

# **Saluki Swim Club News and Notes**

## **- November 2013**

### **Upcoming schedule changes:**

There will be no practice on Friday, Nov. 22 and Saturday, Nov. 23 due to the fact that we will be hosting the Ozark A Championship Meet.

Thanksgiving week practice schedule: Monday 11/25 and Tuesday 11/26 practice at the normally scheduled times. No practice on Wednesday 11/27, Thursday 11/28 and Friday 11/29. Practice at the normally scheduled time on Saturday 11/30.

### **Parent worker signups for Ozark A Champs Meet and Saluki Merry Swim Invite.**

Volunteer worker sign ups are open for both the Ozark A Championship Meet and the Saluki Merry Swim Invite. These are the last two opportunities to earn worker credit for the Fall session. We will need a limited number of workers for the Ozark A Championship meet and we will need a full group of workers for the Saluki Merry Swim Invite. We do not have a lot of swimmers in the Ozark A Championship Meet, but anyone is eligible to work the meet even if you do not have swimmers in the meet. It is also a great opportunity to see what a high level championship meet looks like. Also any meet we host provides funds for Saluki Swim Club which benefits all of us.

## **Swim Practice and the Rec Center**

Saluki Swim Club rents pool space from the SIU Rec Center. We only use the 9 lanes of the pool near the women's locker room. Our swimmers do not have Rec Center memberships, only the privilege of using the pool during our practice time. If swimmers want to use the diving boards or other areas of the pool outside of their practice time, then they need to have a Rec Center membership or pay the daily rate to use the pool. Also, swimmers are only supervised by the Saluki Swim Club Coaching Staff during their practice times. The coaches are not able to watch swimmers after their groups end because they are supervising the next group of swimmers. We only bring this up because we are trying to follow the Rec Center rules and we are concerned about the safety of our swimmers.
