17th Annual Invitational for All Swimmers

The Copley Water Warriors will host the 17th Annual "On The Edge Of Time" invitational meet for all swimmers in YMCA programs from all Divisions. The objective of this event is to allow swimmers to make Zone qualifying times or better their own best times. There is no limit on the number of events or times a

swimmer or relay may swim. Hand timing will be utilized to improve a swimmer's chance of making a Zone qualifying time. The facility is well lighted, with ample seating, and a fast 25-yard, 6-lane pool with baffle lane lines on the sides. Additionally, there is ample parking right at the facility.

Copley is just south of the Montrose area, 35 minutes south of Cleveland.

Exit I-77 at the Ridgewood & Miller Road exit, exit 133, and proceed west on Ridgewood Road. (take a left at the light coming from the south, or a right at the top of the ramp if coming from the north.) Ridgewood road jogs right and left at Cleveland-Massillon Road. Continue to the west side of the school, where there is a large parking lot. The Pool entrance is just off the parking lot on the west end of the building.
