

Hello everyone!

As many of you know, the WIAA voted to have sports this fall, but start dates have been changed for each sport. I have been holding out getting some information to you regarding practice and meet schedule revisions hoping to have a clearer picture of what the season is going to look like for us. I have some answers for you with regards to practice schedules. The meet schedule is being reworked and the WIAA doesn't have any idea at this point what the post season tournament schedule is going to look like.

I will start with the known and we will continue to work through the unknown as we get more information. The only things that I can promise is that we will work hard, have fun, compete when we are allowed to, and try to have as close to a "normal" high school season as we can.

*****Revised start date for Girls Swimming & Diving: Monday, August 17, 2020*****
