1. **The USA Swimming Online Meet Entry (OME) system will be used to process entries.** The system can be accessed from the USA Swimming website at www.usaswimming.org/ome. An account is required.

OME is the only method of entry for this meet, with the following exceptions:

- Fees for current Junior or Senior National qualifiers are waived in accordance with NMSI Rules and Regulations. Entries for these swimmers shall be submitted electronically by Hy-Tek Team Manager entry file emailed directly to the meet entry chair prior to the entry deadline of **11:59 pm on Thursday, February 23, 2017** so that fees for these entries are not paid in OME.
- Entries for swimmers achieving qualifying times at Last Chance meets may be submitted after OME entries have closed, subject to further requirements as detailed below.

DEADLINE: The OME system will be available www.usaswimming.org/OME from **Monday, January 23, 2017** through **11:59 PM on Thursday, February 23, 2017**.

There will be a \$200.00 fine to any club for late entries accepted by the Meet Referee/Meet Committee, regardless of excuse, payable to New Mexico Swimming, Inc.

The Online Meet Entry system does not accept Hy-Tek Team Manager files. The OME system is connected to the USA Swimming times and membership database and will provide entry times. To enter using a time that is not showing in the system, there is a custom time entry function in OME. A Team Manager event file will be published for each team to establish the qualifying profile for their athletes prior to using OME.

OME is not an eligibility report for athletes. Additions to entries will not be accepted based on forgetting to enter an event because the time did not show up in OME.

For questions about using OME, contact Anthony Buhr: abuhr@usaswimming.org, 719-866-3581.

The OME system processes payment by credit card. It will accept Visa, Master Card, American Express and Discover Card. Upon payment, a confirmation email will be sent providing a receipt and summary of the events entered.

Payment can also be mailed by check made payable to **Duke City Aquatics, Inc**, and post-marked no later than **February 24, 2017**. Entries are not in the meet until payment has been received. Late entries or late payments will not be accepted.

PAYMENTS GO TO:

Duke City Aquatics
4412 Rancho Largo NW
Albuquerque, NM 87120

2. **All entry times will be verified in SWIMS.** Swimmers entering an event with a faster time than shown in SWIMS must submit an Official Verification Form for that event. Verification forms must be complete with swimmer's first and last name, USA-S registration number, team, age, gender, event number, event title, entry time, and the date, name and pool altitude for the meet at which the claimed entry time was achieved.

For times achieved in approved or observed meets on any date, or in sanctioned meets that have not been entered in SWIMS, the swimmer or team must furnish a copy of the meet results to prove the entry times.

New Mexico Swimming 2017 Short Course Championship

If meet results are not available at the time the entries are submitted, they must be presented, with the times to be verified clearly marked, to the meet entry chair prior to the start of warm-up for the first session of the meet. Any entry for which the time has not been proven by the start of warm-up for the first session of the meet may be scratched.

The Administrative Referee will contact the Team Contact Person listed with the entries to resolve any discrepancies. Failure to resolve such discrepancies will result in referring the situation to the Meet Committee as specified in NMSI Rule 9.4 for resolution. Official Verification Forms are attached to this announcement.

3. Hard copy entry time verification forms, where required, must be received by Administrative Referee no later than **11:59 pm, Thursday, February 23, 2017**. With the exception of swimmers achieving qualifying times in a designated Last Chance Meet after the entry deadline, no late entries will be accepted. The B Championship meet is NOT ELIGIBLE for last chance qualifying times. The Meet Director of each Last Chance meet held the weekend prior to the Championship meet must transmit the meet results to the Administrative Referee by **8 pm, Sunday, February 24, 2017**. Coaches of swimmers achieving qualifying swims at Last Chance meets must submit entries to Administrative Referee by **8 pm, Sunday, February 24, 2017**. A hard copy of those entries—with accompanying meet entry fees—must be received by Championship Meet Entry Chair with a copy to the Administrative Referee no later than **2 pm, Tuesday, February 28, 2017**. Last Chance entry fees must be in the form of cashier's checks or team checks. Faster entry times for events in which a swimmer already has a qualifying time will not be accepted. Qualifying times achieved in meets prior to the entry deadline will not be accepted with last chance entries. Swimmers submitting qualifying times from Last Chance meets for events in which they are already entered will be entered in the meet with their originally-submitted entry times
4. **Entry Limits:** Swimmers may enter as many qualified events as desired, but may only compete in a total of seven (7) individual events during the entire meet with no more than three (3) individual events and one (1) relay during any one session. Note that any time trials event swum counts toward the overall total swims during the meet and during each session

USA Swimming scratch rules for Championship Meets (Ref. 207.11.6) will be used.

5. **Relay Entries:** All relay entries and entry fees must be submitted with a team's individual entries. No individual swimmer names are required on the relay entries at the time of electronic entry; however, all potential relay team swimmers must be included in the electronic entry to be eligible to swim on a relay for that team. Relay teams may not swim unattached. The number of relay teams allowed for each team shall be determined by the number of swimmers for that team qualified in individual events in their age group for this meet (*i.e.*, one to four swimmers entitles the team to one relay, five to eight swimmers entitles the team to two relay teams, nine to twelve swimmers entitles the team to three teams, etc.). Positive check-in will be required in accordance with CHECK-IN procedures outlined below. Prior to the start of each relay heat, the head timer on each lane will confirm the first and last names of competing swimmers, their ages, and their order of swim for the team in their lane for that heat, and no changes shall be permitted thereafter. Swimmers who fail to show up for a relay event will not be penalized.
6. **Altitude:** Entry times may be altitude adjusted to equivalent sea-level times according to the following USA-S table.

Altitude Adjustment (seconds)			
Distance (m or yd.)	3000-4250 ft.	4251-6500 ft.	Above 6500 ft.
200	0.50	1.20	1.60
400/500	2.50	5.00	7.00

New Mexico Swimming 2017 Short Course Championship

800 Free Relay	2.00	4.80	6.40
800/1000	5.00	10.00	15.00
1500/1650	11.00	23.00	32.50

NMSI does not recognize any other altitude adjustments. To adjust a time to its sea-level equivalent, subtract the appropriate adjustment time from the time actually achieved at altitude.

7. Event Seeding:

- a. All events will be seeded following the deadlines of the CHECK-IN & SCRATCH procedures described below.
- b. Heats of all individual events 400 yards or longer will be swum fastest to slowest and alternate between female heats and male heats. The last heat may be combined female and male in order to save time.

- e. **Swimmers in events 400 yards or longer are responsible for furnishing their own lap counters and 2 timers.**

- i. Prelims events will use a minimum of 8 lanes for competition. Finals events will use 8 lanes for competition.
- j. A time line will be published for guidance only.
