

COVID-19 Safety and Drop Off & Pick Up Procedures - Splashers

Effective Sept 20, 2021

The health and safety of our swimmers, coaches and community are paramount during the COVID-19 outbreak. The following procedures must be followed until further notice for lessons participants. Please ensure that your family understands the following procedures and read all communications from Splash Club during this time to receive important safety updates. Questions? Please contact [Coach Chad](#).or [Coach Jenny](#).

Facility Entrance

Swimmers and parents are required to enter the facility via the South Lobby doors located on the plaza. These are the only doors that may be used to enter or exit the facility for lessons. (See [map](#))

Limited Facility Patrons

Parents are encouraged to watch lessons. To limit the amount of traffic in the facility, we ask that only 1 parent attend lessons with their child. We prefer that siblings and other guests remain at home so that we can limit the number of patrons in the facility. Parents/spectators will need to sit in the bleachers during class.

Timely Drop Off & Pick Up

If parents are dropping off their swimmers, they must be dropped off and picked up in the lobby.

Swimmers in the On Your Mark group must have a parent in attendance during the lesson and may not be dropped off. Please ensure your child is dropped off and picked up on time.

Symptoms of Illness

Swimmers and parents/spectators must NOT enter the facility if they are displaying any symptoms of illness, if they are in quarantine, or have been in close contact with someone who has COVID-19.

Masks Required

Swimmers and parents/spectators are required to wear face coverings while in the facility (except in the water). Instructors will wear face shields during water instruction time.
