MARYLAND USMS LICENSE PLATE UPDATE

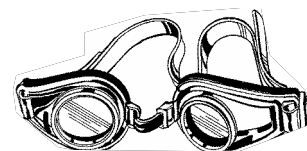

We're getting there! We now have more than one half of the required minimum number of members who are interested in receiving our proposed license tag. There is no deadline for getting yours. In fact, the only deadline is that we still need more "takers" to make this project a success. So . . . why not contact Mark Hurley and let him know that you are

interested? He will send you an interest form for you to complete. Mark can be reached via e-mail at MARKH@USMS.ORG. (If you don't have e-mail, he can be reached at 410-931-2007.) Remember, once we have the minimum number (25) required by the Maryland Motor Vehicle Administration, you will be contacted for the next step. Vehicles that may display organizational license plates include cars, light trucks and sport utility vehicles.

A big "thank you" to those who have expressed their interest in receiving an USMS organizational license plate. (Some have even requested two.) Without you, this project would not have progressed this far!

1000/1650 Meet

The annual Maryland Masters 1000/1650 Meet will be held on May 2 at UMBC. This is later than usual this year due to the heavy meet schedule in March and April. The entry form is included in this newsletter. Times from this meet will count towards the top ten for this season.
