What is the IMX

Extreme Challenge: The IMX Challenge is a motivational program whereby swimmers will be scored and ranked nationally on their performance in a combination of five or six events. The purpose of the program is to promote versatility in age group swimming while advocating greater participation and development across a range of events that are integral to long-term success in swimming. In order to receive an IMX score, a swimmer must legally swim each IMX event for their age level in a sanctioned meet at least once during the season. However, at the Triton Tsunami Winter IMX Challenge, all swimmers who swim all of the IMX events at the Triton Tsunami will receive an IMX Pin (**all events must be swum in one age group**).

Age Groups and Events

The following single age groups and event combinations will be tabulated and scored for both men and women:

9 & Under; 10-year olds:

200 IM, 200 Free, 100 Back, 100 Breast, 100 Fly

11-year olds; 12-year olds:

200 IM, 500 Free, 100 Back, 100 Breast, 100 Fly

13, 14, 15, 16, 17, and 18 -year olds:

200 IM, 400 IM, 500 Free, 200 Back, 200 Breast, 200 Fly

USA Swimming will automatically compute scores and results for all athletes. Swimmers only need to compete in the IMX combination of events for their age group and they will be part of the program. USA Swimming will automatically update each athlete with best times as they are achieved during each season.
