

\$1 BAR

WORLD'S FINEST MOST POPULAR FUNDRAISER

Since 1949, people have come to rely on our \$1 bar as their primary way to fundraise. We still offer this option today, and it is as popular as ever! Here are some benefits of our \$1 bars:

- Everyone has \$1. Your supporters are happy to purchase a fundraiser for this reasonable price.
- Up to 50% profit on all \$1 products sold.
- They're as good as you remember. Not only are our \$1 bars affordable, but they're also a premium quality chocolate, so you're getting a great value.
- Assorted flavors for all tastes.
- You can't find them in stores. Our \$1 fundraising bars can't be found in retail stores like some of the other brands out there, so your supporters know they are getting something special.
- There's always a reason to buy more. Unlike wrapping paper and other household goods you can purchase through fundraisers, our \$1 bars will not sit around your supporter's house, unused. They're so delicious that people will consume them right away and have a reason to buy more from you!
