

Pleasant Hill Dolphins
2018 Battle of the Ages
Volunteer Information

Timers:

Each team will be assigned timing responsibilities for 1 lane for 1 day. Teams will be responsible for providing timers for the lane they are assigned for the full day. It is up to an individual team how long the individual shifts should be. We anticipate the meet ending around 4:00 and more exact time frames will be provided when entries are complete. Relief timers will be the responsibility of the team and its members. If you would prefer a specific day for timing duties please contact us directly.

We will be using the Colorado Timing System. There will be 3 (three) timers in each lane. The first timer will be pushing a plunger and getting a backup time with a hand watch. The second timer will be pushing the plunger and recording the backup time on a pre-printed timesheet. The third timer will be pushing a plunger and when the swimmer in their lane wins the heat they will hand them a “heat winner” award. It is also the responsibility of the timers to verify the name of the swimmer against the one on the pre-printed timesheet and make corrections as necessary. Timing assignments will be shared prior to the meet and posted at the pool. They will also be available on the Dolphins website. Timers will go directly to their lane when it is announced for the timers to report (Approx. 8:45 AM); if they need to check-in for your own team’s process please have them check in with that person prior to reporting to their lane.

Stroke & Turn

Each team will provide 2 Stroke and Turn judges per day. Judges will work on a rotational basis. All judges must attend a meeting each morning prior to the start of the meet with the Head Referee and Head Stroke & Turn. The meeting will be held at 8:30 AM each morning. Please make sure that your judges get a copy of the enclosed Stroke and Turn procedures prior to the meet.

Clerk

We need help checking in swimmers at the clerk of the course during the meet. We are asking each team to help out with 1 volunteer for each day for a 2-hour shift.

Thank you for helping us run a safe and fun meet for our swimmers.
