Qualifying Standard Met
In this case "MSI" stands for Maine Swimming Incorporated Winter Championships

Event

Date & Meet time was achieved

F= Finals, P=Prelims
Most meets are finals only.
Some have prelims & finals.

How many seconds away from Qualifying Standard.

If no time is present here, and they don't have the "MSI" next to the time, it means that there is no Qualifying time for that event for that age group.

Leadoff Time
1st swimmer in a relay.
That time counts. All other relay splits do not count.

Course
Y = 25 yards (our pool)
L = Long Course, 50 Meter (Olympic size)
