Numerous LSCs have recently set **Restrictions on Tech Suits for Age Group Swimmers.**

USAS recently began discussions on the subject at Convention.

NMS AG Chair support NMS moving forward with similar restrictions at the NM LSC level.

We are currently investigation and compiling the language used in these restrictions specifically from Southern California LSC who were the first to start the recent movement and Iowa the most recent to enact regulations. Several other LSCs have regulations going in front of their boards this session.
