

Orinda Aquatics eScrip Notice 2017

eScrip is a free and easy fundraising program that automatically earns money for Orinda Aquatics through purchases made at eScrip merchants such as Diablo Foods, Lunardi's, Drivers Ed, and Macy's. Please support Orinda Aquatics by registering your Macy's card, and debit/credit cards, and eScrip merchants will make contributions to Orinda Aquatics based on your purchases--**at no cost to you!**

1. How do I register for eScrip?

Register online at <http://www.escrip.com> . Select "Sign up" if you were never signed up with eScrip before. (To update your previous eScrip account, go to #2 below.) Follow the steps online to sign up, selecting Orinda Aquatics, or our group ID 137294136.

Enter your Macy's Card and credit/debit cards. It is important to register your credit and debit card so Orinda Aquatics can receive donations from purchases.

2. What if I'm already registered with eScrip and support another organization (such as my elementary school)?

You can support up to three organizations, so you can **add Orinda Aquatics** or change your account to support only Orinda Aquatics (if for example you no longer have children in elementary school). Donations are divided equally among organizations if you support multiple groups.

To Add/Change to Orinda Aquatics: Visit <http://www.escrip.com/> and go to "my escrip," then after accessing your account with your password, go to "account administration" to update your "group selection." Select Orinda Aquatics Inc.; our group ID is 137294136.

OR for questions and help... email Orinda Aquatics' eScrip Coordinator, Catja McDonald, catja@comcast.net

3. How do I update my credit card information? Check to make sure it's current!

Go to <http://www.escrip.com/>, click on "my eScrip" and enter your personal ID# and password to review your account. Go to "Register credit and debit cards" and enter each card and card number. Don't worry - protecting your personal information is a top priority. The site has security measures in place to protect the loss, misuse, and alteration of information and uses state-of-the-art encryption. The web server and database reside behind a firewall in a secure datacenter with fault tolerance, offsite backup, and firewall protection. eScrip maintains a multi-tiered system with no direct access to the database.

How can I earn money for Orinda Aquatics by shopping online?

Start your online shopping by going through the eScrip Online Mall link on the eScrip website. All your online purchases from eScrip merchants (such as Amazon, Nordstrom, and Office Depot) will automatically earn money for us. Tell your family and friends to start here too! It costs nothing extra and you will have access to discount codes, shipping promotions, etc.

Can my friends and family support Orinda Aquatics with their purchases?

Absolutely! You need not be a parent to join the program. Ask the grandparents, friends, relatives, etc. to sign up...it's quick and easy, and it costs them nothing!

Why do businesses participate in eScrip?

It's a great way to build customer loyalty and contribute to their communities. When parents know that a merchant is going to donate to their student's school, most parents will be more likely to shop there.
