

2nd Revised Entry Criteria to Holiday Classic 2019

Unfortunately, Michael (meet director) wasn't quite clear enough in his e-mail: our constraints on the preliminary sessions are the number of swimmers, not the session lengths. So, we can only accept bonus events for swimmers already in the session, not bonus events that add swimmers .to a session. I apologize for the misunderstanding. Additionally, the Sunday age group session is at capacity and I've not been able to accept additional swimmers into that session.
