

2015 IT Webmaster Report

Over the past year many reports have been posted on the website. I have tried to add news articles of interest to the members of the LSC and keep things up to date. Thank you to everyone for sending me reports, times, and news articles!

Tony, Curt, and I along with the executive board have been looking at updates to the website and switching to a full Team Unify look with a custom skin. Hopefully that will roll out sometime this winter.

I have added some additional tabs and work is still in progress to have everything updated. Being gone for six weeks to Africa slowed down my progress but work continues. Check back for updates as things progress. I appreciate everyone who has made great suggestions to improve the website. Your input is always appreciated and very much valued. Please keep the suggestions coming!

I would like to thank John Heryla for all the work he has done on the website for many years. John's work made my transition to webmaster last fall much easier. Thank you John!! Thank you to Curt Jacobson for taking over for me while I was in Africa! Both the electricity and Internet were very unreliable in Africa so I greatly appreciate Curt keeping the website up to date while I was gone.

Please keep the information, times, suggestions, and stories coming. Thank you.

Respectfully submitted,
Susan Huckleby
