Not present: Becky Fairchild and Erin Joy

May BOD minutes approved

Pool Plans:

- build a pool ourselves
- lease pool as a primary tenant
- rent city pool space
- rent HOA pool space

Dave Thomas present at end of meeting with recommendations below:

- WOW needs to be proactive in securing pool space for the team
- Recommending build a pool conference (Atlanta Nov 7-9 or Cleveland Sept 12-13)
- WOW could survive with only a practice pool and a teaching facility for swim lessons for revenue
- In ground pool vs. Murtha pool Murtha pool is a steel pool with a liner that lasts approx 15 yrs, in ground is cement which typically needs to be redone in 5-10 yrs.
- \$1.2 million for Olympic Trial pool. Murtha has pools ready to ship tomorrow
- WOW should map our geographical area to see the full picture of where our families come from
- Most sports families are willing to travel 8 minutes to practice, swim families willing to travel up to 30 minutes
- Look at city planning to see where to build a pool
- Programming proceeds design
- Volunteering: we should make volunteering easy, find out what people are good at, where they work, interests-ask them this when they register
- Create a volunteer sheet with jobs and include description of activity and # of hours of commitment. Educate that this is a TEAM, of being involved
