

## PASA / DZ SWIM

### Team Policies / Rules for use of Foothills Tennis & Swim Club

FTSC is a Member owned Club and we (PASA/DZ SWIM, INC) are guests, renting pool space from the club. Besides the pool and locker room, PASA members should not use the club as their own. Here are the rules that must be followed:

- Drop off policy. FTSC requests that swimmers in all competitive groups for ages 9 and up be dropped off for swim practices. For swimmers in our Pre-competitive groups through our Racers group parents are encouraged to drop off but may sit in the designated PASA section of the club.
- Parents/guardians/caregiver's are not allowed to use of the main clubhouse / kids lounge. This includes rainy days – or use for personal work purposes
- Parents/guardians/caregiver's must sit in the designated PASA area – not to pass the shallow end of the pool. This includes not sitting in the fire pit areas.
- No use of the FTSC member amenities: Showers, baby pool, playground, coffee/tea, basketball court or tennis courts.
- Parents/guardians/caregiver's are not allowed to walk around /exercise on the club grounds.
- Parents/guardians/caregiver's are permitted to arrive at Foothills no earlier than 15 minutes before the start of practice and shall depart no later than 15 minutes after the end of practice.
- PASA swimmers will be given access to the locker rooms to change, but all swim bags need to be left in the designated cubbies off the sport court and away from the walkways.
- Parents/guardians/caregiver's are not to prop open the club's gates unless authorized by the staff of FTSC.

**Our relationship with the pools that we rent is essential for our program's success. Please help us keep everything positive and constructive.**

I have read and understand the FTSC rules set for our PASA team. Our family and caregivers will follow them to keep PASA's relationship with the club in good standing. I understand that if I do not follow the rules my involvement with the team may be terminated.
