* Each USA swimmer will have a "Splash" account created for them. From this account, we will deduct meet entry fees for USA meets throughout the season. We estimate meet entry fees for most swimmers to be around \$200, this will depend on the number of meets and events swum throughout the season. Included in the price above we will collect \$100 (per swimmer) upfront for this account. When swimmer. Any balance left in the account at the end of season will simply rollover to the next season, your account balance reaches \$40 or less we will send you a reminder to add additional funds. You will also have the option to add more than the minimum \$100 when registering the you do not lose this money.

** Those with a balance from a previous season will have their balance rolled over in addition to the \$100 collected for this season. In order to make sure this credit is applied to the splash account this will take place after registration. If you have questions about this please contact Nick.
