

2013 Montana Swimming Times Report
October HOD Meeting

Congratulations to Kaitlyn Kleppelid of the Helena Lions Swim Team for being named for the third year to the USA Swimming Scholastic All America Team. Congratulations to Hailey Jacobson and Kate Zimmer from the Missoula Aquatic Team for also being named to USA Swimming Scholastic All America Team for the second year and to Jenna March from BAC for being named to the team this year as well. All three swimmers had 4.0 grade point averages last year in school. The Scholastic All-America Team is made up of high school student-athletes who have a grade point average of 3.5 or higher and who have achieved the required time standard in a single event. To be eligible for this recognition, swimmers must have completed 10th, 11th or 12th grade and must be a USA Swimming member athlete. There were 285 athletes from the Western Zone named to the team and 1353 total athletes named to the team.

For the long course season April 1, 2012 through August 31, 2012 Montana Swimming loaded 9 meets into the SWIMS data base which included eight long course meets and one yard meets. There were 10,469 individual times loaded and 135 relay times loaded. The Montana Swimming Long Course State Championships had the second largest number of individual swims loaded with 2,232 individual times and the most relays with 83 relay times loaded (numbers down from last year). The largest number of individual times loaded, 2702, was from the MAC Firecracker Classic and 23 relays times were loaded from the same meet (individual events down, relays up from last year).

Montana Swimming also maintains a LSC times data base in Hy-Tek's Team Manager and with Team Unify although that database does contain errors. Once the third party vendor sweep capability is available to use with SWIMS, the Team Unify database will be more accurate. Due to the nature of the Team Unify database, there will most likely continue to be some errors in this database. The only accurate times database will continue to be SWIMS.

The Montana Swimming updated top 10 times reports for the short course and long course seasons are posted on the Montana Swimming website. Updated reports can be generated throughout the season if there is interest in the data. Reports can also be generated listing top times by event for men and women in each course as well as the top IMX scores for men and women in each course.

There are still four swimmers with times in the SWIMS error holding tank. These swimmers were either not registered at the time of the swim or the identifying information for the swimmers in the meet was incorrect. I am unable to correct their registration data at this time to move the times into the SWIMS data base.

Please continue to send me a meet manager back-up of your meet results. If you attend an out-of-state meet, ask the meet host for a meet manager back-up of the meet results or ask the meet host to e-mail me a meet manager back-up of the meet results. Thank you to all the teams who notify me when they attend out-of-state meets and send me the results promptly afterwards!

I would like to thank all the teams who do the pre-meet registration recon and ensure the swimmer registration data is correct for their meets. It allows the data to be entered into SWIMS cleanly. I'd also like to thank all the meet referees for checking the times, relay names, and splits data for their meets to ensure the data is correct.

If non-USA Swimming registered athletes are competing in an approved meet, please do not include a USAS ID number for those swimmers in Meet Manager. Masters swimmers should be listed with the team as Montana Masters and should have either their Montana Masters ID number or **no** ID number included.

The Montana Swimming meet qualifier report generated from SWIMS for the time period September 1, 2012 through August 31, 2013 is as follows:

There is no income generated from this position. I pay for all my own printing and copying expenses as needed. It's been a pleasure to serve as the times officer. If you have any questions, please feel free to contact me.

Respectfully submitted,
Susan Huckleby
