

Championship Meet Information

For both short course (SCY: 25 yard pools) and long course (LCM: 50 meter pools)

Minnesota Time Standards

- Different than the national time standards
- Used for qualifying for meets in MN only
- Purpose is to provide goals for swimmers to help them keep improving their times

Types of Championship Meets in Minnesota

MAC (MN Achievement Championships)

For swimmers with times that are slower than C times AND those with C times. Cannot swim NT at this meet, must have swum the events legally at a previous meet.

MRC (MN Regional Championships)

For swimmers with B, BB or A times, cannot be slower or faster than these.

State Meet (Age Group and Senior)

For swimmers with champ times or faster.

Frequently Asked Questions

How do I know what meet my swimmer qualifies for?

- Compare your child's times to the time standard sheet to determine qualification
- Log in to our website, select the meet you wish for them to enter, times listed in black are those they qualify to swim, those in red do not meet the requirements

What happens if my swimmer makes B times at MAC?

When B times are achieved at MAC than those events can be added to MRC entries.

If my swimmer only has 1 qualifying time, should we go?

That is up to you and what your family is willing to commit to. As your child gets faster, this will be more common. Keep in mind that this is their championship meet and they earned their opportunity to swim.

My swimmer only had 1 event for MRC but earned more at MAC, can I enter them in all their races?

If you did not previously enter your swimmer in MRC, the only events they could swim at MRC would be the newly achieved times from MAC. If they were previously entered in the 1 event, then the additional events can be added to their races at MRC. In short, it is easier to add more or pull a swimmer completely from a meet than to try and add races later.

Other Meet Reminders:

- Swimmers should wear a Tiger Sharks cap at all meets, a team suit is preferred but not required.
- Be prepared with ample food and hydration
- Pack extra towels and deck clothes
