MINUTES

Discussed were having the events for the 8 & under at the State Short Course Championship Meet all three days vs. just Saturday and Sunday. Agreed that events should be held throughout all three days with 25s and 50s on Saturday and Sunday and 100 IM on Friday.

Agreed that the qualifying times for the new events for 8 & under at the State Short Course Championship Meet would be 120% of the 9 year old times. For this year the qualifying Short Course times would be slightly different from the qualifying Long Course times.

Senior Championship Meet discussion of having prelims or just finals, Friday there would be prelims only-timed finals of the 1500/1650, alternating girl/boy, fastest to slowest. The 800/1000 would be the same as this with prelims only-timed finals, alternating girl/boy, fastest to slowest. The 400/500 and 400 IM would be prelims and finals.
