

# EMAC

*Green Swarm*

## *Tri*EMAC

Our 2020 team kit will remain the same as last year and is pictured below. Each athlete orders his or her team kit directly through the manufacturer, Kiwami. We will have a fit kit available in early April for sizing. When you are ready to purchase, contact Kiwami directly at [contact@kiwamitri.com](mailto:contact@kiwamitri.com) with our team name (Tri EMAC), your mailing address, size (options are youth 6 – 14 (\$102.60) and adult XS-XL (\$139.80)), and the name for the back of the kit. It will take 3-4 business days to customize the kit and send it out. Sizes may sell out, so please purchase early if you wish to have one in time for the first race.

These kits are functional race kits at a reasonable price. Our team looks sharp and uniform when worn together on the race course! We have received much positive feedback about these kits – both from team members and from members of the racing community (racers and spectators). But a race kit is optional. Do not let your reluctance to purchase a kit prevent you from allowing your athlete to sign up for Tri EMAC!
