## **Register and Pay by March 1 to save \$50 (12 days left)**

Members who are fully paid by March 1 save \$50 on the \$150 capital improvement fee. Between March and May, the fee is reduced to \$125. After May 1, all memberships fees are full rate. Click here to see the full list of Membership Fee Schedule. Questions about new or existing memberships should be sent to [membership@lpswimclub.org](mailto:membership@lpswimclub.org).

## **Board Members and Volunteers Always Needed**

The dedication of board members and volunteers has helped this swim club thrive for more than 50 years. We always need talent and expertise, especially in facilities and grounds. When the weather warms up in April, we will host weekend clean-up/painting and planting crews.

We also need help reaching out and introducing new members to our club. If you participate in a parent group and would like to arrange an LPSC visit day, contact [membership@lpsc.org](mailto:membership@lpsc.org). We can see if there is a day that works for your schedule. If people are looking for a chance to try out the club without making a bond commitment, let them know that we offer August memberships as well as several trial Friday nights throughout the summer.

Thank you for your continued support.  
LPSC Board
