<b>Describe your plan for spectator ingress, egress, and any limitations you may place on spectators.</b>	Swimmers will enter at the main entrance of the natatorium. Only one spectator per family. The flow will be counter clockwise around the pool.

<b>List the planned capacity of individuals gathering on the pool deck, spectator areas, and other areas</b>	The capacity limit is 260 individuals. Each session will be approximately 75 swimmers. Each swim family may have 1 spectator that will sit with the swimmer in the stands, socially distanced. Officials, volunteers and coaches on deck are expected to be around 50 adults for a total of around 200 in the facility per session.

<b>List the considerations put in place guaranteeing a parent's access to their swimmers and ability to observe their actions</b>	Gladstone's Natatorium is one large facility and swimmers with a spectator will crash with that person to limit space needed and contact with others.
