This supplemental form must be submitted prior to receiving a meet sanction. This will be kept on file and reviewed by Missouri Valley Swimming staff. This form is for one facility. If your team uses multiple facilities to host meets, you must submit a form for each one.

**Describe the local protocols governing swim meets at your facility.** When in a public indoor space, all persons over the age of 5 must wear a face mask or covering. Indoor occupancy should not exceed 50%, or 158 persons. Persons should maintain social distancing of 6 feet. Families should do an at home health screening of checking temperatures, assessing coughing and sneezing, shortness of breath or lost of taste and smell.

**Describe your plan for spectator ingress, egress, and any limitations you may place on spectators.** All swimmers, parents and volunteers will enter through the front most eastern door of the facility. They will be escorted to their destinations. Either lined up to race or socially distanced to observe the races. Each heat has a designated sign and spot for each swimmer. Volunteers will be escorted to their "Jobs" and will remain there until relieved.

**List the planned capacity of individuals gathering on the pool deck, spectator areas, and other areas** There will be 4 heats of swimmers in the facility at a time. One heat in the water, the second heat along the wall by the deep end, the 3rd heat along the wall by the shallow end and the 4th along the bleachers in the shallow end. Volunteers will be stationed behind the blocks, at the pool

corners and the entrance.

Coaches will be socially distanced along the side of the pool. Spectators will be escorted into the facility to watch races and then asked to vacate the facility once their swimmer has completed their race.

**List the considerations put in place guaranteeing a parent's access to their swimmers and ability to observe their actions**

All parents will be allowed to enter the facility and watch races. Once the race is over they will be asked to vacate the facility.

We are asking parents to bring tents to set up outside where they can crash with their families only. This will ensure they remain at least 6 feet apart from other team members when waiting to race.
