Frequently Asked Questions

1. What is a Time Standard?

Time standards serve many purposes for competitive swimmers. They serve as intermediate motivational goals for swimmers to work towards. Once a swimmer has achieved a time goal, they feel a sense of accomplishment: a job well done. They also set out the next goal-level once a time is achieved. Time standards also govern which meets your swimmer can enter.

The time standards, in progressing in difficulty, are B, BB, A, AA, AAA and AAAA. (Please refer to the Qualifying Time Standards Tab located on the SCSO website home page.)

Currently, to qualify for the Mississippi Short or Long Course State Championships, a swimmer must have at a minimum a "B" time distance events 100yds or 100 meters or shorter. In events 200 yds or 200 meters or more in length, a swimmer can only qualify with a "BB" time.

2. How do I enter my child for a meet?

Upcoming meets will be posted on the SCSO website & the bulletin board by the pool at the Y. Deadlines for signing your child up for the meet will also be posted. The next step is to decide which events to swim. If you are new to the team, please ask the coach to help with these decisions. Submit your entries via the website under the tab "Events/Meet". Click on to the "Attend this event" link and following the directions. Further questions can be directed to Coach Corey at . You will receive an invoice via email after the meet for the cost of the events. It is important to pay these fees promptly as Swim Columbus is required to pay upon arriving at the meet. You may place your check in a sealed envelope in the Swim Columbus payment box located on the trophy case before the entrance to the pool. Do not enter any relay events: the coach will handle those entries.

3. What is a short course vs. a long course?

In short course, the races are measured in yards as opposed to long course, which is measured in meters. A meter is almost 10% longer than a yard. The pool located at YMCA is 25 yards in distance. Short course meets are 25 yards and long course meets are 50 meters.

4. I need to buy my swimmer a new set of fins. What is the best place to do that?

Locally, Sports Specialty sells fins and goggles. In addition, equipment, as well as suits are available through various online outlets, such as All American Swim Supply and Swim Outlet.

5. Does my child have to participate in every practice? The short answer is no; however, your child should practice as often as possible.

6. Is participation in swim meets mandatory? While some meets this year will be mandatory, it is not required to attend all meets on the schedule. However, all swimmers are encouraged to participate to fully experience the "team" concept and to experience competition as well as the end result of hard work in the practice pool.

4. DISRUPTIVE BEHAVIOR DURING PRACTICE SESSIONS:
 - a. Disruptive behavior during practices will not be tolerated. The intent of practice is to improve technique and endurance.
 - b. The coach will handle disruptive behavior during practices. If necessary, the coach reserves the right to dismiss and/or suspend the swimmer from practice.
 - c. If the swimmer has been dismissed from practice, they may NOT leave the pool deck area until the practice session is over and the coach personally speaks with and dismisses the swimmer. Should the disciplined swimmer wish to call his/her parents for immediate pick-up, he/she may do so with permission from the coach. The swimmer must then remain on pool deck until the parent arrives and the coach is notified that the swimmer is now under parental supervision. The discussion of the incident must be postponed until a time is convenient for the coach.
 - d. Under no circumstance will the coach, while coaching on deck, engage in a conversation with a parent concerning an individual disciplined during a practice session.
 - e. It is the coach's responsibility to inform the parent(s) following a reprimand that dismisses the swimmer from practice. This may be done verbally (in a private location) or in writing. The coach will maintain records of each incident; including date, incident description, and swimmer's signature. The record will be forwarded to the Board of Directors.

I understand that officials can make mistakes, but I will refrain from criticizing them or blaming them if I am disqualified from an event.
 - a. Disruptive behavior can result in an individual's expulsion from the meet and is usually handled by the Meet Director or Meet Referee. If serious enough, the entire club could lose their opportunity to compete. The swimmer represents Swim Columbus. Poor manners, poor sportsmanship, and poor behavior reflect negatively upon ALL Swim Columbus swimmers and could jeopardize our invitation to future meets. Infractions should be brought to the attention of the Meet Director for possible disciplinary actions.
 - b. Expulsion from any meet requires the swimmer to attend a meeting held by the Swim Columbus Board of Directors to review the incident. A parent must accompany the swimmer to this meeting.
6. I will respect the property of others in the pool area, including the property of the MUW. No swimmer shall tamper with or cause damage to any such facility.

How to Attend a Swim Meet

After joining the swim team, your coach will let you know when you are ready for a swim meet. Swim meets are fun and help you and your coach see the progress you have made while at practice.

Competitive swimming has two seasons: Short Course (September-February) in a 25 yard length pool and Long Course (March-July) in a 50 meter length pool.

Once you and your coach have determined that you are ready for a meet, follow these easy steps to successfully attend the meet of your choice.

Step 1

Go to the website www.swimcolumbus.org and click on the meets/events link and choose the meet you want to attend. Follow the instructions to commit to that event. Make sure you comment in the comment box on what days of the meet you will attend.

Most meets are on Saturday and Sunday with some having events on Friday afternoon. You will need to know which days you will attend. Most swimmers swim on both days of the meet unless there is a prior family commitment that prevents you from competing on that day.

When there are Friday events, check with your coach to see if you will have events on that day. The Friday events are usually longer yard or meter races and your coach will let you know when you are ready to compete at that level.

Step 2

Once you have committed to the meet you may have to make hotel reservations. If the team has blocked rooms at a hotel, the webmaster will post the information with the event information on the website or send the information via email. If not, find a hotel in the region of the meet and book your reservation.

Step 3

Committing to a meet is just that: a commitment! There are fees that must be paid for each swimmer for each event that they swim. The average cost to swim at a meet is between \$20-35 depending on how many days and events the coach has entered you. (If a situation comes up and you cannot attend, call the coach ASAP!) Once he has entered the information to the meet manager a few days before the meet, you are responsible for all meet fees regardless of whether you attend or not. Call the coach as soon as you know so he will be able to replace you in the relays.

Step 4

Before the meet you will receive an email from the webmaster informing you of directions to the pool and warm-up times. It is important to you and your team for you to be there on time!

Step 5

The most important step! Have fun and enjoy racing and seeing the progress you have made while doing your best!

Helpful Hints for your 1st Swim Meet

- You will receive e-mail reminders about upcoming swim meets from Patricia Rives.
- Be sure to visit www.swimcolumbus.org for meet dates, registration deadlines & to sign up for swim meets.
- You can find out more information about the meet location, warm-ups, & competition times by either following the link from our web-site or through the host team's web-site. It will also be posted at the Y pool.
- Coach Chris will decide what races your child will swim. He knows what they are capable of swimming so don't panic!
- Check with other swim team members about carpooling & hotel stays.
- When you arrive at the pool, you will need to purchase a heat sheet (usually at the concession stand for @ \$5-\$10) to know what races your child will be swimming.
- You are responsible for making sure your child is on the block for their race. Ask veteran parents for help to know when to report for their heat & how to keep up with the races!
- Be prepared to help time. Each team competing is responsible for providing timers. The more parents who volunteer, the shorter everyone's shift will be. Don't worry about skill or swimming knowledge...if you can press a button & read numbers, you can time.
- Encourage & cheer for your swimmers and their teammates but remember parents are not allowed behind the starting blocks. You can stand on the side of the pool or the opposite end of the start.
- Here's a list of items you may want to bring to swim meets:
 - The obvious...suit, goggles, cap, 2 towels, dry clothes
 - Highlighter – to highlight your race on the heat sheet
 - Sharpie – some parents write race info on the swimmers' arms
 - Chairs
 - Cooler with water, Gatorade, healthy snacks
 - Money for concession stand
 - Entertainment for your swimmer in between races
- All American Swim Supply usually has a store at the larger meets. If you need swim suits or equipment, this is a great time to buy since they will let you try on items.

Parent's Guide to Surviving a Swim Meet

Step 1

Pack all supplies needed for the swimmers that will be competing the night before. These include swimsuits, swim caps, goggles, towel, t-shirts, sandals, sunscreen and hats.

Step 2

Pack a cooler with sandwiches and healthy snacks such as fruit, granola bars, pretzels and other favorites. Throw in plenty of bottled water, Gatorade or juice to hydrate the body. Don't forget some gum and hard candy. If you don't want to bring this, bring money, concessions stands are usually available.

Step 3

Bring reading material, hand games or a small pack of cards to keep your swimmer occupied while waiting their turn to compete. Pack something for yourself as well such as a novel, newspapers or something you need to work on. There will be plenty of down time.

Step 4

Take comfortable portable chairs along or bleacher cushions. Sitting on the hard bleachers for hours can be hard on your back. Besides, there may not be seats available.

Step 5

Volunteer to help at the meet if you are able. (Timers are always needed.) This will help pass the time and you can learn more about how a swim meet is run.

Step 6

Bring writing material so you can record the results. Cheer for your swimmer's teammates as well instead of only for your swimmer. Take it easy, be patient, cheer your swimmer on and have fun.
