For example:
      i. Sometimes children bully to fit in or just to make fun of someone is a little different from them. In other words, there may be some insecurity involved.
      ii. Other times kids act out because something else—issues at home, abuse, stress—is going on in their lives. They also may have been bullied. These kids may be in need of additional support.
   d. Involve the kid who bullied in making amends or repairing the situation. The goal is to help them see how their actions affect others. For example, the child can:
      i. Write a letter apologizing to the athlete who was bullied.
      ii. Do a good deed for the person who was bullied, for the LSC, or for others in your community.
      iii. Clean up, repair, or pay for any property they damaged.
   e. Avoid strategies that don’t work or have negative consequences:
      i. Zero tolerance or “three strikes, you’re out” strategies don’t work. Suspending or removing from the team swimmers who bully does not reduce bullying behavior. Swimmers may be less likely to report and address bullying if suspension or getting kicked off the team is the consequence.
      ii. Conflict resolution and peer mediation don’t work for bullying. Bullying is not a conflict between people of equal power who share equal blame. Facing those who have bullied may further upset kids who have been bullied.
   f. Follow-up. After the bullying issue is resolved, continue finding ways to help the child who bullied to understand how what they do affects other people. For example, praise acts of kindness or talk about what it means to be a good teammate.

5. **Support bystanders who witness bullying.** Every day, kids witness bullying. They want to help, but don’t know how. Fortunately, there are a few simple, safe ways that athletes can help stop bullying when they see it happening.
Policies & Procedures: HoD Rev. 3/14/18

a. Be a friend to the person being bullied;
b.Tell a trusted adult – your parent, coach, or LSC board member;
c. Help the kid being bullied get away from the situation. Create a distraction, focus the attention on something else, or offer a way for the target to get out of the situation. “Let’s go, practice is about to start.”
d. Set a good example by not bullying others.
e. Don’t give the bully an audience. Bullies are encouraged by the attention they get from bystanders. If you do nothing else, just walk away.

4.0 Code of Conduct

GA Swimming strives to promote an atmosphere of healthy competition in an environment where its athlete members, coaches, officials, non-athlete members and volunteers treat each other with dignity and respect. 12.4 Zone Team Selection

The procedure for the selection of the Zone Team representing GA Swimming is divided into two categories based on ages. The selection process will be based on the swimmers with the fastest times correlated to a point system. The criteria for the selection for the different ages are described as follows:

12.4.1 Swimmers 15-18 years old

In order to be considered you must fill out an on-line registration form and submit it prior to the posted deadline. The online registration form will be posted on the GA Swimming website prior to Zone Team selection. Swimmers will be notified when the registration forms are available. Eight athletes from each gender will be selected based on the criteria below. Once selected a swimmer must submit deposit and commit to training from April through July for the Zone meet.

Selection Criteria

The fastest swimmers to apply in the 100-yard distance, the 100s of each stroke, will be automatically selected. In case different swimmers apply with SCY and LCM times, the automatic spot will be determined based on time difference to the 5pts standard for that event (either the swimmer whose time is furthest below the standard, or the swimmer with the time closest to the standard in case neither swimmer has 5pts); in case of a tie in time difference, the automatic spot will go to the swimmer applying with a LCM time. The remaining slots will be given to the swimmers with the highest scores based on the standards posted on the GA Swimming website. Swimmers should choose the six events in which they have the highest score.

Score Calculation
In order to calculate a score, the swimmer will choose the six events in which he/she has the best times. Use the chart posted on the GA Swimming website to calculate a score based on the six fastest times and which give the highest scores. After you have chosen your events enter them on the application form.

12.4.2 Swimmers 14 & Under

Any swimmer wanting to be considered for the Zone Team must complete an online registration form and application fee. The online registration form will be posted on the GA Swimming website prior to Zone Team selection. Swimmers will be notified when the registration forms are available. Time trials and lead-off splits will not be considered in the selection process. The scoring process will only involve swimmers being considered for the Zone Team. Up to four automatic berths are given to the swimmers with the fastest times in each of the 100s of each individual stroke. The remaining team positions will be chosen based on scoring. See the State Championship meet announcement for complete details.

15.2 Official Reimbursement Procedures

Travel reimbursement for officials who are traveling to one of the National Level Meets – as defined by the LSC Board each year is available based on budgetary constraints. Each official who has been selected to work a National Level Meet should notify the Official’s Chair of their appointment. This will allow the Officials’ Chair the opportunity to confirm the official has worked the required 24 GA Swimming sessions and confirm agreement with the official to work 24 GA Swimming sessions following the reimbursement. The maximum reimbursement is listed in the budget for each meet.

Reimbursement for meets that are not one of the National Level Meets (e.g. Sectional Meet, Zone Meet, Grand Prix, or Ultra Swim) will be determined by the Officials’ Committee sole discretion each year. This reimbursement will only be given if the meet is a last-chance opportunity for officials whose national N2 or N3 certifications will expire soon. Application for reimbursement must be made to the Officials’ Chair at least one (1) month prior to the meet. Proof of acceptance to officiate (letter or e-mail) should accompany the request. The reimbursement amount is listed in the annual LSC budget.

Officials seeking reimbursement for meets that are not one of the National Level Meets are only allowed to receive such reimbursement once every two (2) years and must meet the 24 session GA Swimming requirement above.
