

Name: Tyler Moran

High School: Severna Park High School

Years on SPY: 8

College Attending in Fall 2022: TBD

Hobbies when not swimming: Playing football and basketball

Most memorable swim: During COVID, when we qualified for nats in both the 200 fr and 200 medley relays, despite being in our own pool and not thinking we could

Most memorable/funny moment: When I was trying to qualify for states in the 500 fr at the last chance meet and my dad miscounted, stopping me a 50 before i was finished. The coaches started yelling at me to keep going, but it had already been like 5 or 6 seconds before I realized what was going on. I ended up qualifying by less than a second

Best event: 100 free/100 back

Favorite set: T-30

Least favorite set: Race pace

Pre-swim rituals: Use the block to stretch when I'm next up

Favorite meal before a meet: Can't eat before I swim

Advice for next year's graduating class: The sets that are the least fun and hurt the most are the most rewarding, no matter how bad it is while you're doing it
