

## Emily Schindler Memorial Scholarship at Winterfest

Emily Schindler spent most of her life in the water. Joining the Severna Park YMCA (SPY) when she was 9 years old, she always put friendship above the competition of the sport. Emily exemplified team spirit as a swimmer on the team for 9 years. Always encouraging others to remain positive, Emily brought a smile to everyone around her. On a snow-covered road in Garrett County Maryland in January 2004, Emily was killed in a car accident. Emily was a freshman at Frostburg State University at the time of her death.

Winterfest has special significance to Emily's family. At the inaugural Winterfest Meet in 2003 Emily gave the devotional at the start of finals that she had written. Her devotional was read at her funeral a year later. She wrote about her coaches seeing something in her that her times didn't show, how swimming had been her greatest adventure and that real success only comes in finding a place in heaven.

Three weeks before Emily's accident she attended Winterfest 2004. She was there as a volunteer timer and to cheer on her brother and her former teammates. The Schindler family is honoring Emily's memory with a scholarship to a participant from a visiting team at Winterfest
