

Academic credit through transformational experiences

Explorica is an accredited institution, so students can earn credit for their travel experiences. Our tours connect students with different cultures, providing lessons that can't be learned from a textbook. In fact, a study by the Student and Youth Travel Association found that educational travel increases students' tolerance, respectfulness and cultural awareness while improving academic performance back in the classroom.

Free high school credit

Students traveling on international tours can earn free high school credit by completing custom-designed online classes, during or after their tour.

College prep credit

High school students can also earn college prep credit for their tour experience. Two course options are available depending on the tour, providing 1 or 3 prep credits issued as an official transcript from our university partner, the University of California, San Diego Extension.
