

ANNUAL PAUL E. TSONGAS AWARD

On Overwhelming Odds:

“Overwhelming simply describes the gap between the will needed to do something and the will available to do it.”

- Paul E. Tsongas

The award is presented in memory of Paul E. Tsongas, a former U.S. Senator, United States Presidential candidate (1991) and a swimmer (Dartmouth) from the State of Massachusetts.

**According to recognized aeronautical tests, the Bumblebee cannot fly because of the shape and weight of its body in relation to the total wing area. The Bumblebee doesn't know this so it goes and flies anyway!*

*Awarded each year to the one BCST swimmer whose participation symbolizes commitment to excellence in competitive swimming: a commitment to the team, a commitment to teammates, and the acceptance of a personal role in the pursuit of excellence.
