

NAAC Swim Team Fundraiser

Purpose

We are holding this swimming fundraiser in order to raise funds for several items that will improve all of our swimmers experiences with NAAC and help all of our swimmers be better able to practice better/harder in order to swim faster! The funds we raise will go toward:

1. The installation of a very large ceiling fan to be installed this summer directly over the pool, which will greatly help improve air quality for our swimmers by regularly circulating the air over and around the pool surface. This should reduce and/or eliminate the coughing that sometimes occurs due to air quality issues at practices and so improve the general quality of all of our practices.
2. The purchase and installation of several new, wirelessly linked pace clocks which will improve pace clock visibility across the entire pool area and allow for a more seamless practice experience.
3. The possible future installation of a new doorway to be added at the West end of the pool, in place of one of the windows behind the starting blocks, which will allow for smoother access to the pool area during the four NAAC meets that we now host each year. This will increase swimmer safety and comfort and will allow for a smoother meet experience for swimmers and spectators alike.
4. Possible deck equipment replacement (pull buoys, hand paddles) and/or possible new deck equipment, dependent on board approval.

The cost for items number 1 and 2 will be close to \$25,000, and any remainder will be saved for item 3 and/or used for item 4. So we have a \$25,000 minimum goal for our first NAAC fundraiser - let's all pitch in and get our fundraising info out to as many family and friends as we can so that we can improve all of our swimmers practice experiences and make NAAC an even better place to be!

Plan

All of our NAAC swimmers in each of our 8 groups, from Breaker through Elite, will swim as fast as they can for as long as they can at a specified practice the first week of May 2016. Goal distances will be determined per group by the coaches and we will all push as hard as we can in order to show our thanks and earn the funds pledged. We will post a link for a follow up video to show all of our hard work as well!

Thanks for your donation and for helping to improve the NAAC experience!!!

Thanks - John C
