5. Each entry time used must be from a “Sanctioned” or “Approved” meet, or from an “Observed Swim” in accordance with USA Swimming Rules and Regulations. Entry times which are not in the SWIMS database must be proved to the meet director, or designated representative, prior to the scratch deadline for the event. **Failure to provide such proof of time prior to the scratch deadline for the event will result in the swimmer not being able to swim.**
6. Unattached swimmers who are not associated with a team should make every effort to identify a coach willing to take responsibility for them during warm-ups and the meet. If an unattached swimmer cannot find a coach to assist in this manner, such swimmer should notify the meet referee as soon as possible and at least one day prior to the start of the meet.
7. Any swimmer entered in the meet must be certified by a USA Swimming member coach as being proficient in performing racing starts or must start each race from within the water. When unaccompanied by a member-coach, it is the responsibility of the swimmer or the swimmer’s legal guardian to ensure compliance with this requirement

Event Limit:

Each swimmer entered may participate in up to six (6) individual events and up to five (5) relays. No swimmer may participate in more than three (3) individual events per day, including time trials. All swimmers, including relay only swimmers, are limited to three (3) time trials. With the following stipulations:

1. If there are 800 or fewer swimmers entered, any swimmer may enter up to the 6 individual events they have qualified for.
2. If there are more than 800 swimmers entered, at the discretion of the meet referee, swimmers entered with 6 individual events may only be permitted to swim 5 individual events. Swimmers entered in 5 or fewer individual events will not be impacted.
3. The meet entry form will be modified to permit swimmers entered in 6 individual events to designate which event will be dropped. If a swimmer who enters 6 individual events does not designate which event will be dropped, the meet director will remove the slowest entry time event, e.g. the 200 breaststroke is slower than the 200 free.
4. If the number of events for a swimmer is dropped, the swimmer and/or club must request reimbursement of fees prior to the end of the meet.

Teams may enter more than two (2) relay teams in each relay event but only the top two (2) teams will be scored and placed in each relay event.

Time Line:

All preliminary events except the 50 M Freestyle and Relays will be double ended with starts from both ends of the pool. If the projected length of a preliminary session exceeds 4½ hours, the meet referee, in consultation with the meet host and the Western Region Section Officers, reserves the right to divide the preliminary session into “A” and “B” sessions. The “A” session will consist of the fastest 7 heats (5 of the 400 meter events) with the remainder of the heats in the “B” session. The “B” session will be swum fastest to slowest.

If the projected length of Saturday’s 1500 freestyle preliminary events does not allow for the scheduled Finals start time, the meet referee reserves the right to first, reduce the warm-up time for the Finals’ session to one hour; second, to swim some number of the heats two-to-a-lane and third, to begin the Saturday warm-up period for the preliminary session one hour earlier (6:00 a.m.).
