

A swimmer's goal can be achieved with a smooth relationship between parent's coaches and club officers. Parental cooperation is necessary for this club to function. Help is always needed in supplying food for our concessions at our home meets, fundraising, and working on committees doing the organizational jobs. A successful sport experience depends on parents, non-swimmers and guests playing the right role on the parent-athlete-coach team.

Being a member of the Bend Swim Club (BSC) is considered a privilege. Parent/Guardian members of the BSC are expected to conduct themselves in accordance with the highest ethical standards by displaying good sportsmanship, honesty, integrity and proper respect for coaches, swimmers, other parents, and officials.

**Parent Code of Conduct**

By signing this code of conduct I agree to adhere to the following statements.

1. I will set the right example for my children by demonstrating sportsmanship and showing common courtesy and respect to team members, coaches, competitors, officials, and facilities.
2. I will not coach my children or others.
3. If I need to speak with a coach I will do so outside of practice and not interrupt them while they are coaching.
4. I will support the coaches, their training and their decisions as well as maintain high integrity and respect for their rights and efforts.
5. I will support the BSC by getting involved thru volunteering out at swim meets, fundraisers, etc.
6. I understand and will display appropriate meet behavior.
7. I will not engage in any other conduct deemed "detrimental to the team".
8. I will direct my concerns to the group coach first, then to the head coach, then to the board.

**Discipline**

Any behavior or conduct by a parent deemed to be unsportsmanlike, inappropriate or detrimental to the BSC will not be tolerated. Consequences for such unacceptable behavior may include, but are not limited to swimmer suspension and family expulsion as determined by the head coach in consultation with the board.
