

Updated 1/5/2022

SwimTulsa's COVID-19 Policy (In keeping with Union Public School's Plan)

The new process, in full, for those who test positive for COVID is as follows:

- Students and staff with COVID-19 should isolate for 5 days from the date of the positive test.
- If they are asymptomatic or their symptoms are resolving, without fever for 24 hours, they may return to school on the 6th day.
- A mask must be worn for the first five days (days 6-10) they are back at school to minimize the risk of infecting people they encounter. The mask is required, even if a mask exemption was requested.
- If symptoms have not improved or if the student or staff member has had a fever in the past 24 hours, they should remain in isolation until they meet the above criteria.
- This plan will be updated in compliance with Union Public Schools. (Updated 1/5/2022)
