

Splashers Safety and Drop Off & Pick Up Procedures (11/29/2021)

Entrance & Parking: Please enter the Aquatics Center using the South Lobby doors located on the plaza.

View Entrance & Parking [Map](#) | [Facility Info](#)

Safety Hazard: There is demolition/construction taking place on the plaza outside the pool entrance. This area is fenced off. All lessons participants/visitors should obey all barriers and signage and all participants/spectators should be watchful and exercise caution in this area.

COVID-19 & Illness: Masks are currently not required. If participants or members of their household are displaying symptoms of COVID-19 infection or have been exposed to someone with a COVID-19 infection, do not send your child to class. COVID-19 safety measures can change and will be communicated via email.

Drop Off & Pick Up: Lessons participants should be escorted to and from the lobby. Your child should wait inside the pool lobby after lessons if a parent/guardian hasn't arrived to pick the child up. Note that children are unsupervised if they are waiting outdoors because our staff members are on deck coaching—please remind your child that they should not wait outdoors.

Security Desk/Facility Access: All lessons participants must check in at the Security Desk in the South Lobby.

Parent/Spectator Seating: Parents of younger lessons participants should remain in the facility for the duration of the lesson. The Aquatic Center bleachers will be open for spectator seating.
