2:00pm- AMFY warm up session #1

2:25pm- AMFY warm up session #2, and HHY warm up

3:00pm- Meet starts

4:15pm- projected end time

AMFY Swimmers should arrive 15 minutes before the first AMFY warm up. We will take the first 18 kids that arrive and put them in warm up session #1, and the rest will swim in session #2

These sessions are very small and will be short, but we are taking extra time between every heat and a couple breaks during the sessions so swimmers have recovery time.

With the COVID-19 special guidelines,

- We need everyone to wear a mask. Swimmers should have their mask on at all times except when they are actively getting ready to get in/out of the water.
- We have to limit the number of people in the building AND limit the number of people on the pool deck.
- Upon arrival all will be screened at the door. This includes a temperature check and screening questions.

When you come in:

- Stop at the screening station at the main entrance.
- Next proceed to the gym/swimmer camp
 - We have outlined square boxes in the gym for you to wait for warm ups and races. One box per family. You may bring chairs/blankets for use in your box.
 - Please remain in your box unless it's time to swim or someone needs to use the restroom
 - We will attempt to have a video feed of the pool area in the swimmer camp for everyone to watch the meet from there.
- When it is time for warm ups:
 - Please enter the pool area through the locker rooms
 - Please exit the pool area through the doors behind the blocks
- When it is time for a race:
 - Please go to the bullpen. All swimmers MUST go to the bullpen.
 - NOTE: This will not be an ordinary bullpen. We will organize one or two heats in the gym/hallway area, then progress one heat into the pool area to stand on the side while another heat is in the water.
 - If a spectator wants to attend a race with the swimmer, he/she must go through the bullpen with the swimmer.
 - We will carefully proceed heats through the locker rooms and into the pool area when it is time.
 - We must wait until the preceding heat has finished, exited the water and left the pool area before we will let the next heat behind the blocks.
 - Spectators may watch the races from behind the blocks. Please only remain behind the blocks if your swimmer is swimming. Please leave the pool area with your swimmer once their race is over.
 - **NOTE: Due to SafeSport rules, there can be no cell phone or photography behind the blocks.**

General notes

- If possible, swimmers should arrive wearing swim suits and leave wearing suits. We want to keep locker room use to a minimum.
- We are asking families to limit the non-swimmers who enter the building. We prefer only one parent/guardian per swimmer competing.
- Only ONE spectator per swimmer competing will be permitted on pool deck. The spectator must go to the bullpen with his/her swimmer and enter the pool area with the swimmer. The spectator will watch the race from behind the block and will leave the pool area with the swimmer.
 - We are attempting to have video and audio feed of the races to the swimmer camp in the gym for those to watch who cannot be on deck.
- We will not have a concession stand. Please bring a waterbottle for swimmers and a snack
- The sessions are very short! Swimmers may not have long between their races.
 - However, we will be taking a lot of extra time between races and will have 2 breaks built in during each session.
- Once your swimmer is done with his/her events, we ask that you leave the building as soon as you can so we can clean and prepare for the next session.
