

5/10/13

General Chair report

I want to let everyone know that we are down to one item on our Leap which is our modified By-Laws that were modified by USA Swimming. At this coming meeting we just have to approve the minutes. We cannot change them at this meeting.

Lanni, Tony Popp and I attended a meeting in Spokane in January where at least two people from each LSC meet to talk about how we can work together to help our LSC grow. USA swimming has determined that LSC will grow and prosper when they have 5000 swimmers or more.

We have been working on the Quad LSC meet. It will be happening in Missoula on July 5-7 and we have three clubs so far confirmed from Alaska. We have a number of teams from IES and at least Boise from Snake River. This should be a great meet.

I attended a meeting for all the General Chairs in the Western Zone in Arizona in April. We all need to get all our clubs and kids to join Deck Pass. This will help get the younger kids more excited about swimming and will help with retention of our athletes. We also need to all take new athlete protection training. We need to get our athletes and parents to watch this new training.
