

Financial support to help every student travel

We believe that all students should have the opportunity to experience the world, so we offer a variety of tools to help make our tours accessible to all families.

Financial assistance

Need-based financial assistance is available for most tours. One quick and confidential call to our Customer Care team can tell you how much assistance may be available for your particular travel program.

Online fundraising

We give every student their own fundraising page on explorica.com. With an average donation of \$100, students can quickly and easily raise significant funds using their favorite social channels.

Monthly payments

We offer easy, automated plans that allow you to spread out your tour fee into small monthly payments from a checking account or credit card. Enroll for just \$50, choose auto pay, and we'll do the rest.
