The entering coach or swimmer must contact the Referee to discuss any modification for the disabled swimmer to participate. **Entry Limitations:**

Age of a swimmer is determined by their age on the first day of the meet. There is a meet maximum of seven (7) individual events (11 with time trials). Daily maximum of four (4) individual events and one (1) relay event. A total daily maximum of six (6) individual events (championship and time trial). Relays do not count against individual maximums. All entries must be verifiable from January 1, 2021 to present. The meet will be seeded with conforming times first and non-conforming times thereafter.

**MRC Relays:**

Relays will be offered according to the following categories – 10&U, 11-12, 13-14, Senior for each gender. Each club is limited to an A and B relay per event.

1. No “relay only” swimmers will be permitted to participate on relays. All swimmers must have qualified to swim an individual event in the regional championship in order to participate on relays.
2. Once a swimmer is qualified for the regional championship there is no minimum time they must have to swim a specific stroke/distance on a relay.
3. Any swimmer who has a “CH” time in a stroke/distance may not swim that same stroke/distance on a relay. NOTE: This does not apply if the swimmer achieves a new “CH” time in that stroke/distance event during the regional finals.
4. For 10&U relays they must be comprised of swimmers up to age 10 who are: Qualified for the regional championship in their age group **and**, They do not have a “CH” time according to the 10 & under time standards in the stroke/distance they are swimming on the relay.

For Senior relays they may be comprised of swimmers of any age who are:

Qualified for the regional championship in their age group and, Do not have a “CH” time according to the time standards for their age in the stroke/distance they will be swimming on the relay. No swimmers qualified for the age group state meet prior to the MRC may compete as relay lead-off swimmers in the same stroke and distance on a Senior relay.

5. Relay participation will not count against individual daily or meet maximum entry limits.

6. "Win it and Swim It" does not apply to relay event winners. Relays at State are entered according to the rules for the State Meet.

**Nonconforming time entries:** All non-conforming qualifying times MUST be entered as non-conforming. Converted times must not be used.

**"CH" Time is a "CH" Time:** Swimmers who have achieved a "CH" time in either yards or meters CANNOT swim that event at the Minnesota Regional Championship. MNSI Legislation states that swimmers with "CH" times must enter with the time they have, (meters or yards), for the State Meet and cannot use Minnesota Regional Championships as an opportunity to improve their qualifying time.

**Proof of Times:** A qualifying time may be achieved at USA Swimming sanctioned or approved or observed swim. These times are verified through the USA Swimming SWIMS database.

A qualifying time may also be achieved at a bona fide meet sanctioned and conducted by a recognized organization (i.e. high school, college, YMCA) with verifiable and independently obtainable results published by the meet host or that organization. This proof of time must come from the actual published results of the meet. Each team or individual is responsible for providing their proof of times.

A swimmer failing to achieve an event's qualifying time standard at the meet must provide proof of their qualifying time if it is not in the SWIMS database. If a time is not proven the entering party will incur a \$100 fine. Fines are to be paid to the MN Swimming General Fund. All fines must be paid by the end of the meet. After the conclusion of the meet, swimmers/clubs have one week to prove their times and have their fine refunded. Failure of the team to pay the fine by the first meet of the following season's entry deadline will result in the team's charter being suspended until the fine is paid.

When an event does not have a qualifying time standard but requires a verifiable entry time, the swimmer must provide proof of that time if it is not in the SWIMS database. If the entry time cannot be verified the swimmer will be withdrawn from the event and any times they may have achieved in that event at the meet will not be included in the official results.

**Meet Results are required for proof of times. MEET MOBILE RESULTS ARE NOT ACCEPTABLE AS THEY ARE NOT CONFIRMED ACCURATE.**
