

Competition Suit Policy

(REVISED SEPTEMBER 2022)

In developing the AGUA swimwear policy, the coaching staff aims to accomplish three objectives:

1. Maintain our philosophy of preparing athletes to compete at the next level of competition.
2. Protect our AGUA families from unnecessary costs when purchasing competition swimwear.
3. Arrive at meets looking like a team.

There are several factors that determine which suits AGUA swimmers will wear during competition. These factors include the swimmer’s age, physical development, swimming efficiency, level of competition, fit and cost.

Any change from these requirements will be communicated by the coaching staff.

In-Season Competition

All 14 and younger swimmers are required to wear the AGUA team suits and correct team caps (black with green AGUA logo) at in-season meets. All 15 and older swimmers will have an additional meet suit option of any solid-color TYR suit.

Championship Meets

Coaches shall determine which events are considered championship meets for each swimmer. Team caps (black with green AGUA) are required to be worn at all meets during warm-up and competition.

Approved Championship Swimwear

10 & under The AGUA coaching staff believes swimmers at this level do not significantly benefit enough from advanced swimwear technology to justify the additional cost. **All 10 & under swimmers are required to wear their AGUA team suits at championship level meets.**
