

Just a few updates as we wrap up this second week.

Next Saturday, Sept. 26 from 5:30-7:30 pm Matt and Joann Murray are opening up their backyard and patio to an in person coaches get together. It is BYO Everything. Please feel free to bring something to share and BYOB to drink. If we all bring a box of cookies that is fine but if you want to share your cream puffs or deviled eggs that you are famous for, no one will say no. Wear a mask or at least bring one so everyone is comfortable. This is just an informal social get together so we can see each other and not be on deck.

Thursday Sept. 24 is the new parent meeting on zoom. Here is the link and it starts at 8 pm. Jeff and Matt will be leading it along with Paul, Ken, Marye and coaches from each individual site. <https://us02web.zoom.us/j/83956743152>
Just as a reminder while it is for new parents, it is open to everyone and the email went out to all the families.

Time trials this coming week. Try to get all your swimmers to race a few events. Other than AG1 that is being offered 25's everyone should be doing 50's this month. No tech suits, just racing and recording times. If we don't have an actual sign up on Team Unify just make a list or create a list of your swimmers and their swims then try to get it to Paul Makin next Friday. The next set of time trials has been moved up to start the week of Oct. 12th. That will be 100's.

Keep up the good work checking all your swimmers in and keeping records of temps and attendance both on paper and On Deck. Remember to keep them socially distant especially as we start time trials.

If you haven't responded to the coaches outfitting google form today is the deadline, if you don't do it today you will not be outfitted. Please do that if you haven't. The email went out last week.

Today we are sending out an email to all our J&M families regarding helping William & Mary swim and dive. I have attached it to this email so we all see it.

Thanks and have a great weekend,
Trish
